Section 1. EOC Activation

1.1 EOC Purpose

The Solano County EOC is the centralized facility through which the operational area responders will coordinate all emergency related services. The Operational Area EOC has the capability of serving as the central point for:

- Coordination with local governments within the operational area

- Information gathering and dissemination within the operational area.

- Reporting of information to the regional level

- Coordination with the Regional EOC and other operational areas

1.2 EOC Facilities

1.2.1 Main EOC Facility

Table 1-1 provides location and logistics data useful for activating the EOC. Figure 1-1 shows the EOC location and the surrounding areas.

1.2.3 Initial Response

Initial field response operations will be accomplished by the appropriate County agencies, Solano Operational Area member jurisdictions, volunteer agencies, and segments of the private sector. During initial response operations, Solano County field responders will place emphasis on saving lives, property, and the environment, controlling the situation, and minimizing the effects of the emergency. The Incident Command System will be used to manage and control the response operations.

The disaster/event may be controlled solely by County emergency responders or with other agencies through the mutual aid system. If the resources available at the field response level are not sufficient to mitigate the situation, the Incident Commander may request that the Solano County Emergency Operations Plan, or the Emergency Operations Center, be activated to support the field operations.

Field Reports. A field report is provided by the incident responders and includes information concerning the nature, severity, and extent of the situation. The information will be used to assess the extent of the disaster/event and determine the appropriate level of response for the County. [A Field Damage Estimate Procedures form is included in the Forms and Tools section of the EOP.]

1.2.4 Levels of EOC Activation

The Solano County EOC may be activated as needed to support Solano County emergency operations. The EOC may be activated by one of the following County employees:

- Solano County Director of Emergency Services (County Administrator)

- Deputy Director of Emergency Services (Emergency Services Manager)

- Assistant Director (Sheriff)

- Field Incident Commander, with approval from any of the above.

The Solano County EOC is also the EOC for the Solano County Operational Area (OA). Standard Emergency Management System (SEMS) regulation specifies seven circumstances in which the operational area EOC must be activated and SEMS used. The operational area EOC will be activated when:

- A local government within the operational area has activated its EOC and requested activation of the operational area EOC to support their emergency operations.

- Two or more cities within the operational area have declared or proclaimed a local emergency.

- The County and one or more cities have declared or proclaimed a local emergency.

- A city and/or county have requested a governor's proclamation of a state of emergency.

- A state of emergency is proclaimed by the governor for the County or two or more cities within the operational area.

- The operational area is requesting resources from outside its boundaries. This does not include resources used in normal day-to-day operations that are obtained through existing mutual aid agreements.

- The operational area has received resource requests from outside its boundaries. This does not include resources used in normal day-to-day operations which are obtained through existing mutual aid agreements.

The Solano County Operational Area has developed EOC activation criteria that include conditions based on a hazard analysis as well as regulatory requirements. The goal is a rapid EOC activation when operational area involvement will be needed.

Three levels of activation have been identified that will provide EOC staffing commensurate with the coordination needs of varying emergency situations. Table 1-3 contains the activation criteria for the Solano County EOC.

Table 1-3: Solano County EOC Activation Criteria

Event/Situation	Activation Level	Minimum Staffing
• Severe Weather Advisory • Small incidents involving 2 or more county departments • Earthquake Advisory • Flood Watch • Activation requested by a local government with activated EOC • Terrorism threat or incident	**One**	• Emergency Services Manager • Solano OES Staff • Department Representatives as required

• Moderate Earthquake
• Major wildfire affecting developed area
• Major wind or rain storm
• Two or more large incidents involving two or more departments
• Imminent Earthquake Alert
• Local emergency declared or proclaimed by:
  ○ Two or more cities
  ○ The county and one or more cities
• A city or the county requests a governor's proclamation of a state of emergency
• A state of emergency is proclaimed by the governor for the county or two or more cities
• Terrorism threat or incident
	Two	• Emergency Services Manager
		• Solano OES Staff
		• All Section Chief
		• Branches and Units as appropriate to situation
		• Agency Representatives as appropriate

• Major county wide or regional emergency, Multiple departments with heavy resource involvement • Major Earthquake • Terrorism threat or incident	**Three**	• All EOC Positions

1.3 Notification – EOC Emergency Recall List

If activation is required, the Solano Dispatch will notify everyone on the EOC Recall List and provide directions to the primary EOC. If the primary EOC is not available or is inaccessible, the alternate EOC will be activated.

The EOC Emergency Recall List includes personnel who are part of each SEMS function in the County Emergency Operations Center, as well as other technical support employees of the County. The Emergency

Recall List is to be activated and implemented when an emergency or disaster affects the County of Solano and poses a major threat to life, property, and/or the environment.

Maintenance of Emergency Recall List. The Solano County Administrator maintains the Emergency Recall List. The Solano County Office of Emergency Services ensures that Solano Dispatch, the Emergency Services Manager, and the Assistant Emergency Services Manager have current copies of the Emergency Recall List. The Emergency Recall list is activated by Solano County Dispatch and will only be implemented when directed by one of the following County employees:

- Solano County Director of Emergency Services (County Administrator)

- Assistant Director (Sheriff)

- Deputy Director of Emergency Services (Emergency Services Manager)

- Field Incident Commander, with approval from any of the above

1.4 Notification Implementation

Once activation is requested and properly authorized, the Emergency Recall List will be implemented by Solano County Dispatch personnel. Notifications and alerts begin with the Deputy Director of Emergency Services (Solano OES Emergency Services Manager). If the Solano OES Manager cannot be reached, other directors will be contacted until someone is reached to assume the Director of Emergency Services position.

The dispatchers will provide the Director of Emergency Services with a complete status of the incident or disaster, identifying damage sustained, current response actions, resource status, etc. Based on the information provided by the dispatcher, the Director of Emergency Services will determine what parts of the Emergency Alert List will be implemented, including what sections of the Solano County Emergency Operations Center will be activated and requested to respond.

Additionally, the Director of Emergency Services, when appropriate, will personally contact and inform the Solano County Board of Supervisors of the situation in the County. The Director may request that the dispatchers notify the County Board of Supervisors.

The Solano County Emergency Recall List consists of the following sections:

- Management/Command – County Administrator, Sheriff, Emergency Services Manager

- Operations – Combinations of Departments

- Planning – Resource Management

- Finance – Auditor/Controller's Office

- Logistics – General Services

1.5 Recalled Personnel

When notified of an Emergency Recall, personnel should notify their families, retrieve their emergency operations kit, and report to the designated Solano County Emergency Operations Center. Personnel should be prepared for a lengthy stay, which will be dependent upon the nature of the disaster and its expected duration.

It is the responsibility of each department head to assign three (3) alternates for each key position. It is also the department head's responsibility to ensure that all designated alternates have knowledge and training in their EOC assigned job functions. The Office of Emergency Services will assist each department in Emergency Operations training.

Section 2. EOC Operations

2.1 Summary of EOC Operations

The Standard Emergency Management System (SEMS) is state law, and under SEMS regulations, Solano County is established as an Operational Area, one of the five SEMS levels, for use in all emergencies and disasters involving multiple agencies or multiple jurisdictions.

As an Operational Area, Solano County is an intermediate level of the state's emergency services organization that encompasses the county and all political subdivisions. The Operational Area manages and coordinates information, resources and priorities among local governments within the operational area, and serves as the coordination and communication link between the Local Government Level and the Regional Level through the Office of Emergency Services.

All local governments, and most special districts within the geographic area of Solano County are part of the same Operational Area.

The Solano County government is the Lead Agency of the operational area, and is responsible for:

- Coordinating information, resources and priorities among the local governments within the operational area

- Coordinating information, resources and priorities between the regional level and the local government level

- Using inter-agency coordination to facilitate decisions for overall operational area level emergency response activities

The role of the operational area lead agency does not change the coordination of discipline-specific resources, such as fire, law, and medical/health, through their established mutual aid systems.

2.2 Emergency Operations Center Protocols

An EOC provides a central location of authority and information, and allows for face-to-face coordination among personnel who must make emergency decisions. The following functions are performed in the Solano County EOC:

- Managing and coordinating emergency operations.
- Receiving and disseminating warning information.
- Developing emergency policies and procedures.
- Collecting intelligence from, and disseminating information to, the various EOC representatives, and, as appropriate, to State agencies, military, and federal agencies.

- Preparing intelligence/information summaries, situation reports, operational reports, and other reports as required.

- Maintaining general and specific maps, information display boards, and other data pertaining to emergency operations.

- Continuing analysis and evaluation of all data pertaining to emergency operations.

- Controlling and coordinating, within established policy, the operational and logistical support of departmental resources committed to the emergency.

- Maintaining contact and coordination with support DOCs, other local government EOCs, and the Cal OES Coastal Region REOC.

- Providing emergency information and instructions to the public, making official releases to the news media and the scheduling of press conferences as necessary.

Departments with critical response functions may also activate their Department Operation Centers (DOC) that act as conduits of information between field operations and the EOC.

2.3 Management Organization

The SEMS regulation requires operational areas to provide for five functions: command, operations, planning, logistics, and finance/administration. These functions, as seen in Table 2-1 are the basis for structuring the operational area EOC organization.

Table 2-1: SEMS Functions and Roles

Primary SEMS Function	Role at the Operational Area Level
Management/Command	Responsible for overall emergency policy and coordination through the joint efforts of governmental agencies and private organizations
Operations	Responsible for coordinating support to local government's emergency response, coordinating inter-jurisdictional responses, and coordinating county-wide activities through implementation of the operational area action plan
Planning	Responsible for collecting, evaluating, and disseminating information; developing the operational area action plan in coordination with other functions; and maintaining documentation
Logistics	Responsible for providing facilities, services, personnel, equipment, vehicles, and materials to support the emergency response
Finance/Administration	Responsible for financial and other administrative activities, including documenting all costs and expenditures associated with a declared disaster

The organizational structure for the operational area EOC provides for:

- Representatives from local governments within the operational area

- A Field Representative sent by REOC

- Operational Area Mutual Aid Coordinators or their representatives from discipline-specific mutual aid systems

- Coordinators for other major functions needed for mutual aid and inter-jurisdictional coordination

- Representatives from other agencies, community based organizations, private sector and volunteer service programs to function as liaison between their organizations and the operational area EOC

- Other functions as needed to carry out the local government responsibilities of the lead agency (in a combined operational area and county or other lead agency EOC)

2.4 Resource Management

Resource requests from local governments and requests to the regional level will be made through one of the following processes:

- Discipline-specific mutual aid systems: requests for resources that are normally within the inventories of the mutual aid system will go from local coordinator to Operational Area Mutual Aid Coordinator to Regional Mutual Aid Coordinator.

- All other resource requests will be made through appropriate branches in the Operations Section who will then initiate the resource request through the Logistics Section at each level with emphasis on the need for lateral coordination with other EOC functions.

Resource requests from local governments will be coordinated within the Operational Area to determine if the resource is available from other local governments or other sources within the Operational Area. Available resources will be allocated to the requesting local government.

If requests for a specific resource exceed the supply, the available resources will be allocated by the Operations Section consistent with priorities established through the action planning process. The Management/Command Staff is responsible for ensuring that priorities are followed.

Resources not available within the operational area will be requested through the regional level. Resource requests should be coordinated internally at the operational area level before being placed to the regional level.

Functional coordinators in Operations and Logistics are responsible for tracking resource requests.

2.5 EOC Information Management

Within the Solano County EOC, the EOC Message Form will be used to provide written communications between the Sections, Branches and Units. Each Section, Branch and Unit will use this form to order disaster/event related resources and to record information to be transmitted to other Sections/Branches/Units. The message system provides an audit trail of all pertinent information necessary to document the actions taken by the County during the response to a disaster, rather than every word uttered between the various EOC Staff.

The EOC Message Form will not replace face-to-face communications, but will ensure a paper trail of critical verbal communication is maintained, if not recorded on the individual's or Section's/Branches'/Units' duty logs (found in the Response Information Management System). A copy of the Solano County EOC Message Form is located in the Form and Tools section of this plan.

Acting as the Operational Area, Solano County coordinates emergency activities within the Operational Area, augmenting, not replacing, any member jurisdiction's emergency operations. It also serves as the communications link between the State's Coastal Region Emergency Operating Center (Mutual Aid Region) and the operating centers of the Solano Operational Area member jurisdictions. It provides a single point of contact for information on the emergency situation, as well as resource needs and priorities.

Transmission of information to the State's Coastal Region Emergency Operations Center will be accomplished electronically. If the regular telephone lines servicing the County are not operable, the Operational Area Satellite Information System (OASIS) will be used to establish the link to the network server, allowing the County to transmit the data to the State.

Critical information from the County of Solano and the Solano Operational Area will be submitted to the State's Coastal Region EOC on a Preliminary Report, Situation Summary, Status Report, and a Flash Report.

Preliminary Report. The Preliminary Report form will be used by the County to transmit information to the State's Coastal Region Emergency Operations Center during the first two hours after an event.

Situation Summary. The Situation summary is an assessment of the emergency and identifies major incidents/problems and response and recovery priorities. It is intended for use after the first two hours of an event.

Status Report. The Status Report is informational, providing data about the effects of the emergency in several categories. The Status Report and Situation Summary will be transmitted to the State together.

Flash Report. The Flash Report is used to transmit vital and/or time-sensitive information between the State and County/Operational Area outside regularly scheduled Situation Summaries and Status Reports.

Resource requests will be made through one of the following processes:

- Discipline-specific mutual aid systems: Requests for resources that are normally within the inventories of the mutual aid system will go from Local Coordinator to Operational Area Mutual Aid Coordinator to the Regional Mutual Aid Coordinator.

- All other resource requests will be made through the operations and logistics functions at each level.

Resource requests from jurisdictions within the OA will be coordinated to determine if the resource is available from other local governments or other sources within the OA. Mutual Aid Coordinators at each level will keep the Operations Chiefs informed of the status of resource requests and allocations. Mutual Aid Coordinators at each level will communicate and coordinate with each other to maintain current status on resource requests and allocations within the disaster area.

Resource requests from Solano Operational Area members are usually submitted through CALEOC. Available resources will be allocated to the requesting local government. If requests for a specific resource exceed the supply, the available resources will be allocated consistent with the priorities established through the action planning process. The Section Chiefs of the County EOC are responsible for ensuring that priorities are followed.

Resources that are not available within the Operational Area will be requested through the regional level, the State's Coastal Region EOC. Resource requests should be coordinated internally at the Operational Area level before being forwarded to the regional level. The Resource Status Unit Leader in the Logistics Section, in coordination with various Operations Branches, is responsible for tracking resource requests.

CalEOC. The purpose of CalEOC is to maintain an accurate flow of information, and to improve the County Office of Emergency Services' ability to respond to major disasters. The system will increase their level of service and efficiency by improving their ability to respond to, manage and coordinate requests for resources; and collect, process, and disseminate information during and after a disaster.

Each computer in the County Emergency Operations Center has CALEOC capability. The following reports or requests will be provided to the Governor's Office of Emergency Services via CALEOC during and after the emergency or disaster:

- Situation Status Reports

- Mutual Aid Requests

- Local Declarations, Gubernatorial, and Presidential Declaration requests

- After Action/Corrective Action Reports

Operational Area Satellite Information System (OASIS). The Operational Area Satellite Information System (OASIS) has a low susceptibility to geologic hazards and is independent of the public telephone system. OASIS is intended to be a backup to the existing Solano County communication resources, which include a county-wide radio system, amateur radio systems, and digital packet radio for data communications.

The major component of the system is the satellite communications system. The Solano County dish antenna is located on the roof of the county jail. Desktop phone sets provide access to the system and are located in the Solano County EOC and at Solano County Sheriff's Office Dispatch Center. Cal OES will operate the OASIS hub site during disasters. The State is responsible for all maintenance of the system.

2.6 EOC Action Planning

The use of action plans in the Solano County EOC ensures a clear and measurable process for identifying objectives and priorities for a given event. Action planning is an important management tool that involves:

- A process for identifying priorities and objectives for emergency response or recovery efforts

- Plans which document the priorities and objectives, and the tasks and personnel assignments associated with meeting the objectives

The action planning process should involve the EOC Director and Section Chiefs (which includes the Chiefs of each Section), along with other EOC staff, as needed, such as special districts, and other agency representatives.

The Planning Section is responsible for facilitating the action planning meeting and completing and distributing the action plan. Action plans are developed for a specified operational period, which may range from a few hours to 24 hours. The operational period is determined by first establishing a set of priority actions that need to be performed. A reasonable time frame is then established for accomplishing those actions.

The action plans need not be complex, but should be sufficiently detailed to guide EOC elements in implementing the priority actions. Guidelines for developing action plans and an action plan format are contained in the Forms and Tools section.

2.7 EOC Coordination

Inter-agency coordination inside and outside the EOC is important for:

- Establishing overall priorities
- Allocating critical resources
- Development of strategies for handling multi-agency and multi-jurisdictional response problems
- Sharing information
- Facilitating communications

Inter-agency coordination is an integral part of the functioning of an operational area EOC. The EOC is staffed by representatives from the departments and agencies working together to coordinate the operational area's emergency response. Agency representatives from local governments including special

districts, community based organizations, volunteer services programs (VSPs), and private organizations, may also participate with EOC functional elements in coordinating the operational area response effort. Coordination with agencies not represented in the EOC may be accomplished through telecommunications, satellite, or other electronic means.

2.7.1 Field Responders

Since the Solano County EOC is also the Solano Operational Area's operating center, communications and coordination must be established with County field responders who are responding to both incorporated and unincorporated parts of the County. When no Departmental Operations Centers (DOCs) are activated, the Incident Commander(s) operating in the field will report directly to the Operations Section Chief in the County EOC, via the Solano County dispatchers or through other methods that are available.

When County Departments have activated their DOCs, the Field Incident Commander will continue to report directly to the Operations Section Chief in the County EOC and provide status reports to their DOC. When the County EOC is directly overseeing Incident Command teams, it is operating in a centralized coordination and direction mode.

2.7.2 Departmental Operations Centers (DOCs)

The appropriate Solano County EOC Section/Branch/Unit will coordinate with DOCs to obtain information for advance planning, logistical needs, available personnel and equipment resources, and other information as required. The DOCs will assist the Solano County EOC in supporting field operations. Other County Department EOCs include Health and Human Services, General Services, Public Works, Public Health and the Sheriff's Department.

2.7.3 Operational Area Member Jurisdictions

During EOC activation, direct communications and coordination may be established between Solano County and any Operational Area member jurisdictions. Additionally, as time permits, communications will be established with other member jurisdictions that have not activated their EOCs. Initially, communications will be established by any means available and with whoever is available, regardless of their functional EOC position. Ideally, communications and coordination with the city EOCs will occur along functional lines.

Whenever feasible, an agency representative from each jurisdiction which activated its EOC should be at the Solano County EOC. Each of the Operational Area member jurisdictions has agreed to send a representative to the Solano County EOC. The city representatives will ensure that adequate coordination and information exchange arrangements are made with the Operational Area.

2.7.4 Special Districts

The emergency response role of special districts is generally focused on their normal services or functional area of responsibility. During disasters, some types of special districts, such as fire districts, will be more

extensively involved in the emergency response by directly coordinating, communicating, and assisting local governments.

In Solano County, relationships with special districts and the local governments are complicated by overlapping boundaries. For the special districts that serve more than one local government and/or serve the County unincorporated areas, they will coordinate and communicate directly with the County EOC.

Ideally, the special district involved in the emergency response will have a representative at the County EOC, serving as the focal point of coordination and work with other local government representatives in the EOC. If a special district is unable to send a representative, then the Liaison Officer in the EOC will be responsible for establishing communications and coordination with the special district.

2.7.5 Private and Volunteer Agencies

Within Solano County, coordination of response activities with many non-governmental agencies may occur, primarily at the local government level. However, the County EOC will establish coordination with private and volunteer agencies that have multi-jurisdictional or county-wide response roles. The agencies that play key roles in the response should have representatives at the County EOC.

Coordination with volunteer and private agencies that do not have representatives there may be accomplished through telecommunications, liaison with community councils that represent several agencies, or involvement of agencies in special multi-agency groups on specific issues.

2.7.6 Coastal Region Emergency Operations Center

Direct coordination and communications with the Coastal Region Emergency Operations Center (REOC) are essential. There is one primary method and one alternate method for the Operational Area to coordinate with the Coastal EOC:

- Primary Method - The REOC sends a field representative to the Operational Area

- Alternate Method - The Operational Area and the REOC coordinate through various telecommunications systems

Coordination and communications between the County EOC and the Coastal Region EOC will occur between the five SEMS functions. Direct coordination and communications will also be established between the Operational Area Mutual Aid Coordinators, who are located in the County EOC, and the Region's Mutual Aid Coordinator, who are located in the State's Coastal Region EOC. These coordinators may be functioning from their respective Operational Area and regional EOCs or from other locations depending on the situation and the mutual aid system.

2.7.7 State and Federal Field Response

There are some instances where a state or federal agency will be part of a field response in the county. State agency field response may result of a flood fight effort, oil spill, hazardous materials accident or other

hazard scenarios. Federal field response could result from the same scenarios or a military aircraft accident, where the federal military authorities are the Incident Commander.

When a state agency or federal agency is involved in field operations, coordination will be established with Solano County Office of Emergency Services and the appropriate city emergency services office, where the incident occurs. State or federal agencies operating in the field may be found in any ICS section, branch, or unit; or part of a Unified Command. The incident will determine their location.

2.8 Recovery Operations

As the threat to life, property, and the environment dissipates, the EOC Director of Emergency Services will consider deactivating the EOC. The Director of Emergency Services will direct Section Chiefs to deactivate their sections, ensuring that each unit/branch/section provides its logs and files to the Recovery Unit. The Recovery Unit will organize these materials so they can be archived and/or utilized for the financial recovery process.

The Recovery Unit Leader will coordinate the recovery effort, ensuring that all damaged public facilities and services are restored. In coordination with the Emergency Services Coordinator, the Recovery Unit will prepare the After-Action/Corrective Action Report, submitting it to the State's Coastal Region Office of Emergency Services within 60 days of the disaster/event.

Section 3. EOC Position Checklists

The following pages contain functional descriptions and checklists for each position in the Operational Area EOC. They are arranged by Sections, with the Section Chief followed by each Branch or Unit.

3.1 Management/Command Staff

Figure 3-2: Command Staff Organization Chart

This section contains functional descriptions, responsibilities, and checklists for personnel assigned to the **Management/Command Staff** of the Solano County Operational Area EOC. The checklists describe the minimum activities that should be accomplished by personnel assigned to functional positions within the section

MANAGEMENT/COMMAND STAFF FUNCTIONAL DESCRIPTIONS

The Operational Area EOC Director has the authority and responsibility to direct all EOC activity. The EOC Director has support personnel called the Management/Command Staff. They have delegated responsibility to perform management support functions.

Management/Command Staff positions will vary depending upon the need of the EOC Director for support. These positions may be activated at a one-person level, with staff assistants depending upon the level of activation, the work to be accomplished, and the numbers of personnel needed.

The Management/Command Staff positions relieve the EOC Director of many activities that may interfere with the Director's primary responsibility for EOC management.

3.1.1 EOC Director

FUNCTION DESCRIPTION

The EOC Director has overall responsibility and authority for the operation of the EOC. He/she will assure that the EOC is staffed and operated at a level commensurate with the emergency. The EOC Director's reporting relationship to higher authority will vary depending upon the SEMS Level.

Examples of reporting relationships are described below.

Local Government Level. Mayor, City Administrative Officer, or other named authority as stated in the local government's emergency ordinance.

Operational Area. Solano County Administrator, or Emergency Services Manager, or other named authority as stated in the operational area's emergency ordinances.

Regional. Cal OES Regional Administrator or designee.

State. Cal OES Director or designee.

The EOC Director will delegate authority as appropriate and necessary to members of the Management/Command Staff and to the General Staff. Positions reporting to the EOC Director include but are not limited to:

Management/Command Staff

- Emergency Services Manager
- Public Information Officer
- Liaison Officer
- Safety Officer
- Security Officer

Functional Section Chiefs (General Staff)

- Operations Section Chief
- Planning Section Chief
- Logistics Section Chief
- Finance/Administration Section Chief

EOC DIRECTOR RESPONSIBILITIES

- Establish the appropriate staffing level for the Operational Area EOC and continuously monitor organizational effectiveness ensuring that appropriate modifications occur as required.
- In conjunction with the General Staff, set jurisdictional priorities for response efforts. Ensure that all department and agency actions are accomplished within the priorities established at the EOC.

COMMAND STAFF

- Exercise overall management responsibility for the coordination between emergency response agencies within the Operational Area.

- In conjunction with the General Staff, set priorities for response efforts in contract and incorporated areas of the county.

- Ensure that all county agency actions are accomplished within the priorities established.

- Ensure that inter-agency coordination is accomplished effectively within the Operational Area EOC.

EOC DIRECTOR CHECKLISTS

WARNING PHASE

- ☐ Place Emergency Operations Center staff on standby.

- ☐ Place the Board of Supervisors on standby.

- ☐ Place Department Heads on standby.

- ☐ If required, activate the Emergency Operations Center

ACTIVATION PHASE

- ☐ Determine appropriate level of EOC activation based on situation as known.

- ☐ Coordinate with other Operational Area EOCs to ensure appropriate levels of activation are in place.

- ☐ Mobilize appropriate personnel for the initial activation of the EOC. Have Solano County Dispatch notify requested personnel on the EOC Recall phone list.

- ☐ Respond immediately to the EOC, identify yourself and locate your functional work area. Put on your vest and determine EOC operational status.

- ☐ Obtain briefing from available sources.

- ☐ Establish and maintain a Unit Event Log that chronologically describes your actions taken during your shift.

- ☐ Verify activation of on-scene Incident Command System.

- ☐ Ensure that the EOC is properly set up and ready for operations.

- ☐ Ensure that an EOC check-in procedure is established immediately.

- ☐ Ensure that an EOC organization and staffing chart is posted and completed.

- ☐ Determine which sections are needed, assign Section Chiefs as appropriate and ensure they are staffing their sections as required.
  - ☐ Operations Section Chief
  - ☐ Logistics Section Chief
  - ☐ Planning Section Chief
  - ☐ Finance/Administration Chief

COMMAND STAFF

- [ ] Determine which Management/Command Staff positions are required and ensure they are filled as soon as possible.

  - [ ] Emergency Services Manager

  - [ ] Safety Officer

  - [ ] Public Information Officer

  - [ ] Security Officer

  - [ ] Liaison Officer

- [ ] Ensure that telephone and/or radio communications with other EOCs are established and functioning.

- [ ] Schedule the initial Action Planning meeting.

- [ ] Confer with the General Staff to determine what representation is needed at the EOC from other emergency response agencies, local governments and other agencies.

- [ ] Assign a liaison officer to coordinate outside agency response to the EOC, and to assist as necessary in establishing an Inter-agency Coordination Group.

OPERATIONAL PHASE

- [ ] Monitor Management/Command Staff activities to ensure that all appropriate actions are being taken.

- [ ] Ensure that the Liaison Officer is providing for and maintaining effective inter-agency coordination.

- [ ] Based on current status reports, establish initial strategic objectives for the EOC.

- [ ] In coordination with General Staff, prepare EOC objectives for the initial Action Planning Meeting.

- [ ] The Incident Action Plan should include:

  - [ ] Overall strategy (Offensive/Defensive).

  - [ ] Need for evacuation.

  - [ ] Estimate of incident duration.

  - [ ] "State of Emergency" declaration.

  - [ ] Priorities for the procurement and allocation of available resources.

  - [ ] Post (or photocopy and distribute) the Incident Action Plan.

- [ ] Convene the initial Action Planning meeting. Ensure that all Section Chiefs, Management/Command Staff, and other key agency representatives are in attendance. Ensure that appropriate Action Planning procedures are followed (refer to *Action Planning Guide*). Ensure the meeting is facilitated appropriately by the Planning Section.

- [ ] Once the Action Plan is completed by the Planning Section, review, approve and authorize its implementation.

☐ Brief the Board of Supervisors and elected officials or their representatives on the status of the emergency and the Incident Action Plan.

☐ In conjunction with the Public Information Officer, conduct news conferences and review media releases for final approval, following the established procedure for information releases and media briefings.

☐ Notify State Office of Emergency Services of the emergency.

☐ If required, declare a **LOCAL EMERGENCY**.

☐ If required, request the Governor proclaim a **STATE OF EMERGENCY**.

☐ If required, ask that the Governor request the President proclaim a **FEDERAL DECLARATION OF EMERGENCY.**

☐ Coordinate local government proclamations with other emergency response agencies, as appropriate.

☐ Make sure that all essential emergency services are activated.

☐ Have Section Chiefs establish contact with appropriate State agency coordinators and representatives from affected jurisdictions.

☐ Report situation (including any areas evacuated) and support requirements to the Office of Emergency Services Mutual Aid Region Office.

☐ Have Section Chiefs coordinate with appropriate segments of the private sector.

☐ Request assistance from the Office of Emergency Services Mutual Aid Region Office as required.

☐ Activate Multipurpose Staging Areas as destination points for mutual aid.

☐ Conduct periodic reviews with the General Staff to ensure strategic objectives are current and appropriate.

☐ Conduct periodic briefings for elected officials or their representatives.

☐ Brief your relief at shift change, ensuring that ongoing activities are identified and follow-up requirements are known.

AFTER AN EMERGENCY

☐ Release personnel from Emergency Operations Center when crisis diminishes sufficiently.

☐ Re-check this checklist.

☐ Make sure that staff and volunteers receive debriefing and counseling, as needed.

☐ Have unsightly debris cleaned up as soon as possible.

☐ When appropriate, issue a **Proclamation of Termination of Local Emergency**.

☐ Appoint someone to follow through with hazard mitigation.

3.1.5 Public Information Officer

FUNCTION DESCRIPTION

The Public Information Officer is the primary point of contact between the EOC, the media and the public. The Public Information Officer prepares information releases, briefs media representatives, and provides for press conferences. The Public Information function also oversees the Rumor Control activity.

A primary source of information for the Public Information function will be from the Situation Analysis Unit in the Planning Section. While not all information in the unit may be appropriate for the public, the information in Situation Analysis should be the best available and will have been verified for accuracy. The Public Information Officer will provide guidance as appropriate to other departments/agencies on the release of emergency related information.

Organizing the Information function in an Operational Area EOC:

The Information function within an EOC may have special organizational needs due to the possible size of the organization required to meet the agency or jurisdictional information needs.

Normally, the Information function is handled by the Information Officer who is a member of the Management/Command Staff. Assistant Information Officers may be assigned as needed. The Assistants may represent other jurisdictional departments, agencies, other jurisdictions, and/or they may also be assigned to handle specific Information functions.

RESPONSIBILITIES

- Serve as the central coordination point for the Operational Area for all media releases.

- Establish a "Disaster Hotline" with an up-to-date recorded message.

- Ensure that the public within the affected area receives complete, accurate, and consistent information about life safety procedures, public health advisories, relief and assistance programs and other vital information. Ensure that all rumors are responded to in a timely manner and with factual information.

- Coordinate media releases with Public Information Officers at incidents or representing other affected emergency response agencies as required.

- Develop the format for press conferences, in conjunction with the EOC Director.

- Maintain a positive relationship with the media representatives.

- Supervise the Public Information function and the Joint Information Center, if activated.

PUBLIC INFORMATION OFFICER CHECKLISTS

ACTIVATION PHASE

- [ ] Respond immediately to the EOC, identify yourself and locate your functional work area. Put on your vest and determine EOC operational status.

- [ ] Report to EOC Director, Section Chief, Branch Director, or other assigned Supervisor.

- [ ] Set up your workstation and review your position responsibilities.

- [ ] Establish and maintain a Unit Event Log that chronologically describes your actions taken during your shift.

- [ ] Determine your resource needs, such as a computer, phone, plan copies, and other reference documents.

- [ ] Determine staffing requirements and make required personnel assignments for the Public Information function as necessary.

OPERATIONAL PHASE

- [ ] Obtain policy guidance from the EOC Director with regard to media releases.

- [ ] Keep the EOC Director advised of all unusual requests for information and of all major critical or unfavorable media comments. Recommend procedures or measures to improve media relations.

- [ ] Coordinate with the Situation Analysis Unit and identify the method for obtaining and verifying significant information as it is developed.

- [ ] Develop and publish a media-briefing schedule, to include location, format, and preparation and distribution of handout materials.

- [ ] Implement and maintain an overall information release program.

- [ ] Establish a Media Information Center, as required, providing necessary space, materials, telephones and electrical power.

- [ ] Maintain up-to-date status boards and other references at the Joint Information Center. Provide adequate staff to answer questions from members of the media.

- [ ] Interact with other EOC PIOs and obtain information relative to public information operations.

- [ ] Develop content for state Emergency Alert System (EAS) releases if available. Monitor EAS releases as necessary.

- [ ] In coordination with other EOC sections, issue timely and consistent advisories and instructions for life safety, health, and assistance for the public. These advisories and instructions must be approved by the EOC Director.

- [ ] At the request of the EOC Director, prepare media briefings for members of the agencies or jurisdiction policy groups and provide other assistance as necessary to facilitate their participation in media briefings and press conferences.

- [ ] Ensure that a rumor control function is established to correct false or erroneous information.

☐ Ensure that adequate staff is available at incident sites to coordinate and conduct tours of the affected areas.

☐ Provide appropriate staffing and telephones to efficiently handle incoming media and public calls.

☐ Update the Solano OES web site with current news releases as appropriate.

☐ Prepare, update, and distribute to the public a Disaster Assistance Information Directory, which contains locations to obtain food, shelter, supplies, health services, etc.

☐ Ensure that announcements, emergency information and materials are translated and prepared for special populations (non-English speaking, hearing impaired etc.).

☐ Monitor broadcast media, using information to develop follow-up news releases and rumor control.

☐ Ensure that file copies are maintained of all information released.

☐ Provide copies of all media releases to the EOC Director.

☐ Conduct shift change briefings in detail, ensuring that in-progress activities are identified and follow-up requirements are known.

☐ Prepare final news releases and advise media representatives of points-of-contact for follow-up stories.

DEMOBILIZATION PHASE

☐ Deactivate your assigned position and close out logs when authorized by the EOC Director.

☐ Complete all required forms, reports, and other documentation. All forms should be submitted through your supervisor to the Planning Section, as appropriate, prior to your departure.

☐ Be prepared to provide input to the After Action/Corrective Action report.

☐ If another person is relieving you, ensure they are thoroughly briefed before you leave your workstation.

☐ Clean up your work area before you leave.

☐ Leave a forwarding phone number where you can be reached.

COMMAND STAFF

3.1.6 Liaison Officer

FUNCTION DESCRIPTION

The Operational Area Liaison Officer provides a primary point of contact for all incoming Agency, Private Sector, and Volunteer/Service Programs (VSPs) representatives assigned to the EOC. The Liaison Officer ensures agency representatives are provided with the necessary workspace, communications, information and internal points of contact necessary to perform their responsibilities. The Liaison Officer also ensures that the EOC Director is kept informed of what agencies are represented in the EOC.

During major emergencies, it is not uncommon to find representatives of many agencies reporting to the EOC. Local Governments, American Red Cross, Community Based Organizations, National Guard, Private Sector, VSPs and other state/local agencies, federal agencies, etc., may send representatives. The Liaison Officer is the primary contact, and relieves the EOC Director from overseeing their activities.

RESPONSIBILITIES

- Oversee all liaison activities; coordinate outside agency representatives assigned to the EOC, and handle requests from other EOCs for agency representatives. Work with and provide support to EOC Section Chiefs to determine their needs for volunteers, agency representatives, and private sector resources to meet their operational requirements.

- Establish and maintain a central location for incoming agency representatives, providing workspace and support as needed. Ensure function specific guidelines, policy directives, situation reports, and a copy of the EOC Action Plan is provided to agency representatives on check-in.

- In conjunction with the Emergency Services Manager, provide orientations for VIPs and other visitors to the EOC.

LIAISON OFFICER CHECKLISTS

ACTIVATION PHASE

☐ Respond immediately to the EOC, identify yourself and locate your functional work area. Put on your vest and determine EOC operational status.

☐ Report to EOC Director, Section Chief, Branch Director, or other assigned Supervisor.

☐ Set up your workstation and review your position responsibilities.

☐ Establish and maintain a Unit Event Log that chronologically describes your actions taken during your shift.

☐ Determine your resource needs, such as a computer, phone, plan copies, and other reference documents.

☐ Obtain assistance for your position through the Personnel Unit in Logistics, as required.

OPERATIONAL PHASE

☐ Contact Agency Representatives already on-site, ensuring that they:

    ☐ Have signed into the EOC,

    ☐ Understand their role in the EOC,

    ☐ Know their work locations,

    ☐ Understand the EOC organization and floor plan.

☐ Determine if additional representation is required from:

    ☐ Community based organizations,

    ☐ Private sector organizations,

    ☐ Volunteer Services Programs (VSPs),

    ☐ Utilities not already represented,

    ☐ Other agencies.

☐ In conjunction with the EOC Director and Emergency Services Manager, establish and maintain an Inter-agency Coordination Group comprised of outside agency representatives, and county and city executives not assigned to specific sections within the EOC.

☐ Assist the EOC Director and Emergency Services Manager in conducting regular briefings for the Inter-agency Coordination Group and with distribution of the current EOC Action Plan and Situation Report.

☐ Request that Agency Representatives maintain communications with their agencies and obtain situation status reports regularly.

☐ With the approval of the EOC Director, provide agency representatives from the EOC to other EOCs as required and requested.

COMMAND STAFF

☐ Maintain a roster of Agency Representatives located at the EOC. The roster should include assignment within the EOC (Section or Inter-agency Coordination Group). Roster should be distributed internally on a regular basis.

DEMOBILIZATION PHASE

☐ Deactivate your assigned position and close out logs when authorized by the EOC Director.

☐ Complete all required forms, reports, and other documentation. All forms should be submitted through your supervisor to the Planning Section, as appropriate, prior to your departure.

☐ Be prepared to provide input to the After Action/Corrective Action report.

☐ If another person is relieving you, ensure they are thoroughly briefed before you leave your workstation.

☐ Clean up your work area before you leave.

☐ Leave a forwarding phone number where you can be reached.

☐ Release Agency Representatives that are no longer required in the EOC when authorized by the EOC Director.

3.1.7 County Counsel

FUNCTION DESCRIPTION

Incidents that have legal issues may require a counsel position. Any incident where a State of Emergency is declared or anticipated should have a counsel position established. This position also assists in the preparation of proclamations, ordinances, and other legal documents; and maintains the County's legal records and reports.

The counsel is the contact for all legal counsels, private industry counsels, and other agency counsels.

3.2 Operations Section

This section contains functional descriptions, responsibilities, and checklists for personnel assigned to the Operations Section of an operational area EOC. The checklists describe the minimum activities that should be accomplished by personnel assigned to functional positions within the section.
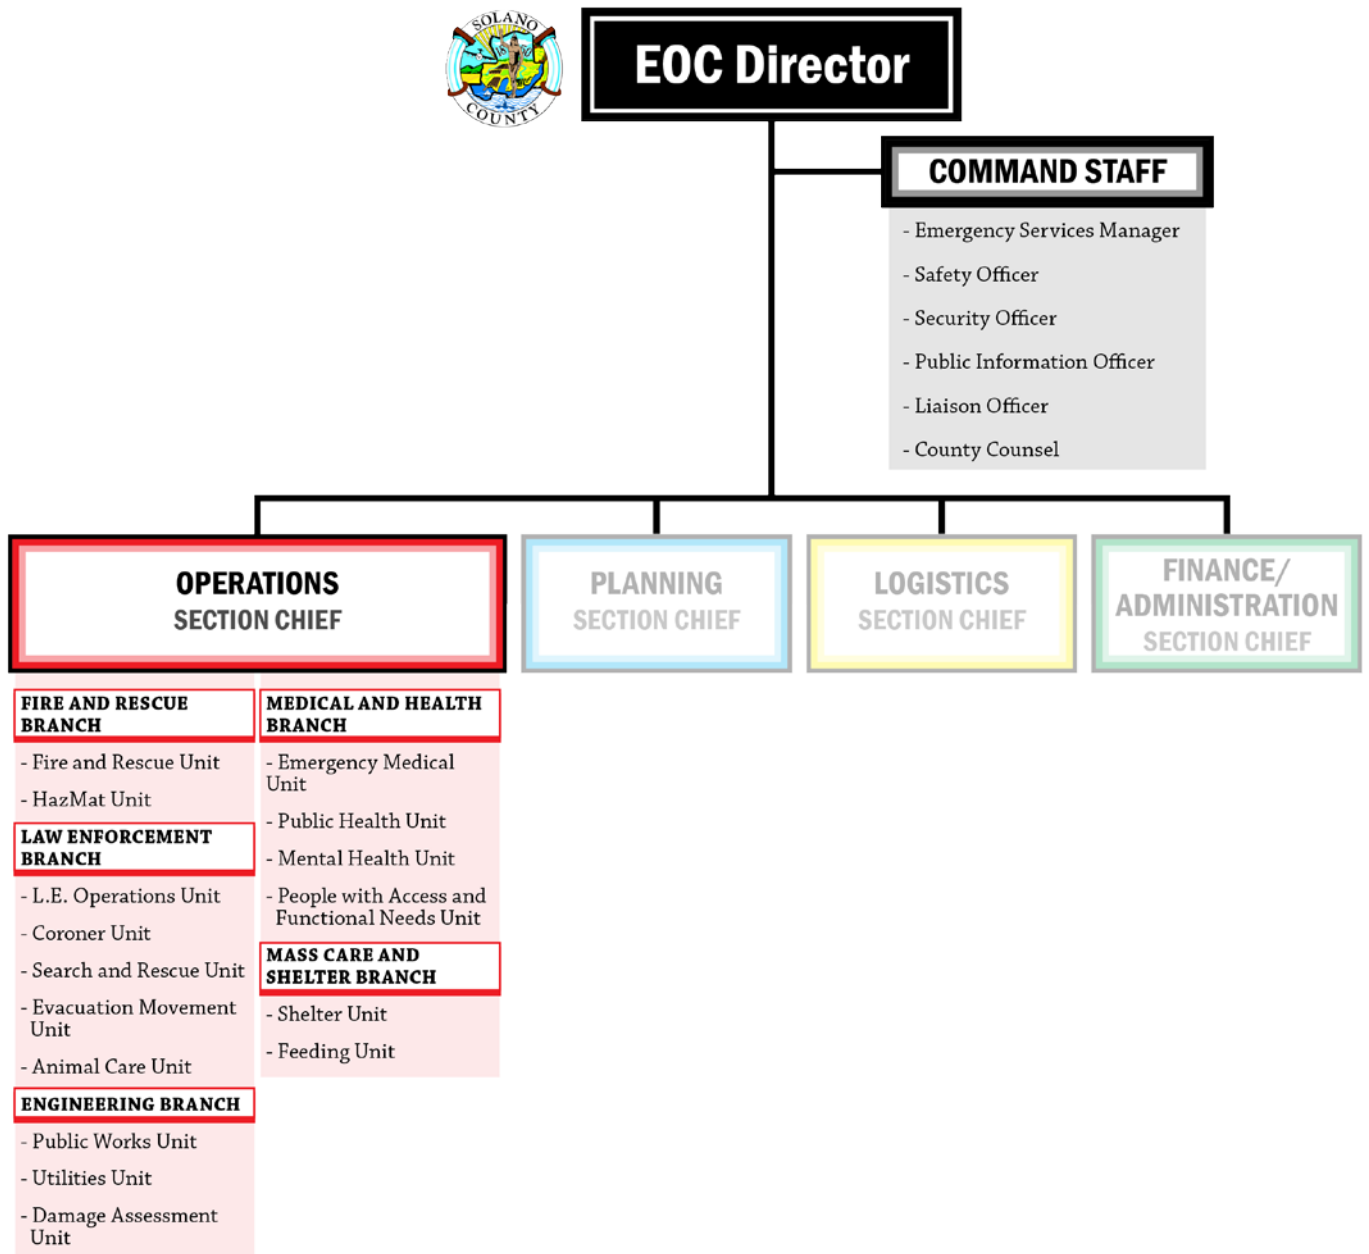

Figure 3-3: Operations Section Organization Chart

When activated, the five primary EOC functions are established as separate sections of the EOC organization. Within each section, there may be several sub-functions that would normally be established as branches or units depending on their size.

The functions described here are those activities that may need to be activated during an EOC activation for the Operations Section at the local government EOC. Some variations in duties and responsibilities may be found at different SEMS levels.

STAFFING

The determination of the appropriate level of staffing and lead agency to manage the function is the responsibility of the agency or jurisdiction at each SEMS level. In general the following conditions will apply.

- Staff the section with the most qualified person in the discipline most closely aligned to the emergency. (Logistics and Finance/Administration Sections may have a standard designation of personnel for all emergencies).

- Maintain a span of control not to exceed one supervisor for up to seven sub-functions.

- One person may have delegated authority for more than one area of responsibility. Usually this is done during the early portion of the Activation Phase or in the Demobilization Phase.

- Each of these functional areas can be expanded as needed into additional organizational units with further delegation of authority.

- If a section is not activated, the EOC Director will perform its responsibilities.

OPERATIONS SECTION FUNCTIONAL DESCRIPTIONS

The EOC Director has the authority and responsibility to direct all EOC activity. The Director may delegate authority to members of the General Staff. Operations Section positions will vary depending upon the need. These positions may be activated at a one-person level, or at a unit, group or branch, level depending upon the level of activation, the work to be accomplished, and the numbers of personnel needed.

The Operations Section in the Operational Area EOC acts as the primary point of contact between the EOC and the local government EOCs, county Department Operations Centers (DOCs), and in some jurisdictions may be linked directly to field Incident Commands. Directors assigned to the functional branches within the EOC Operations Section receive incoming situation reports, department status, resource requests, and field intelligence. Incoming information will be routed to the appropriate EOC section. They will provide information from the EOC to county DOCs, local government EOCs and in some cases to county field Incident Commands as appropriate to the jurisdiction.

The Operations Section positions are extremely important in that they relieve the EOC Director of many activities that may interfere with the Director's primary responsibility for EOC management.

3.2.1 Operations Section Chief

FUNCTION DESCRIPTION

The Operations Section Chief, a member of the General Staff, is responsible for the management and coordination of all EOC related operational functions. Based on the emergency, The Operations Section Chief will ensure that all necessary operational functions have been activated and are appropriately staffed.

RESPONSIBILITIES

- Ensure that the Operations function is carried out including coordination of activities for all operational functions assigned to the EOC.

- Ensure that operational objectives and assignments identified in the EOC Action Plan are carried out effectively.

- Establish the appropriate level of branch and unit organizations within the Operations Section, to effectively coordinate both county and Operational Area responsibilities.

- Continuously monitor the organizational effectiveness and modify as necessary.

- Exercise overall responsibility for the coordination of Branch and Unit activities within the Operations Section.

- Ensure that the Planning Section is provided with Status Reports and Major Incident Reports (utilizing the CALEOC formats if available).

- Conduct periodic Operations briefings for the EOC Director as required or requested.

- Supervise the Operations Section.

- [ ] Attend and participate in EOC Director's Action Planning meetings.

- [ ] Provide the Planning Section Chief with the Operations Section's objectives prior to each Action Planning meeting.

- [ ] Work closely with each Branch Director to ensure that the Operations Section objectives, as defined in the current Action Plan, are being addressed.

- [ ] Ensure that the branches coordinate all resource needs through the Logistics Section.

- [ ] Ensure that intelligence information from Branch Directors is made available to the Planning Section in a timely manner.

- [ ] Ensure that fiscal and administrative requirements are coordinated through the Finance/ Administration Section (notification of emergency expenditures and daily time sheets).

- [ ] Brief the EOC Director on all major incidents.

- [ ] Complete a Major Incident Report for all major incidents; forward a copy to the Planning Section.

- [ ] Brief Branch Directors periodically on any updated information you may have received. Share status information with other sections as appropriate.

OPERATIONS

DEMOBILIZATION PHASE

- ☐ Deactivate your assigned position and close out logs when authorized by the EOC Director.

- ☐ Complete all required forms, reports, and other documentation. All forms should be submitted through your supervisor to the Planning Section, as appropriate, prior to your departure.

- ☐ Be prepared to provide input to the After Action/Corrective Action report.

- ☐ If another person is relieving you, ensure they are thoroughly briefed before you leave your workstation.

- ☐ Clean up your work area before you leave.

- ☐ Leave a forwarding phone number where you can be reached.

OPERATIONS

3.2.2 Fire and Rescue Branch

FUNCTION DESCRIPTION

The Fire and Rescue Branch in the EOC Operations Section is responsible for linking the EOC to Fire Department Operations Centers, Dispatch Centers, the fire and rescue mutual aid system and, as appropriate, to the jurisdiction Incident Command on incidents under the management of the fire services. The Branch Director reports to the Operations Section Chief. The Branch will obtain situation reports, requests for resource support (outside of the mutual aid system), and be the primary link from the EOC to fire department operations throughout the Operational Area. The Branch will supply local government EOCs, fire DOCs and ICs as appropriate, with information and directives developed in the EOC.

Smaller jurisdictions may not activate separate units for fire operations, fire & rescue and hazmat.

RESPONSIBILITIES

- Coordinate fire, hazardous materials, and urban search and rescue operations in the jurisdictional area.

- Assist Fire & Rescue Mutual Aid System Coordinator in acquiring mutual aid resources, as necessary.

- Coordinate the mobilization and transportation of all resources through the Logistics Section.

- Complete and maintain status reports (in CALEOC format if available) for major incidents requiring or potentially requiring operational area, state and federal response, and maintains status of unassigned fire & rescue resources.

- Coordinate with the Law Enforcement Branch Director on jurisdiction Search & Rescue activities.

- Implement the objectives of the EOC Action Plan assigned to the Fire & Rescue Branch.

- Supervise the Fire & Rescue Branch.

ACTIVATION PHASE

☐ Respond immediately to the EOC, identify yourself and locate your functional work area. Put on your vest and determine EOC operational status.

☐ Obtain briefing from available sources.

☐ Establish and maintain a Unit Event Log that chronologically describes your actions taken during your shift.

☐ Ensure that the Operations Section is set up properly and that appropriate personnel, equipment, and supplies are in place, including maps and status boards.

☐ Based on the situation, activate the necessary Units within the Fire & Rescue Branch:

☐ Fire & Rescue Unit   ☐ HazMat Unit

☐ If the mutual aid system is activated, coordinate use of fire resources with the Operational Area Fire & Rescue Mutual Aid Coordinator.

☐ Prepare and submit a preliminary status report and major incident reports as appropriate to the Operations Section Chief.

☐ Prepare objectives for the Fire & Rescue Branch; provide them to the Operations Section Chief prior to the first Action Planning meeting.

OPERATIONS

FIRE AND RESCUE BRANCH DIRECTOR CHECKLISTS

OPERATIONAL PHASE

- ☐ Ensure that Branch and Unit position logs and other necessary files are maintained.

- ☐ Obtain and maintain current status on Fire & Rescue missions being conducted in the Operational Area.

3.2.5 Medical and Health Branch Director

FUNCTION DESCRIPTION

The Medical & Health Branch at the Operational Area EOC is responsible for jurisdictional coordination of medical & health facilities and resources needed to serve people affected by the emergency. The Branch will also provide Operational Area coordination for the provision of emergency medical services, and public mental health facilities and services. The Branch will coordinate the care giving activities through medical & health resources available within the jurisdiction, or by obtaining such services as required through agreements with other governmental agencies, community based organizations and/or established mutual aid programs.

Smaller jurisdictions may not activate separate units for the functions covered under medical & health.

RESPONSIBILITIES

- Safeguard the public health of citizens within the operational area by ensuring there is an ample supply of potable water, a functioning sanitation system, and vector controls are established, as required.

- Ensure that emergency medical services adequate to the needs of the emergency are in place and functioning properly.

- Supervise the Medical & Health Branch.

OPERATIONS

☐ Obtain briefing from available sources.

☐ Establish and maintain a Unit Event Log that chronologically describes your actions taken during your shift.

OPERATIONAL PHASE

☐ Ensure Branch and Unit position logs and other necessary files are maintained.

☐ Based on the situation, activate the necessary units within the Medical & Health Branch:

　☐ Emergency Medical Unit

　☐ Public Health Unit

　☐ Mental Health Unit

☐ Ensure that all potable water supplies remain safe, and free from contaminates.

☐ Ensure that sanitation systems are operating effectively and not contaminating water supplies.

☐ Ensure that a vector control plan is established and implemented for the affected area(s) within the Operational Area.

☐ Provide the Operations Section Chief and the Planning Section with an overall summary of Medical & Health Branch operational status periodically during the operations period or as requested.

☐ Ensure that the Public Health Unit is available to assist the Coroner/Fatalities Management Unit in mitigating and managing mass fatality situations.

☐ Prepare objectives for the Medical & Health Branch for the subsequent operational period; provide them to the Operations Section Chief prior to the end of the shift and the next Action Planning meeting.

☐ Refer all contacts with the media to the Public Information Branch.

DEMOBILIZATION PHASE

☐ Deactivate your assigned position and close out logs when authorized by the EOC Director.

☐ Complete all required forms, reports, and other documentation. All forms should be submitted through your supervisor to the Planning Section, as appropriate, prior to your departure.

☐ Be prepared to provide input to the After Action/Corrective Action report.

☐ If another person is relieving you, ensure they are thoroughly briefed before you leave your workstation.

☐ Clean up your work area before you leave.

OPERATIONS

☐ Leave a forwarding phone number where you can be reached.

3.2.5.1 Emergency Medical Unit Leader

RESPONSIBILITIES

- Ensure that all available emergency medical resources are identified and mobilized as required.

- Activate the Mass Casualty Plan if necessary. Contact Cal OES for copy of State plan.

- Provide assistance as required to local government EOCs and County Department Operations Centers in establishing triage teams.

- Determine the status of medical facilities within the affected area.

- Ensure adequate transportation resources are available for the transportation of injured victims to appropriate medical facilities.

- Supervise the Emergency Medical Unit.

OPERATIONS

3.2.6 Mass Care and Shelter Branch

FUNCTION DESCRIPTION

The Mass Care & Shelter Branch is responsible for opening and operating evacuation centers and mass care facilities in the City until, and if, the American Red Cross assumes responsibility; coordinating efforts with the American Red Cross and other volunteer agencies; and supporting the Personnel Unit in the care and sheltering of employees and their families. Once the American Red Cross has assumed responsibility for shelter operations, the Care and Shelter Branch will work closely with and support the Red Cross and any other volunteer service agencies providing assistance to disaster victims.

RESPONSIBILITIES

- Identify the care and shelter needs of the community, in coordination with the other Operations Section branches.

- If need is established, contact the American Red Cross and request a liaison for the EOC.

- Determine the need for an evacuation center or mass care shelter. Contact the American Red Cross when considering opening such a facility.

- Identify and prioritize which designated mass care facilities will be needed and if they are functional.

- Ensure that Building & Safety has inspected each shelter site prior to occupancy following an earthquake and after each significant aftershock.

- If evacuation is ordered, in conjunction with the American Red Cross (if available), open evacuation centers in low risk areas and inform public of locations.

- In conjunction with the American Red Cross, manage care and shelter activities (staffing, registration, shelter, feeding, pertinent evacuee information, etc.) (See Part Two, Operations Support Documentation: Care and Shelter)

- In conjunction with the American Red Cross, ensure shelter management teams are organized and facilities are ready for occupancy, meeting all health, safety and ADA standards.

- Coordinate with the Personnel Branch of the Logistics Section to contact volunteers and recall city staff to assist with mass care functions including basic first aid, shelter and feeding of evacuees and sanitation needs.

- Coordinate with the Los Angeles County Operational Area Care and Shelter and Medical Health Branch for sheltering of residential care and special-needs populations.

- Provide and maintain shelter and feeding areas that are free from contamination and meet all health, safety and ADA standards.

- Coordinate with the American Red Cross, the Los Angeles County Operational Area Care and Shelter Branch, and other volunteer agencies as needed for assistance with emergency mass feeding operations.

- Notify the Post Office to divert incoming mail to designated relocation areas or mass care facilities, as necessary.

OPERATIONS

- Coordinate with Building and Safety Branch for the care of animals including sheltering.

- Coordinate with the Transportation Branch of the Logistics Section for the transportation needs of shelterees.

- Ensure shelter managers make periodic activity reports to the EOC including requests for delivery of equipment and supplies, any city expenditures, damages, casualties and numbers and types of persons sheltered.

- The Operations Section will determine the reporting period. (See Part Two, Operations: Care and Shelter.)

- In the event of further hazardous conditions near mass-care facilities, coordinate the evacuation and relocation, or shelter-in-place, of such facilities.

- Request that the American Red Cross establish Reception Center as required to reunite rescued individuals with their families and to provide other necessary support services. Via the PIO, encourage residents to go to the shelter nearest to their residence.

- Support the Personnel Unit in the care and sheltering of employees and their families

- Safeguard the public health of citizens within the operational area by ensuring there is an ample supply of potable water, a functioning sanitation system, and vector controls are established, as required.

- Ensure that emergency medical services adequate to the needs of the emergency are in place and functioning properly.

- Supervise the Medical & Health Branch.

MASS CARE AND SHELTER BRANCH DIRECTOR CHECKLISTS

3.3 Planning Section

This section contains functional descriptions, responsibilities, and checklists for personnel assigned to the **Planning Section** of an operational area EOC. The checklists describe minimum activities that should be accomplished by personnel assigned to functional positions within the section.
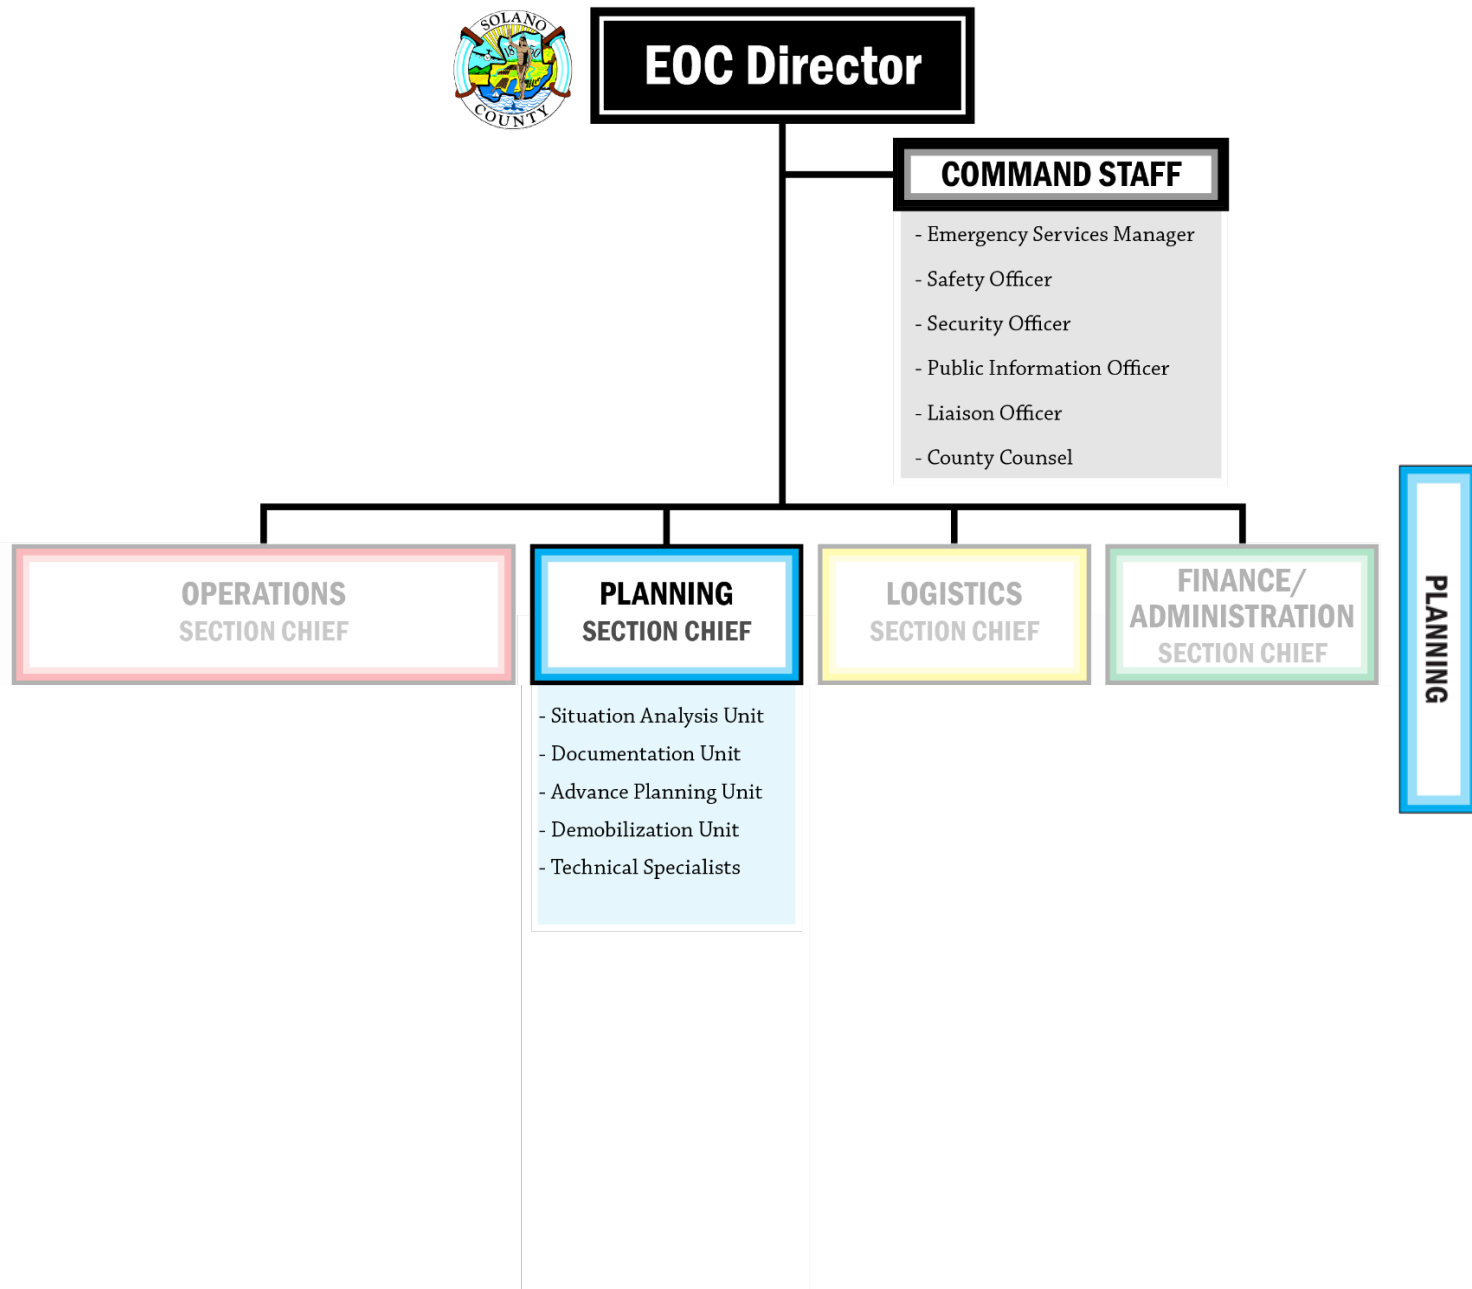

Figure 3-4: Planning Section Organization Chart

When activated, the five primary EOC functions are established as separate <u>sections</u> of the EOC organization. Within each section, there may be several sub-functions that may normally be established.

The functions described here are those activities that may need to be activated during EOC activation for the Planning Section at the Operational Area EOC.

STAFFING

The determination of the appropriate level of staffing and lead agency to manage the function is the responsibility of the agency or jurisdiction at each SEMS level. In general the following conditions will apply:

- Staff the section with the most qualified person in the discipline most closely aligned to the emergency. (Logistics and Finance/Administration sections may have a standard designation of personnel for all emergencies).

- Maintain a span of control not to exceed one supervisor for up to seven sub-functions.

- One person may have delegated authority for more than one area of responsibility. Usually this is done during the early portion of the Activation Phase or in the Demobilization Phase.

- Each of these functional areas can be expanded as needed into additional organizational units with further delegation of authority.

- If a section is not activated, the EOC Director will perform its responsibilities.

PLANNING

3.3.1 Planning Section Chief

FUNCTION DESCRIPTION

The Planning Section is a primary function for any operational area EOC. The Section will gather information from a variety of sources, including all activated local government EOCs, analyze and verify information, and prepare and update internal EOC information and map displays. The Situation Analysis function will be activated under any EOC activation. The Section has an important function in overseeing the Planning Meetings and in preparing the EOC Action Plan. The Section will collect and process internal EOC documentation, and prepare advance planning information and the After Action/Corrective Action report. Technical Specialists assigned to the EOC will initially be part of the Planning Section. The Section Chief reports directly to the EOC Director.

RESPONSIBILITIES

Ensure that the following responsibilities of the Planning Section are addressed as required:

- Collecting, analyzing, and displaying situation information.

- Preparing periodic Situation Reports.

- Preparing and distributing the EOC Action Plan and facilitating the Action Planning meeting. (See Action Planning Guide for additional information.)

- Conducting Advance Planning activities and report.

- Providing technical support services to the various EOC sections and branches, and documenting and maintaining files on all EOC activities, including the After Action/Corrective Action report.

- Establish the appropriate level of organization for the Planning Section.

- Exercise overall responsibility for the coordination of unit activities within the section.

- Keep the EOC Director informed of significant issues affecting the Planning Section.

- In coordination with the other Section Chiefs, ensure that Status Reports are completed and utilized as a basis for situation analysis reports, and the EOC Action Plan.

PLANNING

PLANNING SECTION CHIEF CHECKLISTS

ACTIVATION PHASE

- [ ] Respond immediately to the EOC, identify yourself and locate your functional work area. Put on your vest and determine EOC operational status.

- [ ] Obtain briefing from available sources.

- [ ] Establish and maintain a Unit Event Log that chronologically describes your actions taken during your shift.

- [ ] Ensure that the Planning Section is set up properly and that appropriate personnel, equipment, and supplies are in place, including maps and status boards.

- [ ] Based on the situation, activate units within the section as needed and designate Unit Leaders for each element:

  - [ ] Situation Analysis Unit
  - [ ] Advance Planning Unit
  - [ ] Documentation Unit
  - [ ] Demobilization Unit

- [ ] Request additional personnel for the section as necessary to maintain 24-hour operations.

- [ ] Establish contact with the State Regional EOC (REOC) when activated, and coordinate Situation Analysis Reports with their Planning Section.

- [ ] Meet with Operations Section Chief; obtain and review any major incident reports.

- [ ] Review responsibilities of units in the section; develop plans for carrying out all responsibilities.

- [ ] Make a list of key issues to be addressed by the Planning Section; in consultation with section staff, identify objectives to be accomplished during the initial Operational Period.

- [ ] Keep the EOC Director informed of significant events.

- [ ] Adopt a proactive attitude, thinking ahead and anticipating situations and problems before they occur.

OPERATIONAL PHASE

- [ ] Ensure that Planning Section position logs and other necessary files are maintained.

- [ ] Ensure that The Situation Analysis Unit is maintaining current information for the situation analysis report.

- [ ] Ensure that major incidents reports and status reports are completed by the Operations Section and are accessible by Planning

- [ ] Ensure that a situation analysis report is produced and distributed to EOC Sections and the State Regional EOC (REOC) at least once, prior to the end of the operational period.

- [ ] Ensure that all status boards and other displays are kept current and that posted information is neat and legible.

PLANNING

☐ Ensure that the Public Information Branch has immediate and unlimited access to all status reports and displays.

☐ Conduct periodic briefings with section staff and work to reach consensus among staff on section objectives for forthcoming operational periods.

☐ Facilitate the EOC Director's Action Planning meetings approximately two hours before the end of each operational period.

☐ Ensure that objectives for each section are completed, collected and posted in preparation for the next Action Planning meeting.

☐ Ensure that the EOC Action Plan is completed and distributed prior to the start of the next operational period.

☐ Work closely with each unit within the Planning Section to ensure the section objectives, as defined in the current EOC Action Plan are being addressed.

☐ Ensure that the Advance Planning Unit develops and distributes a report which highlights forecasted events or conditions likely to occur beyond the forthcoming operational period; particularly those situations which may influence the overall strategic objectives of the EOC.

☐ Ensure that the Documentation Unit maintains files on all EOC activities and provides reproduction and archiving services for the EOC, as required, and assists in preparing the After Action/Corrective Action report.

☐ Provide technical specialists to all EOC sections as required.

☐ Ensure that fiscal and administrative requirements are coordinated through the Finance/Administration Section.

PLANNING

DEMOBILIZATION PHASE

☐ Deactivate your assigned position and close out logs when authorized by the EOC Director.

☐ Complete all required forms, reports, and other documentation. All forms should be submitted through your supervisor to the Planning Section, as appropriate, prior to your departure.

☐ Be prepared to provide input to the After Action/Corrective Action report.

☐ If another person is relieving you, ensure they are thoroughly briefed before you leave your workstation.

☐ Clean up your work area before you leave.

☐ Leave a forwarding phone number where you can be reached.

3.3.2 Situation Analysis Unit Leader

RESPONSIBILITIES

- Oversee the collection, organization, and analysis of situation information related to the emergency.

- Ensure that information collected from all sources is validated prior to posting on status boards.

- Ensure that situation analysis reports are developed for dissemination to EOC staff and also to the State Regional EOC (REOC) and other EOCs as required.

- Ensure that an EOC Action Plan is developed for each operational period.

- Ensure that all maps, status boards and other displays contain current and accurate information.

- Supervise Situation Analysis Unit.

PLANNING

SITUATION ANALYSIS UNIT LEADER CHECKLISTS

ACTIVATION PHASE

- [ ] Respond immediately to the EOC, identify yourself and locate your functional work area. Put on your vest and determine EOC operational status.

- [ ] Obtain briefing from available sources.

- [ ] Establish and maintain a Unit Event Log that chronologically describes your actions taken during your shift.

- [ ] Make contact with local government EOCs in the operational area and establish a schedule for obtaining situation reports.

- [ ] Ensure there adequate staff is available to collect and analyze incoming information, maintain the Situation Analysis Report and facilitate the Action Planning process.

- [ ] Prepare Situation Analysis Unit objectives for the initial Action Planning meeting.

OPERATIONAL PHASE

- [ ] Establish and maintain a position log and other necessary files.

- [ ] Oversee the collection and analysis of all emergency related information.

- [ ] Oversee the preparation and distribution of the Situation Report. Coordinate with the Documentation Unit for manual distribution and reproduction as required.

- [ ] Ensure that each EOC Section provides the Situation Analysis Unit with status reports on a regular basis.

- [ ] Meet with the Public Information Officer to determine the best method for ensuring access to current information.

- [ ] Prepare a situation summary for the EOC Action Planning meeting.

- [ ] Ensure each section provides their objectives at least 30 minutes prior to each Action Planning meeting.

- [ ] In preparation for the Action Planning meeting, ensure that all EOC objectives are posted on chart paper, and that the meeting room is set up with appropriate equipment and materials (easels, markers, situation analysis reports, etc.)

- [ ] Following the meeting, ensure that the Documentation Unit publishes and distributes the EOC Action Plan prior to the beginning of the next operational period.

- [ ] Ensure that adequate staff are assigned to maintain all maps, status boards and other displays.

PLANNING

DEMOBILIZATION PHASE

☐ Deactivate your assigned position and close out logs when authorized by the EOC Director.

☐ Complete all required forms, reports, and other documentation. All forms should be submitted through your supervisor to the Planning Section, as appropriate, prior to your departure.

☐ Be prepared to provide input to the After Action/Corrective Action report.

☐ If another person is relieving you, ensure they are thoroughly briefed before you leave your workstation.

☐ Clean up your work area and leave a forwarding number before you leave.

PLANNING

3.3.3 Documentation Unit Leader

RESPONSIBILITIES

- Collect, organize and file all completed emergency related forms, to include: all EOC position logs, situation analysis reports, EOC Action Plans and any other related information, just prior to the end of each operational period.

- Provide document reproduction services to EOC staff.

- Distribute the EOC situation analysis reports, EOC Action Plan, and other documents, as required.

- Maintain a permanent electronic archive of all Situation Reports and Action Plans associated with the emergency.

- Assign an AA/CA Point of Contact (POC) to assist the EOC Coordinator (Emergency Services Manager) in the preparation, distribution and tracking of the After Action/Corrective Action Report.

- Supervise the Documentation Unit.

PLANNING

DOCUMENTATION UNIT LEADER CHECKLISTS

ACTIVATION PHASE

☐ Respond immediately to the EOC, identify yourself and locate your functional work area. Put on your vest and determine EOC operational status.

☐ Obtain briefing from available sources.

☐ Establish and maintain a Unit Event Log that chronologically describes your actions taken during your shift.

☐ Designate an individual/team to initiate the entire After Action/Corrective Action process for the event in accordance with ICS organizational structures, doctrine, and procedures. This individual/team will be the AA/CA Point of Contact (POC).

OPERATIONAL PHASE

☐ Meet with the Planning Section Chief to determine what EOC materials should be maintained as official records.

☐ Meet with the Recovery Unit Leader to determine what EOC materials and documents are necessary to provide accurate records and documentation for recovery purposes.

☐ Initiate and maintain a roster of all activated EOC positions to ensure that position logs are accounted for and submitted to the Documentation Unit at the end of each shift.

☐ Reproduce and distribute the Situation Reports and Action Plans. Ensure distribution is made to the Operational Area EOC.

☐ Keep extra copies of reports and plans available for special distribution as required.

☐ Set up and maintain document reproduction services for the EOC.

☐ Pass all event documentation to the AA/CA POC, the staff responsible for the development of the AA/CA Report. The AA/CA POC will:

> ☐ Identify all organizations involved in the event, exercise or training.
>
> ☐ Establish a reporting system to collect after action and corrective action information from all organizations involved in the event, exercise or training.
>
> ☐ Develop a timeline or work plan for completing the AA/CA Report.
>
> ☐ Establish an AA/CA Report Team, as necessary, to assist in the AA/CA Report development process.
>
> ☐ Determine the AA/CA Reporting mechanism to be used for the AA/CA Report (AA/CA Report Survey or Briefing/Hot Wash Survey).
>
> > ☐ Identify when and where AA/CA Hot Wash will occur and send out AA/CA Report survey form to those involved in the event.

PLANNING

☐ Conduct AA/CA Hot Wash involving all those activated or participating in the event; document all Hot Wash comments and consolidate into one overall report.

☐ Send out AA/CA Report survey to those personnel who could not attend the AA/CA Hot Wash.

☐ Initiate development of the AA/CA Report using all the compiled information from the Hot Wash and the AA/CA Report surveys that were returned.

☐ Identify points of contact for each organization that will receive the AA/CA Report.

☐ Establish suspense dates throughout the process for completing and forwarding AA/CA Reports to meet compliance deadlines:

- For declared states of emergency, local governments forward AA/CA Report to their respective Cal OES Region within 90 days of the close of the incident or event to meet SEMS requirements.

- Cal OES Regions forward all AA/CA Reports to State Cal OES HQ POC.

- For all other events, forward the approved AA/CA Report to the next higher SEMS organizational level within 90 days of the close of the event.

☐ Develop a mechanism or planning tool that can be used for tracking identified corrective actions or lessons learned.

☐ Identify a point of contact responsible for tracking the corrective action to completion.

☐ Track the identified corrective action status through its completion or implementation and document the completion date.

☐ For federally funded exercises follow the applicable grant guidelines/conditions.

DEMOBILIZATION PHASE

☐ Deactivate your assigned position and close out logs when authorized by the EOC Director.

☐ Complete all required forms, reports, and other documentation. All forms should be submitted through your supervisor to the Planning Section, as appropriate, prior to your departure.

☐ Be prepared to provide input to the After Action/Corrective Action report.

☐ If another person is relieving you, ensure they are thoroughly briefed before you leave your workstation.

☐ Clean up your work area before you leave.

☐ Leave a forwarding phone number where you can be reached.

PLANNING

3.3.4 Advance Planning Unit Leader

RESPONSIBILITIES

- Development of an Advance Plan consisting of potential response and recovery related issues likely to occur beyond the next operational period, generally within 36 to 72 hours.

- Review all available status reports, Action Plans, and other significant documents. Determine potential future impacts of the emergency; particularly issues which might modify the overall strategic EOC objectives.

- Provide periodic briefings for the EOC Director and General Staff addressing Advance Planning issues.

- Supervise the Advance Planning Unit.

3.4 Logistics Section

This section contains functional descriptions, responsibilities, and checklists for personnel assigned to the Logistics Section of the Operational Area EOC. The checklists describe minimum activities that should be accomplished by personnel assigned to functional positions within the section.

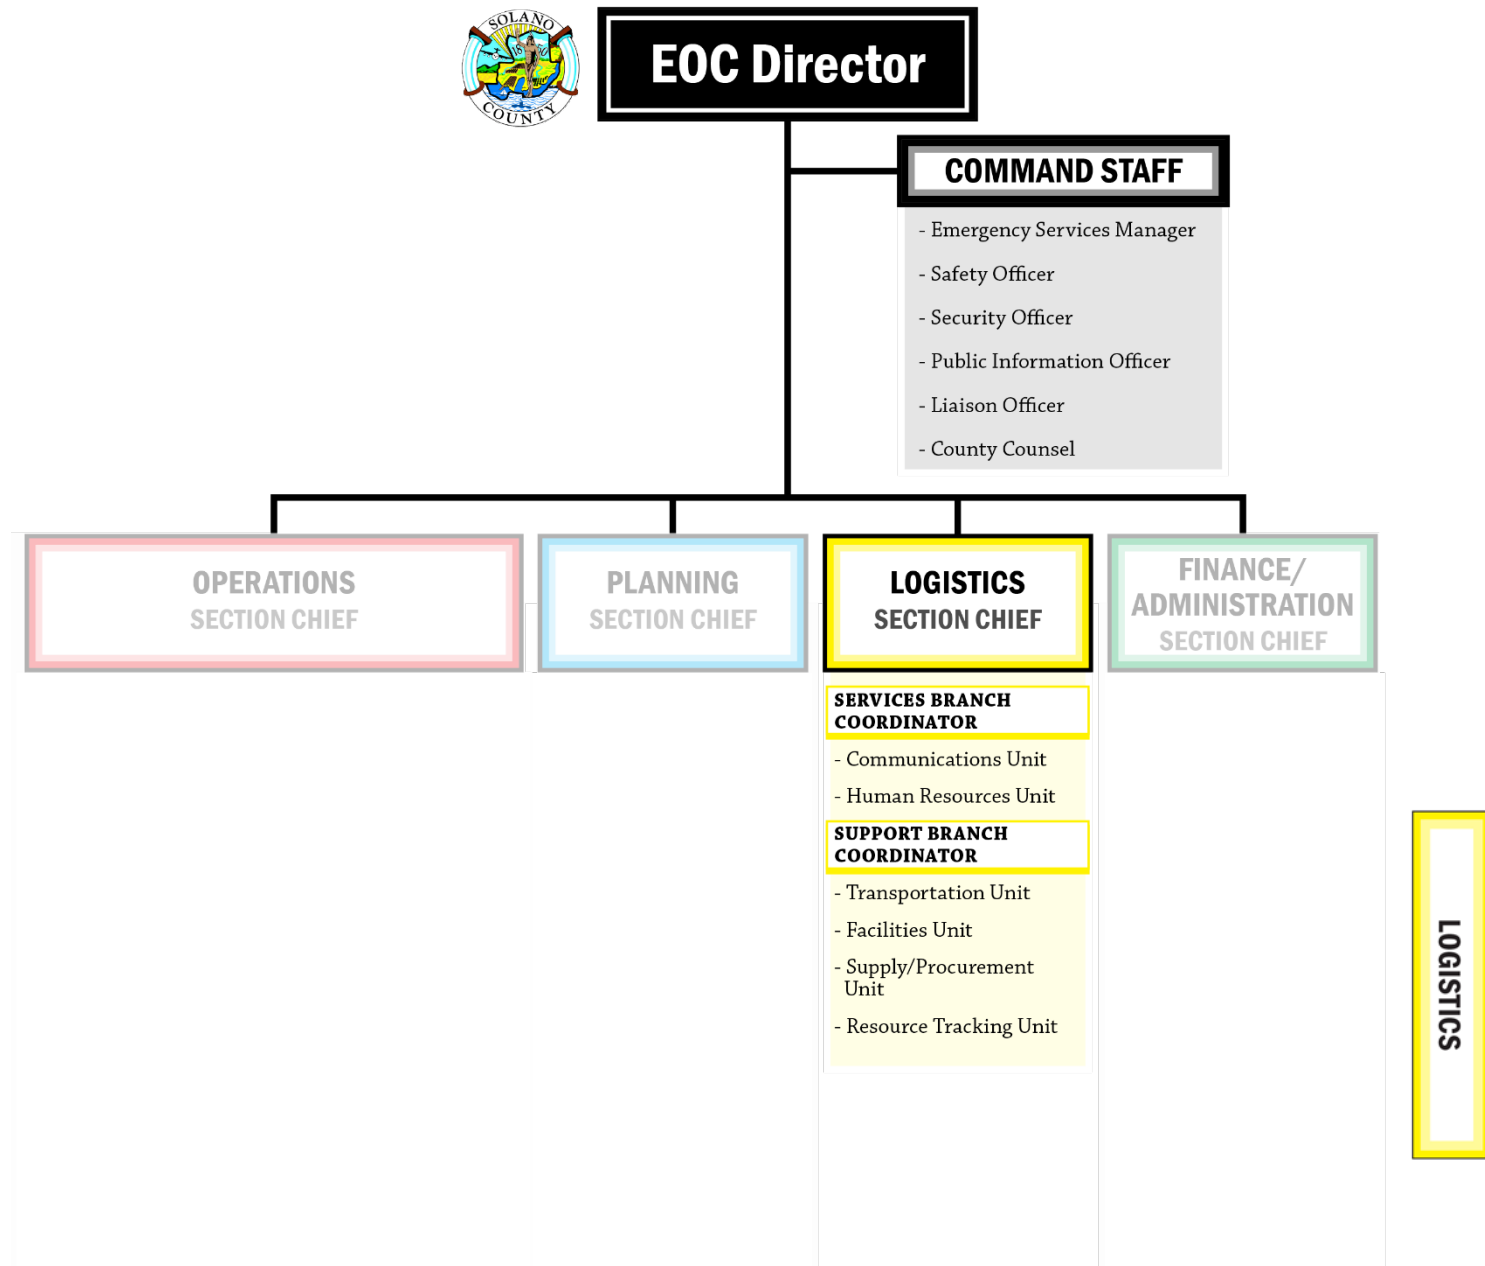

Figure 3-5: Logistics Section Organization Chart

When activated, the five primary EOC functions are established as separate <u>sections</u> of the EOC organization. Within each section, there may be several sub-functions that may normally be established as Branches and/or Units.

The functions described here are those activities that may need to be activated during EOC activation for the Logistics Section at the Operational Area EOC.

The determination of the appropriate level of staffing and lead agency to manage the function is the responsibility of Solano OES.

- Staff the section with the most qualified person in the discipline most closely aligned to the emergency. (Logistics and Finance/Administration sections may have a standard designation of personnel for all emergencies).

- Maintain a span of control not to exceed one supervisor for up to seven sub-functions.

- One person may have delegated authority for more than one area of responsibility. Usually this is done during the early portion of the Activation Phase or in the Demobilization Phase.

- Each of these functional areas can be expanded as needed into additional organizational units with further delegation of authority.

- If a section is not activated, the EOC Director will perform its responsibilities.

LOGISTICS

3.4.1 Logistics Section Chief

FUNCTION DESCRIPTION

The Logistics Section provides facilities, services, resources and other support services both to county agencies responding to the emergency to local governments in response to requests for resources, and to meet internal EOC operating requirements. Incident, DOC or agency, and local government requests for support directed to the EOC will be channeled through the EOC Operations Section. The Logistics Section Chief reports to the EOC Director.

RESPONSIBILITIES

- Ensure the Logistics function is carried out in support of the EOC. This function includes providing communication services, care and shelter, resource tracking; acquiring equipment, supplies, personnel, facilities, animal care, and transportation services; as well as arranging for food, lodging, and other support services as required.

- Establish the appropriate level of branch and/or unit staffing within the Logistics Section, to support county and local government responsibilities, continuously monitoring the effectiveness of the organization and modifying as required.

- Ensure section objectives as stated in the EOC Action Plan are accomplished within the operational period or within the estimated time frame.

- Coordinate closely with the Operations Section Chief to establish priorities for resource allocation to meet both county and local government requests.

- Keep the EOC Director informed of all significant issues relating to the Logistics Section.

- Supervise the Logistics Section.

ACTIVATION PHASE

☐ Respond immediately to the EOC, identify yourself and locate your functional work area. Put on your vest and determine EOC operational status.

☐ Obtain briefing from available sources.

☐ Establish and maintain a Unit Event Log that chronologically describes your actions taken during your shift.

☐ Ensure the Logistics Section is set up properly and that appropriate personnel, equipment, and supplies are in place, including maps, status boards, vendor references, and other resource directories.

☐ Based on the situation, activate branches/units within section as needed and designate Unit Leaders for each element:

☐ **SERVICES BRANCH**	☐ **SUPPORT BRANCH**
☐ Communications Unit	☐ Transportation Unit
☐ Human Resources Unit	☐ Facilities Unit
☐ Supply Unit	☐ Procurement Unit
☐ Animal Care Units	☐ Utilities Unit

☐ Mobilize sufficient section staffing for 24 hour operations.

☐ Advise Branches and Units within the section to coordinate with appropriate branches in the Operations Section to prioritize and validate resource requests from DOCs or Incident Command Posts in the field. This should be done prior to acting on the request.

☐ Meet with the EOC Director and Management/Command Staff and identify resource needs.

☐ Meet with the Finance/Administration Section Chief and determine level of purchasing authority for the Logistics Section.

☐ Assist branch and Unit Leaders in developing objectives for the section as well as plans to accomplish their objectives within the first operational period, or in accordance with the Action Plan.

☐ Provide periodic Section Status Reports to the EOC Director.

☐ Adopt a proactive attitude, thinking ahead and anticipating situations and problems before they occur.

LOGISTICS

OPERATIONAL PHASE

- [ ] Ensure that Logistics Section position logs and other necessary files are maintained.

- [ ] Meet regularly with section staff and work to reach consensus on section objectives for forthcoming operational periods.

- [ ] Provide the Planning Section Chief with the Logistics Section objectives at least 30 minutes prior to each Action Planning meeting.

- [ ] Attend and participate in EOC Action Planning meetings.

- [ ] Ensure that the Supply/Procurement Unit coordinates closely with the Purchasing Unit in the Finance/Administration Section, and that all required documents and procedures are completed and followed.

- [ ] Ensure that transportation requirements, in support of response operations, are met.

- [ ] Ensure that all requests for facilities and facility support are addressed.

- [ ] Ensure that all resources are tracked and accounted for, as well as resources ordered through Mutual Aid.

- [ ] Provide section staff with information updates as required.

DEMOBILIZATION PHASE

- [ ] Deactivate your assigned position and close out logs when authorized by the EOC Director.

- [ ] Complete all required forms, reports, and other documentation. All forms should be submitted through your supervisor to the Planning Section, as appropriate, prior to your departure.

RESOURCE TRACKING UNIT LEADER CHECKLISTS

ACTIVATION PHASE

☐ Respond immediately to the EOC, identify yourself and locate your functional work area. Put on your vest and determine EOC operational status.

☐ Obtain briefing from available sources.

☐ Establish and maintain a Unit Event Log that chronologically describes your actions taken during your shift.

OPERATIONAL PHASE

☐ Coordinate closely with all units in the Logistics Section particularly Supply/Procurement, Personnel, and Transportation.

☐ As resource requests are received in the Logistics Section, post the request on a status board and track the progress of the request until filled.

☐ Status boards should track requests by providing at a minimum, the following information; date & time of the request, items requested, priority designation, time the request was processed and estimated time of arrival or delivery to the requesting party.

☐ Work closely with other logistics units and assist in notifying requesting parties of the status of their resource request. This is particularly critical in situations where there will be delays in filling the request.

☐ An additional status board may be developed to track resource use by the requesting party. Information categories might include the following; actual arrival time of the resource, location of use, and an estimate of how long the resource will be needed. Keep in mind that it is generally not necessary to track mutual aid resources unless they are ordered through the Logistics Section.

DEMOBILIZATION PHASE

☐ Deactivate your assigned position and close out logs when authorized by the EOC Director.

☐ Complete all required forms, reports, and other documentation. All forms should be submitted through your supervisor to the Planning Section, as appropriate, prior to your departure.

☐ Be prepared to provide input to the After Action/Corrective Action report.

☐ If another person is relieving you, ensure they are thoroughly briefed before you leave your workstation.

☐ Clean up your work area before you leave.

3.5 Finance/Administration Section

This Section contains functional descriptions, responsibilities, and checklists for personnel assigned to the Finance/Administration Section of the Operational Area EOC. The checklists describe the minimum activities that should be accomplished by personnel assigned to functional positions within the section.

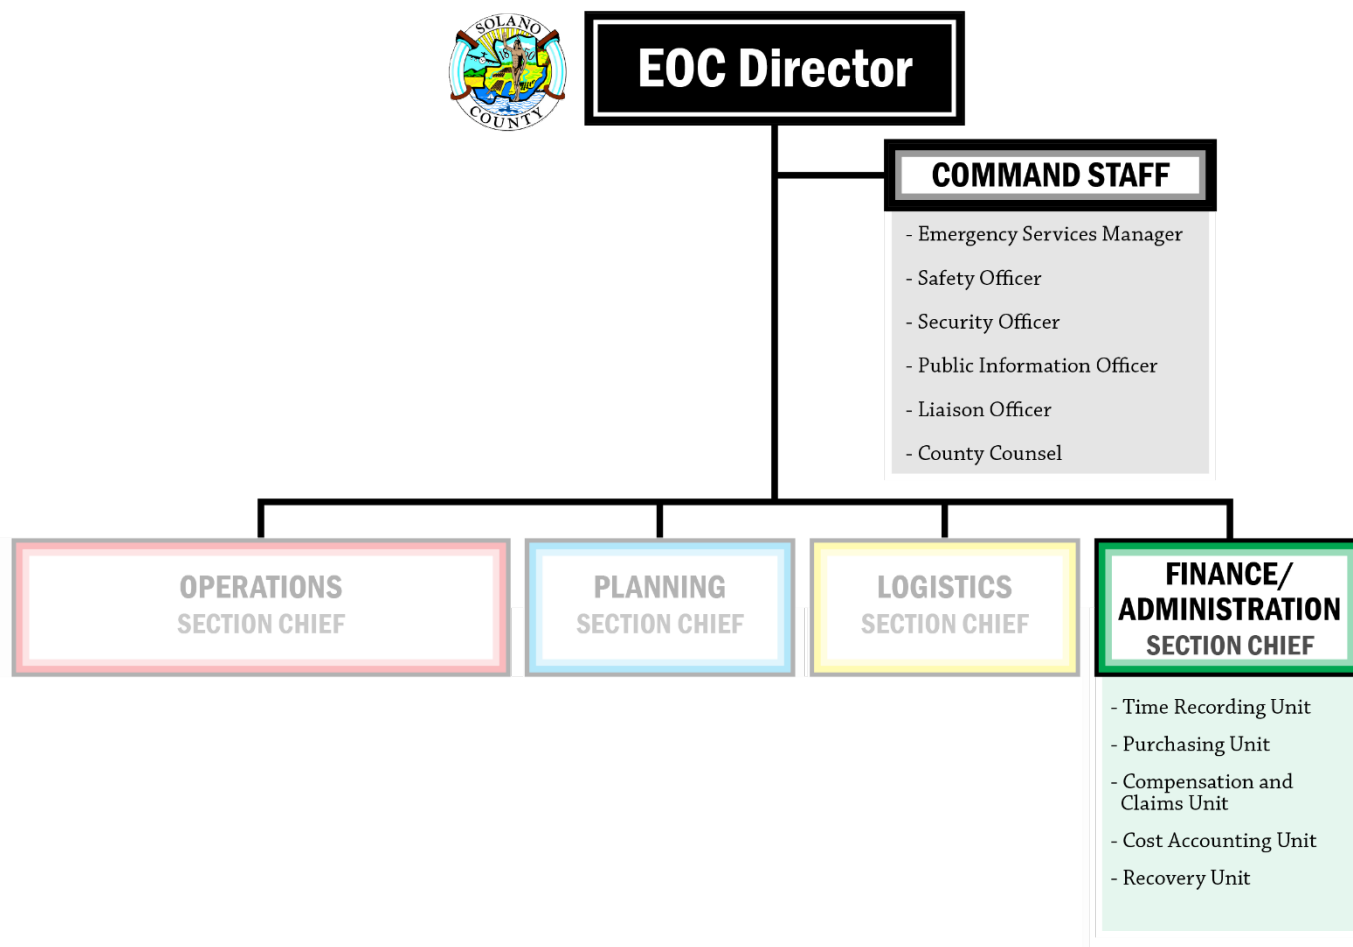

Figure 3-6: Finance/ Administration Section Organization Chart

When activated, the five primary EOC functions are established as separate sections of the EOC organization. Within each section, there may be several sub-functions that may normally be established as Units. The functions described here are those activities that may need to be activated during EOC activation for the Finance/Administration Section at the Operational Area EOC.

STAFFING

The determination of the appropriate level of staffing and lead agency to manage the function is the responsibility of the agency or jurisdiction at each SEMS level. In general the following conditions will apply:

- Staff the section with the most qualified person in the discipline most closely aligned to the emergency. (Logistics and Finance/Administration sections may have a standard designation of personnel for all emergencies).

- Maintain a span of control not to exceed one supervisor for up to seven sub-functions.

- One person may have delegated authority for more than one area of responsibility. Usually this is done during the early portion of the Activation Phase or in the Demobilization Phase.

- Each of these functional areas can be expanded as needed into additional organizational units with further delegation of authority.

- If a section is not activated, the EOC Director will perform its responsibilities.

3.5.7.1 Disaster Recovery Manager (DRM) Planning Checklist

Disaster experience has shown repeatedly that most disaster problems are management problems not skills problems. The following checklist covers basic disaster recovery management issues, such as who is in charge, from where will they be in charge and what information is needed and how this information will be obtained and communicated. The Disaster Recovery manager may use this checklist to establish a basic management system for recovery that is adaptable to the rapidly changing recovery environment.

☐ The Assistant County Administrator has been designated as the Disaster Recovery Manager (DRM) for the County. Decide on who will be assigned as Deputy Recovery Managers. These should be persons with executive experience who have the trust and confidence of the Disaster Recovery Manager. These persons need to be able to speak for the DRM and have the needed administrative support.

☐ Decide from where to manage recovery activities: Recovery is a big job and may take years to complete. Many jurisdictions plan for their EOC to transition to a Recovery Operations Center, but this is only a temporary solution as the EOC may be needed for emergency operations at some time during the recovery process.

☐ Decide what resources you need to manage recovery activities: Identify personnel, space and equipment needs ahead of time and have options available. Recovery is often the balance of doing the new requirements caused by the event and trying to get normal processes of government back to normal.

☐ Decide what information you need and how to get it: One of the main problems in recovery is not having the proper information to make critical decisions. Identify what information you need with respect to your department responsibilities and how you will get this information. Make sure the people or organizations who have the information you need know you need it! Consider developing relationships and agreements with outside agencies and organizations to share information.

☐ Decide how you relate to the next level up? If you are an agency or department, how do you relate and share information with the executives of your jurisdiction? Is it directly? Through the EOC? What information do they need? How detailed? How often? If you are a jurisdiction, how do you relate to the OES Region or to the State? Through their EOC? To their Recovery Manager?

☐ Decide how you relate to the next level down? Keeping your staff, constituents, customers, etc. informed is critical. Who speaks for the jurisdiction or department? How do you get information to your respective staff, constituents, customers, etc?

☐ Ensure everyone in your department or chain of command knows the above.
