## Consumer Perception Survey 2016 - Youth

In accordance with Department of Mental Health, the Solano Mental Health Plan (MHP) administered Consumer Perception Surveys from May 16 – 20, 2016 and from November 14 – 18, 2016. Surveys were available to all consumers that came into clinic and contractor locations for a service during this time. Completed surveys were collected and then were submitted to the Department of Mental Health.

The goal of this survey was to collect data for reporting on the federally determined National Outcome Measures (NOMs). Reporting on these NOMs are required by the Substance Abuse Mental Health Services Administration (SAMHSA), and receipt of federal Community Mental Health Services Block Grant (MHBG) funding was contingent on the submission of this data.
