Independent Auditor's Review Report

June 15, 2015

Board of Supervisors
County of Solano
675 Texas Street
Fairfield, CA 94533

Chair & Members of the Board:

Pursuant to Government Code §26920, we have reviewed the accompanying Statement of Assets of the Solano County Treasury as of March 31, 2015. A review includes primarily applying analytical procedures to management's financial data and making inquiries of management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statement

Solano County Treasury's management is responsible for the preparation and fair presentation of the accompanying financial statement in accordance with accounting principles generally accepted in the United States of America and for designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of the financial statement.

Auditor's Responsibility

Our responsibility is to conduct the review in accordance with Statement of Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. Those standards require us to perform procedures to obtain limited assurance that there are no material modifications that should be made to the financial statements.

As required under Government Code §26920, the review also included a physical count of the cash in the Treasury and verification that the records of the County Treasury and the Auditor-Controller's Office are reconciled in accordance with Government Code §26905. In addition, we determined the accuracy, validity and compliance of the investments in the Solano County Treasury with Government Code §53601 and §53635. We believe that the results of our procedures provide a reasonable basis for our report.

Conclusion

Based on our review, we are not aware of any material modifications that should be made to the

accompanying financial statement in order for it to be in conformity with accounting principles generally accepted in the United States of America. Additionally, the Treasury investments appear to be within the guidelines of Government Code §53601 and §53635.

Other Matters

This report is intended for the information of the Board of Supervisors and the Treasury management. This restriction is not intended to limit the distribution of this report, which is a matter of public record.

Respectfully yours,
