# Budget Construction & Legal Requirements

---

## Purpose

This section of the budget document sets forth the Government Code Sections and administrative directives, as issued by the Office of the State Controller, pertaining to the form and content of the Annual County Budget. It describes the format of the Solano County Budget document and includes County ordinances and specific policies adopted relating to the County Budget.

## Legal Basis

The Government Code specifies the content of the budget, budget adoption procedures and dates by which actions must be taken. (Government Code 29000-29144)

## Forms

The budget document must be on forms prescribed by the State Controller in consultation with the Committee on County Accounting Procedures. (Government Code 29005)

## Permission to Deviate

A county may add to the information required, or show it in more detail, providing the financial information and the classifications or items required to be included in the budget are clearly and completely set forth. Any change proposed by a county in the arrangement of the information required on the forms shall be subject to review and approval by the State Controller.

## Funds and Accounts

Fund and account titles to be used by counties in the preparation of the budget are those contained in the publication, *Accounting Standards and Procedures for Counties*, issued by the State Controller. Special districts required to be included in the budget document must use fund and account titles contained in the publication, *Uniform Accounting System of Special Districts*.

## Basis of Accounting

The general operating group of funds (governmental fund type) are budgeted and accounted for utilizing the modified accrual basis of accounting. This group of funds is summarized on Schedule 1 of the budget document.

Internal service and enterprise funds are budgeted and accounted for utilizing the full accrual basis of accounting.

The basis of accounting utilized in this budget document is required by directive of the State Controller and Governmental Generally Accepted Accounting Principles (GAAP) and prescribed by pronouncements of the Governmental Accounting Standards Board (GASB).

## Legal Duties and Deadlines

### **State Controller** (Government Code 29005)

- To promulgate budget rules, regulations and classification and to prescribe forms.

### **Supervisors** (Government Code 29061, 29063, 29064, 29065, 29066, 29080, 29081, 29088, 29100, 29101)

- To hold hearings on budget estimates prepared by officials.
- To make revisions, reductions and additions to estimates.
- To formally approve the tabulations, as revised, as the Proposed Budget.
- To make the Proposed Budget available to the general public.
- To publish notice that the budget is available and to announce and conduct public hearings, as prescribed by law.
- To adopt the Final Budget by resolution for County and dependent Special Districts.

# Budget Construction & Legal Requirements

---

- To adopt tax rates.
- To levy property taxes.

## All County Officials (Government Code 29040)

- To submit itemized estimates of available financing, financing requirements, and any other matter required by the Board on or before June 10<sup>th</sup> of each year.

## Auditor or Administrative Officer as Designated by Board (Government Code 29040, 29042, 29045, 29060, 29062, 29065.5)

- To receive budget estimates from officials.
- To prescribe and supply budget work sheets.
- To submit budget estimates when official responsible has not done so.
- To prepare tabulation of estimates.
- To submit tabulation to the Board.
- To file alternate procedure for the Proposed Budget.

## Auditor (Government Code 29043, 29044, 29083, 29103, 29109, 29093, 29124)

- To furnish financial statements or data to responsible officials.
- To attend public hearings on Proposed Budget and furnish any financial statements and data required.
- To revise the Proposed Budget to reflect changes made by the Board.
- To calculate property tax rates.
- To forward statement of all County tax rates, assessed valuations and amount of taxes levied and allocated to the State Controller.
- To file copy of the Final Budget with the Office of

the State Controller.

- To approve all payments in accordance with the Adopted Final Budget.

## Budget Goals and Objectives

The County Budget sets forth the foundation for major Board policy actions and provides a fiscal “road map” for the direction of County government to follow, now and in the future. As such, the County Budget represents the single most important document that is prepared, reviewed and approved on an annual basis.

The intent of the Budget document is to:

- Provide a document in a format that is user friendly and readable in order to give the public a clear understanding about County government operations and funding. The County Statistical Profile gives the reader a comprehensive profile of the County.
- Provide specific goals and objectives, which can be used on an annual basis, to judge the progress of County Departments and operations in fulfilling their departmental goals and objectives as well as the County’s overall mission.
- Provide the Board and the public with a clear understanding of revenues and expenditures in the areas of Public Safety and Health & Social Services.

While many improvements have been incorporated into the process and the presentation of the Budget over the last several years, we have maintained the basic principles, goals and objectives of Solano County as the underlying foundation for the Budget. These include:

- The Budget must be balanced so estimated revenues equal appropriations.
- Wherever possible, the Budget should be balanced with ongoing and known revenue sources equaling ongoing and reasonably

# Budget Construction & Legal Requirements

---

expected expenditures.

- To the extent possible, one-time money should not be used for ongoing operations.
- Service levels should be maintained at the highest level, within funding constraints.
- Prudent Contingencies and Reserves should be increased in good years to guard against future uncertainties.
- Discretionary revenues should be maximized to allow the Board options for the funding of beneficial local programs and services.
- Accuracy and accountability in estimating and monitoring both revenues and expenditures throughout the fiscal year.
- The Budget should, wherever possible, anticipate and make provisions for uncertain funding for County operated programs.

In reference to the stated goals and objectives above, there are several policy guidelines that were followed and maintained in developing this Budget:

- Proposition 172 funds have been allocated to maximize public safety benefits.
- Realignment revenues have been allocated to Health & Social Services.
- Continue to increase General Fund Contingencies and Reserves, whenever possible, to safeguard from future uncertainties.

## Budget Policies of the Board of Supervisors

In addition to the legally required duties, there are certain actions to implement the budget process, which the Supervisors may take.

- Changing the arrangement of information on budget forms, upon approval of the State Controller. (Government Code 29005)

- Designation of data, in addition to available financing and financing requirements included in departmental estimates. (Government Code 29006)
- Selection of method of presenting supporting data for salaries and wages appropriations. (Government Code 29007)
- Designation of Auditor or Administrative Officer to receive budget estimates. (Government Code 29040, 29042)
- Designation of Auditor or Administrative Officer to submit estimates in event of nonperformance by responsible official. (Government Code 29045)
- Designation of Administrative Officer to prepare budget tabulation on prescribed forms. (Government Code 29061)
- Designation of Administrative Officer to hold budget hearings and recommend changes to tabulation. (Government Code 29062)
- Adoption of alternate Proposed Budget Procedures. (Government Code 29065.5)
- Authorization of additional appropriation controls and designation of official to administer controls. (Government Code 29090).
- Approval of new positions and fixed assets prior to Final Budget adoption. (Government Code 29124)
- Designation of official to approve transfers and revisions of appropriations within a budget unit. (Government Code 29125)
- Approval of budgetary adjustments. (Government Code 29125, 29126, 29126.1, 29127, 29130)
- Designation of official to whom Auditor shall submit statements showing conditions of budget appropriations and estimated available financing. (Government Code 29131)

## Adopted Budget Policy

The FY2005/06 Budget Hearings were held on Monday, June 27, 2005.

The Board of Supervisors has designated the County Administrator as the official responsible to carry out all County budgetary responsibilities not specifically reserved to the Board of Supervisors, Auditor or State Controller.

Chapter 2 of the Solano County Ordinances provides additional information on established County policies. Sections 2-40 through 2-47 specifically address the duties of the County Administrator. Section 2-45 delineates the County Administrator's role in budgetary matters. These duties include:

- Develop budget instructions and policies, revenue estimates, and departmental budget targets to guide departments in budget preparations.
- Recommend to the Board of Supervisors an annual County operating budget based on revenue projections, budget targets and proposed goals, objectives, work programs and projects developed by the various departments.
- Recommend to the Board of Supervisors a capital budget based upon long-range plans for acquiring, constructing or improving buildings, roads, and other County facilities.
- Recommend to the Board the acquisition and disposition of real property, except for County roads, easements, and rights-of-way which shall be the responsibility of the Director of Transportation.
- Establish a control system or systems to insure the various County departments and other agencies under the jurisdiction of the Board of Supervisors are operating within their respective budgets.
- Recommend requests to the Board for unforeseen and unbudgeted expenditures.

- Approve fund transfers and budget revisions within appropriations.
- Recommend to the Board any fund transfer requests requiring Board action under state law.
- Establish policies for acquiring additional or replacement fixed assets.
- Keep the Board informed of the financial status of the County and of other matters of major significance which affect the County.

## Budget and Fiscal Policies Adopted for FY 2005/06

### Budget Policy

1. General Fund Emphasis: Budgets should be prepared with a goal that the FY2005/06 Net County Cost or General Fund Contribution to programs will not exceed the FY2004/05 level, pending the outcome of actual Year End Fund Balance. Wherever possible, reductions in General Fund Contribution or Net County Cost should be sought. On a selective basis, increases in General Fund Contribution or Net County Cost may be proposed, consistent with the Board's priorities and if necessary to maintain existing staffing levels.
2. Use of Tobacco Master Settlement Agreement (MSA) funds: If necessary, the Requested Budget could include the use of MSA dollars to fund existing County health programs, freeing up General Fund dollars for other priorities. Involve the MSA Advisory Committee to consider the impacts on the County budget and the MSA process.
3. Contributions to Outside Organizations: The Requested Budget should not include contributions to outside organizations, such as the State Courts.
4. Maximize the Board's Discretion: Wherever legally possible, revenues are to be treated as

# Budget Construction & Legal Requirements

---

discretionary resources, rather than as dedicated to a particular program or service. The goal is to give the Board as much flexibility as possible in allocating resources to local priorities. To the extent allowed by law, fund existing programs or activities with dedicated funding sources. This will free up scarce discretionary resources to fund Board priorities.

5. Pursuit of New Revenues: Pursue additional revenue sources, to the fullest extent possible for all services, as well as total cost identification (including indirect costs) for fee setting purposes. To the extent possible, any new revenue sources for programs receiving General Fund support should be used to offset the cost of existing staff and programs, rather than funding new staff or programs.
6. Discretionary Programs: Do not propose new discretionary programs unless the programs are fully funded in FY2005/06 and continue to do so in future years.
7. Pursue Operational Efficiencies: Explore reducing expenditures and maximizing revenues through consolidation of functions and streamlining of County operations.
8. County Share: If funding is reduced, there should be no increased County share for programs funded primarily from non-General Fund sources, unless increased County share is mandated or the program is a high priority for the Board of Supervisors and the amounts are reasonable in light of the County's fiscal situation.

## General Fund Reserve Policy

On February 6, 2001, the Board adopted a policy to establish General Fund reserves equal to 5% of the County's total budget, excluding intra fund transfers.

The following will guide how reserves should be used:

1. Use the General Fund reserve to phase into fiscal distress periods gradually, focusing on maintaining the Board's Priorities.
2. To the extent possible, use the General Fund reserve as the last resort to balance the County Budget.
3. Keep a minimum of \$10 million in the General Fund reserve at all times. To the extent possible, the spending of General Fund reserves should not exceed \$4 million a year.

## Resource Reduction Strategy

In the event reductions in resources in any fiscal year require actions to balance the Budget, the County will be guided by the following:

### A) General Philosophy

1. To the extent possible, across-the-board reductions in expenditures will be avoided. Reductions will be made on a case-by-case basis. The emphasis will be on conserving General Fund discretionary resources to finance high priority programs, as set forth in the Board's Priorities and as may be further defined by the Board. If necessary, funding for lower priority programs will be reduced or eliminated to ensure expenditures remain in balance with resources.
2. The County administers a number of costly State programs that are heavily funded by State and Federal dollars. Compared to the State and Federal governments, the County has only limited ability to raise revenues. Recognizing that, in the event of a substantial reduction in resources for these programs, the County's goal, to the extent legally possible, is to avoid back-filling reductions in State and Federal dollars with County discretionary dollars.
3. Maintaining a highly professional service delivery system is of foremost importance to the County. Thus, if it becomes necessary to make significant service delivery reductions, the goal will be to reduce the quantity of a service provided rather than the quality of service.

# Budget Construction & Legal Requirements

---

4. Finally, every effort will be made to continue capital and planning programs geared to meeting the County's long-term needs.

## B) Resource Reduction Priorities

### Short Term Actions

The following actions will be considered when dealing with the immediate impact of a reduction in resources. The purpose of these actions is to achieve immediate savings and/or better position the County to deal with the impact of longer-term actions once they are implemented. The actions are listed in priority:

1. A selective hiring freeze will be implemented. Funding sources, Board priorities, the type of positions, the critical nature of the program and the potential for service delivery disruption will be considered in implementing the hiring freeze.
2. Implementation of new programs, not fully operational, that are not fully revenue offset, will be halted.
3. Purchase of equipment will be selectively deferred. Funding source and impact on service delivery will be considered in implementing the deferral.

### Long Term Actions

The following actions will be considered when dealing with the longer-term impact of a significant reduction in resources. As appropriate, these reductions will be reflected in Proposed Budgets and/or mid-year budget adjustments. The actions are listed in priority order and lower priority actions will be implemented only if higher priority actions are insufficient to deal with the fiscal shortfall:

1. Eliminate, or greatly reduce, General Fund support to outside agencies that are not funded by a dedicated revenue source and are not controlled by the Board. This refers to funding of outside agencies whose programs the County has

determined would not be provided directly by the County.

2. A moratorium will be placed on implementing new programs or expanding existing programs if the cost of those programs or expansions is not fully revenue offset and a secure long-term funding source is not identified.
3. General Fund discretionary contributions to certain programs that are primarily the State's responsibility will be capped at current levels, to the extent legally possible. Except as required by law, the County will not use General Fund dollars to backfill reductions in State or Federal funding for these programs.
4. Moderate service level reductions will be proposed on a case-by-case basis. These service level reductions will focus first on reducing General Fund support for those programs that have not been identified as a high priority by the Board.
5. Discretionary resources that have been earmarked by the Board for certain purposes will be proposed for re-allocation to fund on-going programs that are a priority for the Board.
6. Major program reductions will be proposed in accordance with the Board's Priorities and the General Philosophy described above. These reductions will fall into two general categories:

➤ Program reductions proposed in response to a reduction in County discretionary revenue. In this case, reductions will be made first in those programs not related to the Board's adopted Priorities. Core Services may also be affected. If it is necessary to make reductions in programs related to the Board's Priorities, programs will be considered in the following order:

- Invest in the Future
- Land Use
- Agriculture
- Public Protection Programs for Adults
- Health Programs for Adults

# Budget Construction & Legal Requirements

---

- Health and Protection Programs for Children

- Program reductions will be made in response to significant reductions in State funding for programs that are primarily the State's responsibility. In this case, the County will consider returning responsibility to the State for operating those programs, to the extent permitted by law. Where returning responsibility to the State is not legally possible, County General Fund support for these programs will be reduced to the minimum level possible, consistent with State mandate requirements.

In addition, in February 2003, the Board approved the following actions until further notice, to help build as large a General Fund balance as possible:

- The voluntary selective hiring freeze was hardened. CAO approval was required to fill positions and approval granted only if the positions are fully revenue offset or are critical to the program operations. In addition, this requirement extended to extra help positions.
- Departments are directed to immediately halt the implementation of all new programs that are not already fully implemented.
- Departments are required to obtain CAO approval for the purchase of all equipment valued over \$500. Approval will be granted only if the cost of the equipment is fully revenue offset or is critical to program operations.
- Departments were directed to take whatever steps are necessary to end the fiscal year with no increase in County Contribution. Specifically, the County Administrator was not to recommend an increase in County Contribution to backfill for a reduction in State revenues.
- Departments were directed to control and

reduce travel costs. Only travel critical to program operations was permitted.

## Summary of Designated Responsibilities for Actions

As previously discussed, State laws and County ordinances prescribe the manner and form in which the Budget is presented. Additional responsibilities and the delegation for preparation, review and approval are also established by statute and ordinance, and by policies coordinated through the Board of Supervisors, the County Administrator and the Auditor-Controller's Office.

Listed below are additional actions, which require a **four-fifths** vote of the Board of Supervisors:

- Appropriation increases within a fund.
- Appropriations from contingencies.
- Appropriations for unanticipated revenues.
- Reduction of appropriations and revenues for unrealized funding.
- Transfer between funds.
- Transfers from designated reserves.
- Transfers from equipment replacement reserves.
- Transfers from general reserves (only during budget process).

Listed below are additional actions requiring a **majority vote** of the Board of Supervisors:

- Approval of a fixed asset over \$50,000 that does not increase the overall department budget.
- Approval of contracts and amendments when the aggregate amount of the contract and amendment(s) is in excess of \$50,000 per fiscal year.
- Approval of petty cash accounts over \$3,000.

## *Budget Construction & Legal Requirements*

---

➤ Transfers between departments within a fund.

➤ Transfers between Capital Projects.

Listed below are the actions delegated to the County Administrator:

➤ Approval of a fixed asset up to \$50,000 that does not increase the overall department budget.

➤ Approval of a fixed asset in lieu of one already budgeted.

➤ Transfers between divisions, bureaus and sections within a department provided the total appropriation of the budget is not changed.

➤ Transfers less than \$50,000 from salaries and benefits (Accounts 1110-1999) within a department.

➤ Control transfers to and from the following accounts: Salary/Wages-Extra Help (1121); Compensation Insurance (1240); Insurance-Risk Management (2050); Liability Insurance (2051); Central Data Processing (2266); Energy Retrofit costs (2362); and Countywide Admin Overhead (3710).

➤ Approval of contracts and amendments when the aggregate amount of the contract and amendment(s) is less than \$50,000 per fiscal year.

➤ Approval of appropriation transfers to increase the Fleet budget when Departments have acquired approval for new vehicles.

➤ Approval of appropriation transfers for Operating Transfers In when an Operating Transfer Out has already received Board approval.

➤ Approval of modified work weeks and flexible work schedules for County Departments, provided that the County Departments can show a demonstrated benefit for the County, and if applicable meet its obligation under the Meyer-Miliias-Brown Act (MMBA) with represented

employees.

➤ Approval of grant application submissions when the amount of the application is less than \$50,000 per fiscal year.

Listed below are actions delegated to the Director of Human Resources:

➤ Affirm the following counties as the seven comparable counties for determining compensation: Contra Costa, Marin, Santa Cruz, Sacramento, Sonoma, San Joaquin and Stanislaus.

When you look at the County population over a 10-year period beginning in 1996, the steady, constant growth is apparent. The County population is increasing an average of 1.3% annually with the most

notable changes occurring in the cities of Rio Vista with a 87.5% increase, and Dixon with a 31.9% increase over the past 10 years.

## Benchmark Counties

When reviewing the County of Solano’s economic health, our County government’s financial capacity, and our delivery of services to residents of unincorporated areas, we inevitably compare ourselves from the current year to past years.

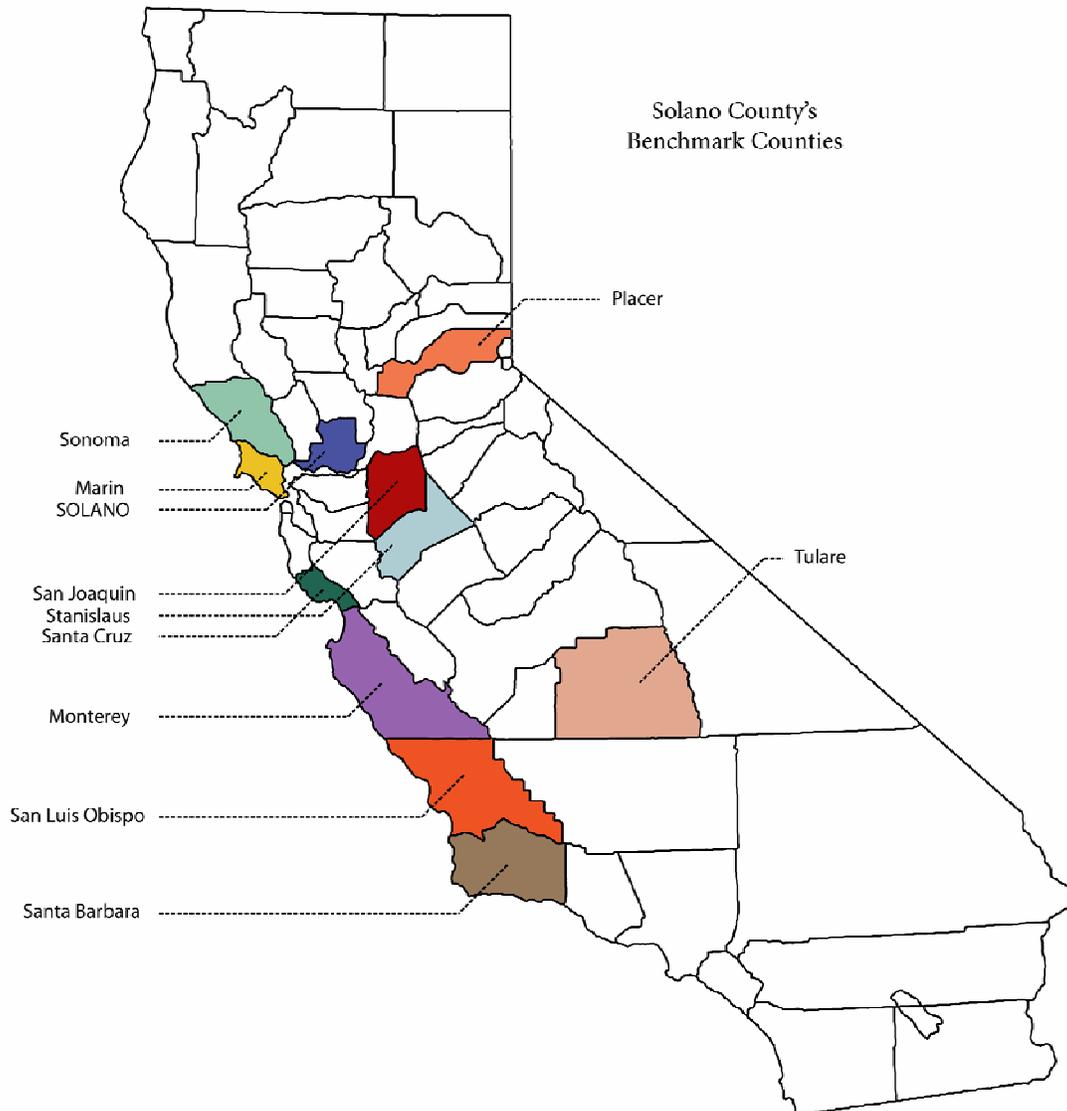

Additionally, the question of how we compare with other counties is often asked. This leads to the question: Which counties should we use for comparison purposes?

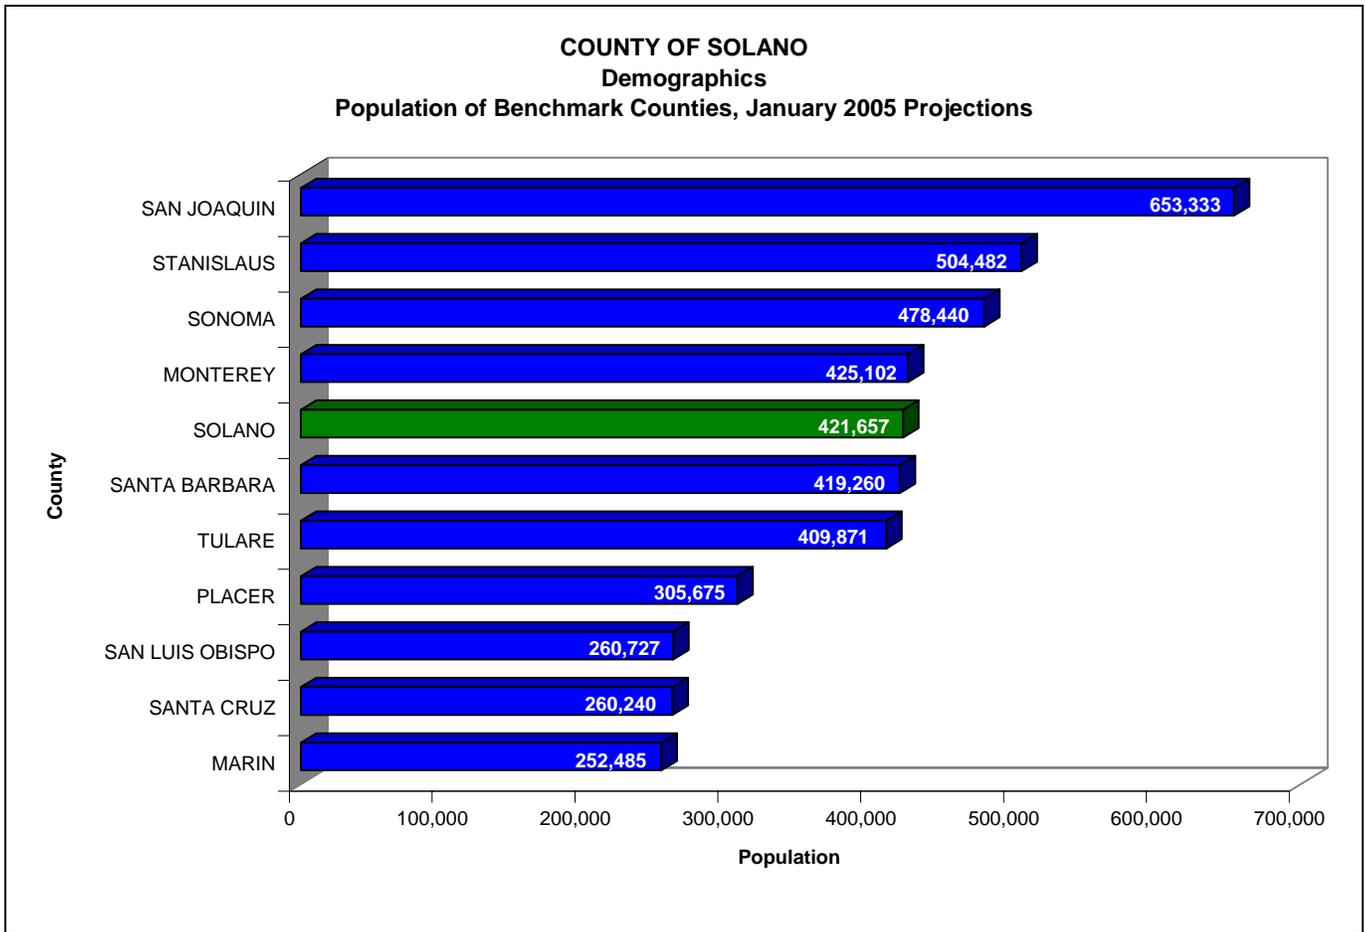

# County Statistical Profile

---

We have selected a group of ten counties that are used for comparisons in the following five tables. The County of Solano has the following characteristics in common with each of these counties:

- They are the ten counties closest to Solano in population – four with higher population and six with lower population.
- A total population of more than 260,000 but less than 660,000.
- All include both suburban and rural environments.
- None contain a large metropolitan city.
- Seven are coastal or Bay Area counties.
- Most have the same urban growth vs. rural preservation issues facing Solano County.

As is shown in the following tables entitled Population Density and Percent of Population Residing in the Unincorporated Area, while Solano County has a high per-square-mile population density, its residents are concentrated in cities. According to the California Department of Finance's January 2005 estimates of city and county populations on a Statewide basis, 82% of California residents live in cities and 18% in unincorporated areas. In contrast, in Solano County, 95% of residents live within the County's seven cities. Over 60% of County land area is comprised of farmland and open space. This phenomenon was not an accident. In the early 1980's the residents of the County passed the Urban Growth Initiative, Measure A, which limits most urban growth to incorporated cities. This unique

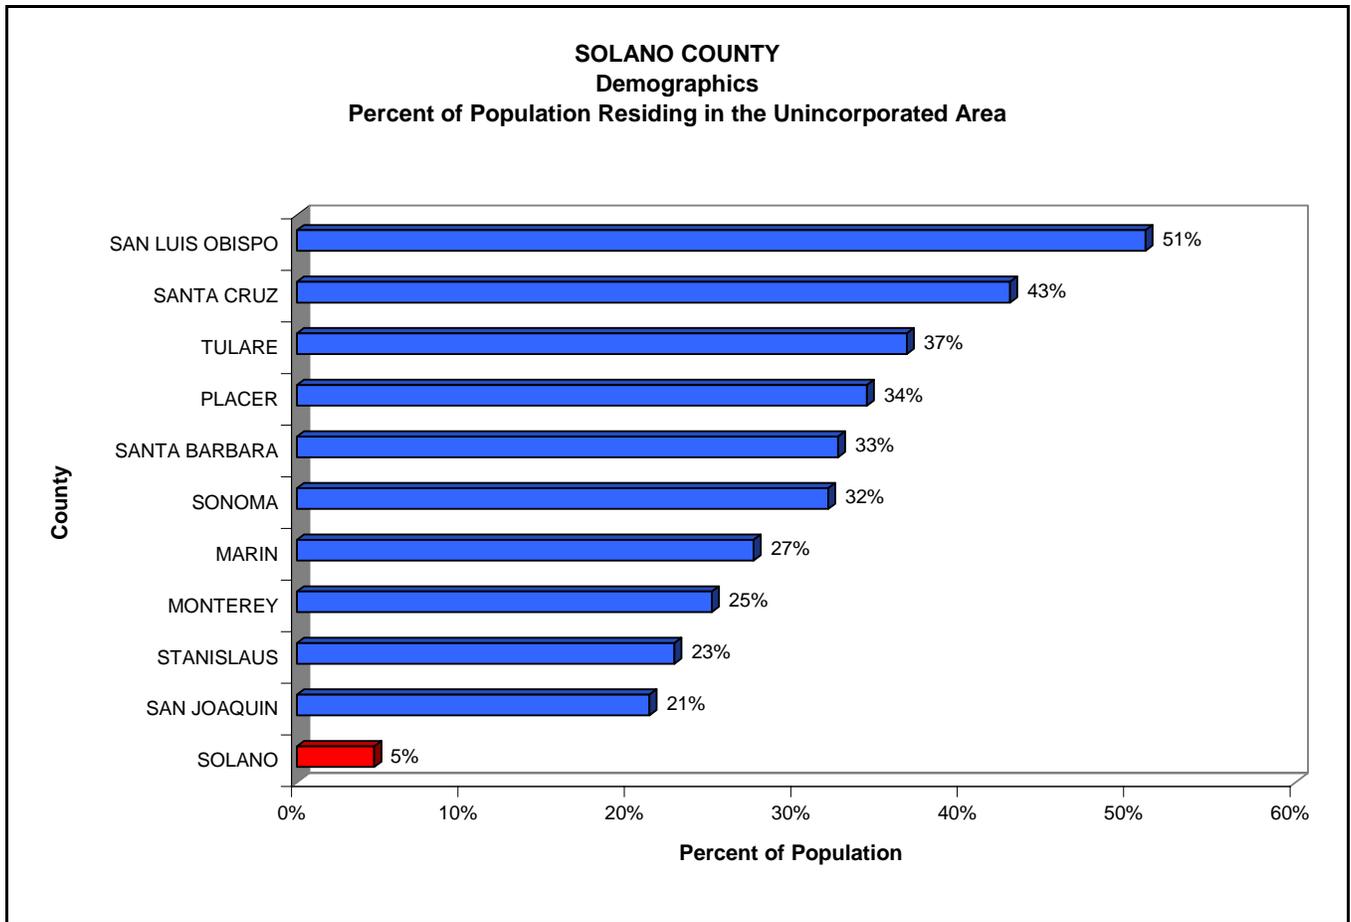

mixture of a sizeable urban population and a large rural/agricultural base creates many problems and challenges for County government. These include: balancing continuing urban growth pressures with the need to preserve agriculture and open space; problems in the transition zones between urbanized areas and agricultural areas (land use, pesticide use, dust, odors and vermin); coordination of infrastructure transitions from the urban areas to the rural areas (reliever routes, upgraded feeder streets/roads, flood control); and the largely urban driven need for health, public assistance and law and justice services, with little County government control or influence in promoting initiatives in the urban environment that would create long-term improvements.

## Population and Demographic Profile

The following charts entitled Demographics – Population by Age Group and Demographics – Population by Percentages in Various Age Groups show that the 60+ age group of Solano County residents is the fastest growing population segment with a 31.6% increase in the 5 years from the 2000 Census to the 2005 Census projections. This segment also increased its Countywide percentage share by 3.1% in the same time period, from 12.8% of the County population to 15.9%. Next in growth is the 45 to 59 age segment with a 12.2% increase from the 2000 Census and a shift from 18.6% to 19.6% of the County population.

The 5 to 14 age group has decreased (4.1%) and the 25 to 44 age group has decreased (3.6%) from the 2000 Census.

The primary wage earning segment, the 25 to 44 age group, shows a modest decrease from 2000 Census to 2005 and is expected to decrease into 2010 while the 45 to 59 and the 60+ age groups are projected to increase.

The age demographics in Solano County are very similar to those of the State of California and the trend of these demographics indicators are consistent with the current “graying” of a large segment of the American population. The “Baby Boom” generation (those born between 1946 and 1964) represents a significant segment of the nation’s population, and they will begin reaching retirement age (65) in 2011. Over 35.6% of Solano County’s population is over 45 years of age, which is consistent with the demographics of the State of California.

## Population Living in Poverty

The U. S. Census Bureau's 2003 poverty level figures show 10% of the County population living at or below poverty level. The U.S. Census Bureau's statistics on poverty provide an important measure of the country's economic well-being and are sometimes used nonstatistically to assess the need or eligibility for various types of public assistance.

Poverty statistics presented use thresholds prescribed for federal agencies by Statistical Policy Directive 14, issued by the Office of Management and Budget (OMB). While the County's level is not acceptable, it should be noted that only three of the Benchmark Counties have lower rates. The County's rate is a significant improvement over the 13% State rate for population living at or below poverty level.

## Population by Ethnicity

The Department of Finance Demographic Research Unit information comparing the 1990 and projected 2005 data indicate that the percentages of ethnic minorities have increased in all categories as well as on an overall basis. The White segment of the population has decreased (14.6%) over the past five years. This represents a decline of (9.8%) from 49.8% in 2000 to 40% of the 2005 overall projected percentage of population. The most significant increase occurred in the Hispanic category with a 35.5% increase over the 2000 population, which is a 4.8% increase in the overall percentage of the 2005 population.

The Black category posted a 19.2% increase over the 2000 population or a 1.4% increase in the overall percentage of the 2005 population. The Asian category followed closely with a 13.5% increase over their respective 2000 population data, which is a 2.5% increase in the overall percentage of the 2005 population. The Other category (which includes Native Americans, Alaskan, Hawaiian and Pacific Islanders and the new Two or More Races category) population segment increased 33% over the same 5-year period and represents 6.4% of the County's population.

## Employment and Economic Growth

Solano County has experienced steady employment growth along with its 14.6% increase in population in the last decade. A profile of the commute patterns completed by the Employment Development Department in March 2003 shows that while the majority (60% or 125,400) of the County's workforce work in the County, approximately 40%, or 83,600, of County residents commute to surrounding counties to work. Contra Costa leads with 29% of the County commuters, followed by Alameda with 17%, San Francisco with 14%, Napa with 11%, Sacramento and Marin with 6%, Yolo with 5%, San Mateo with 4%, Sonoma with 3%, and Santa Clara with almost 2%. The remaining 4% of the workers cite work in more distant counties or indicate their employment as "All Over."

The figures from the State of California's Employment Development Department (EDD) and the Association of Bay Area Governments (ABAG) indicate a workforce of approximately 209,000 in Solano County, or 49.6% of the population. This is an increase of 22.7% over the past ten years and can be attributed to population and industry growth in California coupled with a moderate unemployment rate (5.5% for Solano County as of March 2005) in Bay Area counties.

The graph below shows the County's unemployment rate to the comparison counties and the State of California.

# County Statistical Profile

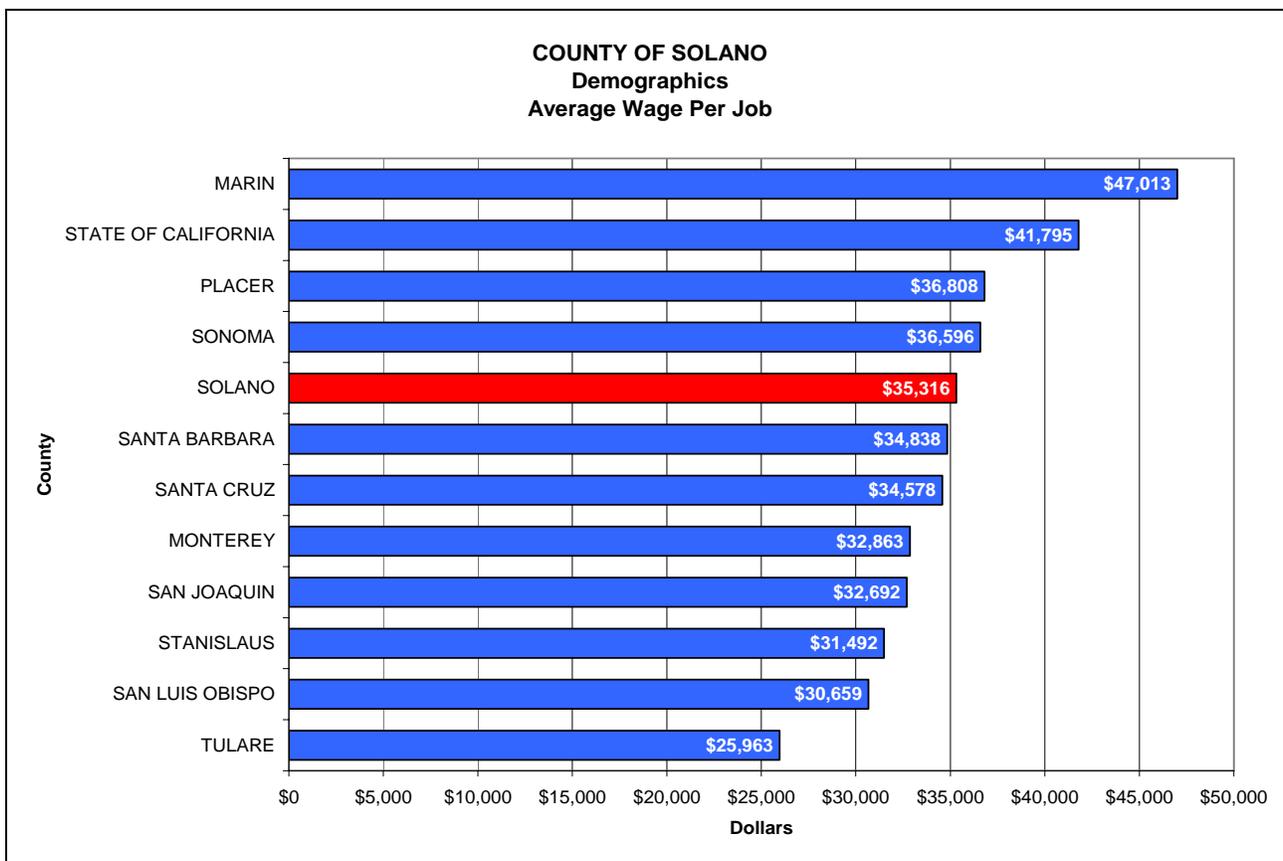

The high number of County residents who currently work out of the County, approximately 40% of the workforce, indicates that in most industries the number of employment opportunities lag behind the number of working County residents who have skills in each specific industry. The job growth in Solano County showed moderate increases totaling 20.3% over the 14-year period since 1990. The ABAG projections through 2010 show Solano County growth rates at approximately 2% percent per year, or 9% over the next 5 years. At this pace, a significant percentage of County residents will continue to commute to neighboring counties to work.

Since the year 2000, 11,900 new jobs were created. The fastest growing County industries since 2000 by overall percentage gain are:

- Financial and Leasing sector with 1,550 new jobs, or 18.1%.

- Professional and Managerial Services with 1,610 new jobs, or 16.5%.
- Health and Education Services with 3,970 new jobs, or 13.6%.
- Arts, Recreation and Other Services with 2,100 new jobs, or 11.8%.
- Construction with 1,140 new jobs, or 10.9%.
- Retail sector with 1,150 new jobs, or 6.5%.
- Transportation and Utilities sector with 310 new jobs, or 5.9%.

Despite the moderate job growth, Solano County's average wage per job of \$35,316 falls slightly above the median range of our comparison counties, as demonstrated by the following chart.

# County Statistical Profile

The graph below represents the distribution of the 148,640 jobs projected in various industries in Solano County in 2005. Of the 148,640 jobs:

- 2,010 or 1.4% are in Ag and Natural Resources;
- 2,300 or 1.5% are in Information;
- 5,530 or 3.7% are in Transportation and Utilities;
- 10,130 or 6.8% are in Financial and Leasing;
- 11,380 or 7.7% in Professional and Managerial Services;
- 11,560 or 7.8 % in Construction;
- 16,700 or 11.2% in Government;
- 17,200 or 11.6% in Manufacturing and Wholesale;
- 18,750 or 12.6% in Retail;
- 19,890 or 13.4% in Arts, Recreation and Other Services; and
- 33,190 or 22.3% in Health and Education Services.

If the County workforce were able to fill all the available jobs, we would still need 60,360 additional jobs to allow all of our residents to live and work in Solano County. In reality, it's unlikely that there would be enough jobs in appropriate industries for the existing workforce of 209,000.

## Gross Agricultural Crop Value

Sales of agricultural products continue to sustain the County's economy. With a 2004 estimated value of \$205,748,600, Solano County agriculture is diversified with approximately 70 different commodities including fruits, nuts, vegetables, grains, seed, nursery stock and livestock. The estimated value of Solano County agriculture is divided as follows: field crops \$49,073,900; animal production \$45,207,100; nursery \$43,645,00; vegetable crops \$36,903,400; fruit and nut crops \$23,804,600; and seed crops \$7,114,600.

Statewide data from all counties' 2003 commodity reports ranked Solano County 30<sup>th</sup> out of 58 counties in California in gross value of agricultural production and placed Solano County in the top five California counties for the production of sheep and lambs (18.6% of the State's production), Sudan Hay (13.7% of the State's production), Safflower (11.1% of the State's production) and Grain Corn (6.1% of the State's production).
