3. **COUNTYWIDE INTEGRATED WASTE MANAGEMENT PLAN UPDATE**

Countywide Siting Element Planning Period 2025-2040

Staff: Narcisa Untal, Solano County / NUntal@solanocounty.com or (707) 784-3172

COUNTYWIDE SITING ELEMENT (CSE): The California Integrated Waste Management Act of 1989 (AB 939), as amended (Section 40000 et seq. of the California Public Resources Code), requires each county to prepare a Countywide Siting Element that describes how the county, and the cities within the county, plan to manage the disposal of their solid waste for a 15-year planning period. The CSE must be approved by a majority of the cities, containing a majority of the incorporated population in the county, by their respective City Council and Board of Supervisors before consideration of final approval by the California Department of Resources Recycling and Recovery (CalRecycle).

- 1995-2009 Solano County CSE (November 1995):
California Integrated Waste Management Board (CIWMB) – Approved 1996
- 2010-2025 Solano County CSE (July 2011):
CalRecycle – Approved 2012

4. **NONDISPOSAL FACILITY ELEMENT (NDFE)**

Staff: JT Lee, Solano County / JTLee@solanocounty.com

Effective January 1, 2012, there are no longer specific regulatory requirements for public noticing or approval to update an NDFE pursuant to AB 341, Chapter 4.5, Statutes of 2011. Jurisdictions should provide to the County any changes to facilities processing its recyclables and/or organics, or when siting a new nondisposal facility within its boundaries, that were not previously identified in the current NDFE. It is the County's responsibility to submit NDFE updates to CalRecycle to append the updated information currently on their file.

5. **SB 1383 CAPACITY PLANNING UPDATE**

Capacity Planning for Food Recovery 2024-2029

Staff: Erik Hagstrom, Solano County CivicSpark Fellow / EHagstrom@solanocounty.com

SB 1383 regulations require counties, and each jurisdiction located within the county, meaning cities, regional agencies, and special districts that provide solid waste collection services, to plan for adequate edible food recovery capacity.

6. **ADJOURN** to next regular meeting on Thursday, March 21, 2024
