PURPOSE STATEMENT – Community Corrections Partnership

The mission of the Community Corrections Partnership (CCP) is to discuss issues related to the implementation of various pieces of state legislation that focus on adult criminal offenders, including the realignment of many state public safety functions to local jurisdictions. The overall objective is to reduce the recidivism rate of adult offenders in the local criminal justice system.

Membership of the CCP is defined by the Community Corrections Performance Incentive Act of 2009 (SB 678) and includes the Chief Probation Officer (Chair)*, Presiding Judge of the Superior Court* or his or her designee, a County Supervisor or County Administrator, District Attorney*, Public Defender*, Sheriff*, the head of the Department of Social Services*, the head of the County Department of Mental Health, the head of the County Department of Employment, the head of the County Alcohol and Substance Abuse programs, the County Superintendent of Education, a local chief of police*, a representative of a community-based organization with experience in successfully providing rehabilitative services to persons convicted of criminal offenses, and an individual who represents the interests of victims.

Through AB 109/AB117 the CCP is responsible for recommending a local plan to the county Board of Supervisors (BOS) for the implementation of public safety realignment. This legislation also established an Executive Committee within the CCP. Each Executive Committee member is identified with an asterisk (*) above. The Executive Committee is responsible for approving the local plan for recommendation to the BOS.

This agenda shall be made available upon request in alternative formats to persons with a disability, as required by the Americans with Disabilities Act of 1990 (42 U.S.C. § 12132) and the Ralph M. ITEM TITLE: Discussion and review of the Solano County Public Safety Realignment Plan; Consider approving a recommendation authorizing Corrections Consultant Thomas White to review plan, and make recommendations to the CCP on any changes or revisions deemed necessary.		CCP MEETING DATE February 26, 2014	AGENDA NUMBER
Contact: Phone:	Christopher Hansen 784 – 4803		
	Published Notice Required?	Yes: _____	No: <u> X </u>
	Public Hearing Required?	Yes: _____	No: <u> X </u>

RECOMMENDATION:

It is recommended that the Community Corrections Partnership (CCP):

1. Discuss and review the Solano County Public Safety Realignment Plan.
2. Consider approving a recommendation authorizing Corrections Consultant Thomas White to review the plan and recommend revisions to the CCP.

SUMMARY:

On November 13, 2013, Chief Probation Officer Christopher Hansen asked the CCP Members to review the Solano County Public Safety Realignment Plan located on the Probation Department’s website, and identify any areas or information included in the plan that needed to be updated. It is recommended that Corrections Consultant Thomas White review the information identified by the CCP, conduct an independent review, and make recommendations to the CCP on any changes or revisions necessary to enhance the mission and the goals of the plan. Since the inception of AB109 in October 2011, Solano County has made strides in addressing the mandates outlined in AB109 and providing services to offenders. As such, it is important that the Public Safety Realignment Plan include the most up to date information related to programs and services in Solano County.

DISCUSSION:

The Board of State and Community Corrections (BSCC) requires counties to provide updates (budgetary and program specific) related to their Public Safety Realignment Plan on an annual basis. The CCP reviewed the Solano County plan in FY12/13 and no significant changes were noted. On November 13, 2013, Chief Hansen asked the CCP members to review the plan and identify any areas or information in the plan that needed to be updated. It is recommended that Corrections Consultant Thomas White, review the information identified by the CCP, conduct an independent review, and in concert with staff from county departments, make recommendations to the CCP on any changes or revisions deemed necessary in order to enhance the mission and goals of the plan.

In July 2012, the CCP approved a recommendation for a contract with Thomas White to provide support to the CCP and design the framework for the Centers for Positive Change (CPC). Mr. White's contract expires on December 31, 2014, which would allow sufficient time to review and make recommendations to the CCP related to the Public Safety Realignment Plan.

FINANCIAL IMPACT:

The tasks outlined in this item would be encompassed within the current contract with Mr. White, therefore, there would be no additional cost to the CCP budget.

ALTERNATIVES:

1. The CCP could choose not to review and update the Solano County Public Safety Realignment Plan. This is not recommended. It is important that the plan include the progress made in meeting the goals outlined and updates related to programs/services provided to offenders.
2. The CCP could choose not to approve a recommendation authorizing Thomas White to review information received from the CCP and update the plan as needed. This is not recommended since there is an existing contract in place with Mr. White which would encompass this task.

OTHER ORGANIZATION INVOLVEMENT:

Community Corrections Partnership, Solano County CAO, Solano County Sheriff, Solano County Health and Social Services, and Solano County Probation.

RECOMMENDATION:

It is recommended that the Community Corrections Partnership (CCP):

1. Receive an update on the employment/vocational services provided by the five existing pilot project vendors;
2. Consider supporting a recommendation to include the employment/vocational services funding currently administered by the Health & Social Services Department, in the Probation Department budget for FY2014/15 and direct the Chief of Probation or his designees to administer the funds beginning July 1, 2014; and
3. Consider authorizing the Chief Probation Officer to work collectively with the Sheriff, Health & Social Services, General Services and the County Administrator to facilitate a collaborative Request for Proposal (RFP) process for employment/vocational services for FY2014/15.

SUMMARY:

In May 2013 the Solano County Community Corrections Partnership initiated five employment pilot projects designed to deliver employment/vocation services through the Centers for Positive Change. Services commenced in September 2013 and are set to expire June 30, 2014.

In working to provide continuing employment/vocational services for FY2014/15, Health & Social Services in coordination with the Probation Department are recommending the CCP consider supporting a recommendation to include the employment/vocational services funding currently administered by the Health & Social Services Department, in the Probation Department budget for FY2014/15 and direct the Chief of Probation or his designees to administer the funds beginning July 1, 2014.

As the lead department, Probation would work collectively with the Sheriff, Health & Social Services, General Services and the County Administrator to facilitate a collaborative Request for Proposal (RFP) process for employment/vocational services for FY2014/15. This RFP would seek to contract for both in-custody and out-of-custody employment/vocational services and as such would receive a portion of the Sheriff's program funding. Information gathered from the five employment pilot projects will be used in developing the RFP, which is targeted for issuance in March/April 2014.

FINANCIAL IMPACT:

In FY2013/14 funding was included in the Adopted Budget under 2011 Public Safety Realignment for employment/vocational services in the Health & Social Services Department, Sheriff's Office, and the Probation Department. These funds were to be used for programing to deliver soft skills and vocational training for employment, job development services and for contracted employment/vocational services.

The total for five employment pilot projects is \$250,000. Of that amount, approximately \$110,000 has been expended to date.

Based on a review of the FY2013/14 Adopted Budget, \$750,000 has been identified in existing allocations under 2011 Public Safety Realignment which will be combined from Health & Social Services, Probation and the Sheriff's Office to be applied for FY2014/15 RFP for employment/vocational services.

DISCUSSION:

The five pilot projects are designed to serve 125 clients, and include vocational assessment, soft skills training, temporary job placement in vendors' stores, and permanent job placement in private industry. The vendors are:

- ANKA Behavioral Services for assessment, soft skills training and job placement (Vallejo/Fairfield)
- Dreamcatchers for assessment, soft skills training, internal store employment and job placement (Vallejo/Fairfield)
- House of Acts for housing, assessment, soft skills training, internal store employment and job placement (Vallejo/Fairfield)
- Mission Solano for housing, assessment, soft skills training, internal store employment and job placement (Fairfield)
- Michael's Transportation for assessment, vocational training, job preparation and job placement (Vallejo)

Vendors meet monthly with staff to coordinate employment services and work closely with staff at the Probation Department and Centers for Positive Change. As of February 1, 2014:

- 86 clients have been referred and of those, 42 are currently engaged and enrolled (50%);

- Of the 42 enrolled clients, 13 are currently placed in vendors' stores (31%), and
- Of the 42 enrolled clients 5 have already been placed in permanent employment (12%).

Under the existing process, Health & Social Services administers the five pilot project contracts for employment/vocational services and coordinates with Probation staff in the Centers for Positive Change to receive client referrals, coordinate vendor caseload, and ensure vendor services are delivered in accordance with contract terms and conditions. In reviewing the coordination of employment/vocational services, between Health & Social Services, Vendors, and Probation, it was identified by staff that closer coordination between Probation and the vendors will improve vendor communication and allow for a smooth transition for clients. It is therefore recommended that the contracts for employment/vocational services be administered directly by the Probation Department beginning in FY2014/15.

In addition to the contracts for employment/vocational services, in the fall of 2013, the Probation Department issued an RFP for Job Readiness and Job Placement Program Services in the Centers for Positive Change. The RFP requested assessment and development of an employability plan, job readiness training, job search and placement assistance, and job retention services. The department received limited response to the RFP and did not award a contract. Based on feedback received regarding the RFP it was indicated that some vendors choose not provide a proposal due to concerns about accomplishing the scope of work within the contract funding limits. To provide interim services the Probation Department contracted with the Workforce Investment Board (WIB) and worked with the five existing vendors.

In evaluating the existing contracts, and service delivery models in other Counties it was determined that several vendors provide a number of the services requested in the Job Readiness RFP as part of their standard program. For instance employment/vocational services vendors often offer basic job readiness training, resume writing etc. In planning for the RFP for employment/vocational services and job readiness and job placement services for FY2014/15 it is recommended that the RFP be combined, increasing the total available funding, and reducing the potential for duplicative services.

Further as the County endeavors to employ best practices it was identified that by coordinating with the Sheriff's Office and targeting to deliver basic job search and readiness skills in-custody a vendor would be able to build a bridge to out-of custody services once the individual is released. Thereby ensuring a warm handoff and reducing the timeline to gainful employment. In planning the RFP for FY2014/15 the Sheriff in coordination with Probation recommended that the RFP include a scope of work that encompasses in-custody services, to which the Sheriff will provide necessary funding from his existing program services budget.

In preparing to issue the RFP for FY2014/15 staff and members of the Education, Employment and Housing Committee visited the five pilot projects as well as other programs in San Mateo and Santa Clara counties. The list below includes some of the best practice recommendations identified as part of this process:

1. Implement a warm handoff from referral to client engagement.
2. Develop a flow chart that clearly identifies the critical areas for successful re-entry services.
3. Employ client engagement strategies to prepare clients for permanent job placement.
4. When appropriate, include employment services as part of the client's case plan.
5. Target services to clients under the jurisdiction of the Probation Department with a moderate to high risk to recidivate.

6. Ensure aftercare/support services are provided to increase job retention.
7. Create a system which can serve clients upon their release from county jail as well as those referred by the Probation Department. Currently, the vendor contracts have been amended to include referrals from the Sheriff's Office for selected individuals, as well as expanding the numbers referred by Probation.

The best practices identified above will be taken into consideration as the RFP for FY2014/15 is developed, issued and awarded.

It is therefore recommended that the CCP consider authorizing the Chief Probation Officer to work collectively with the Sheriff, Health & Social Services, General Services and the County Administrator to facilitate a collaborative Request for Proposal (RFP) process for employment/vocational services for FY2014/15. This RFP will seek to contract for both in-custody and out-of-custody employment/vocational services and job readiness and job placement services. Information gathered from the five employment pilot projects will be used in developing the RFP, which is targeted for issuance in March/April 2014.

ALTERNATIVES:

1. The CCP could choose not to receive a progress report on employment services. This is not recommended because the CCP requested to initiate five pilot projects to garner successful program components which this report explains.
2. The CCP could choose not to support the recommendation to issue a Request For Proposals for employment services starting July 1, 2014. This is not recommended since the CCP recognized employment services as a critical component to avert recidivism. Therefore, employment services should continue by way of the Request For Proposal process.

OTHER ORGANIZATION INVOLVEMENT:

Other agencies that partnered with staff include the Solano County Administrator's Office, Solano County Sheriff, Solano County Health and Social Services, and Solano County Probation Department.

**AGENDA SUBMITTAL TO SOLANO COUNTY COMMUNITY

ITEM TITLE: Consider a recommendation to approve the proposed schedule for Community Corrections Partnership meetings.		CCP MEETING DATE February 26, 2014	AGENDA NUMBER
Contact:	Christopher Hansen		
Phone:	784 – 4803		
	Published Notice Required?	Yes: _____	No: <u> X </u>
	Public Hearing Required?	Yes: _____	No: <u> X </u>

RECOMMENDATION:

It is recommended that the Community Corrections Partnership (CCP):

1. Approve the proposed schedule for Community Corrections Partnership meetings. The recommended schedule designates a minimum of three (3) meetings per year.

SUMMARY:

The CCP has met primarily on a monthly basis since December 2011 at the direction of the Board of Supervisors. In order to provide more data analysis, information related to trends, and updates in relation to services provided to clients, it is recommended that the CCP meet up to three (3) times per year. The proposed meeting schedule is outlined in the Discussion section.

DISCUSSION:

The information provided at the CCP meetings includes data and updates on programs and services. In addition, the CCP also reviews progress related to the goals outlined in the Solano County Public Safety Realignment Plan. Often times, the data has not changed significantly on a month to month basis. As a result, it is a challenge to make conclusions related to trends and outcomes. In addition, the County is not in the formative stage of implementing the plan and the service strategies which reduces the need to meet monthly.

In order to provide more data analysis as well as the clients' progress in programs and services, it is proposed that the CCP meet a minimum of three (3) times per year. The meetings will coincide with critical Board of Supervisors meetings to ensure that budgetary and program related action items are addressed. Any additional meetings will be scheduled as deemed appropriate by the CCP. The proposed meeting schedule is listed below:

- First Meeting: January (to review any Mid-Year actions)
- Second Meeting: April (to confirm the recommended budget for the upcoming fiscal year)
- Third Meeting: September (to present information related to the close out of the prior fiscal year and address budget issues on first quarter)

FINANCIAL IMPACT:

There is no financial impact related to this item.

ALTERNATIVES:

1. The CCP could choose not to approve the recommended meeting schedule and continue to meet monthly. This is not recommended because a monthly meeting schedule makes it more challenging to provide information related to trends.

The actual number of PRCS required to report during this timeframe is 626, including transfers from other Counties and Parole.

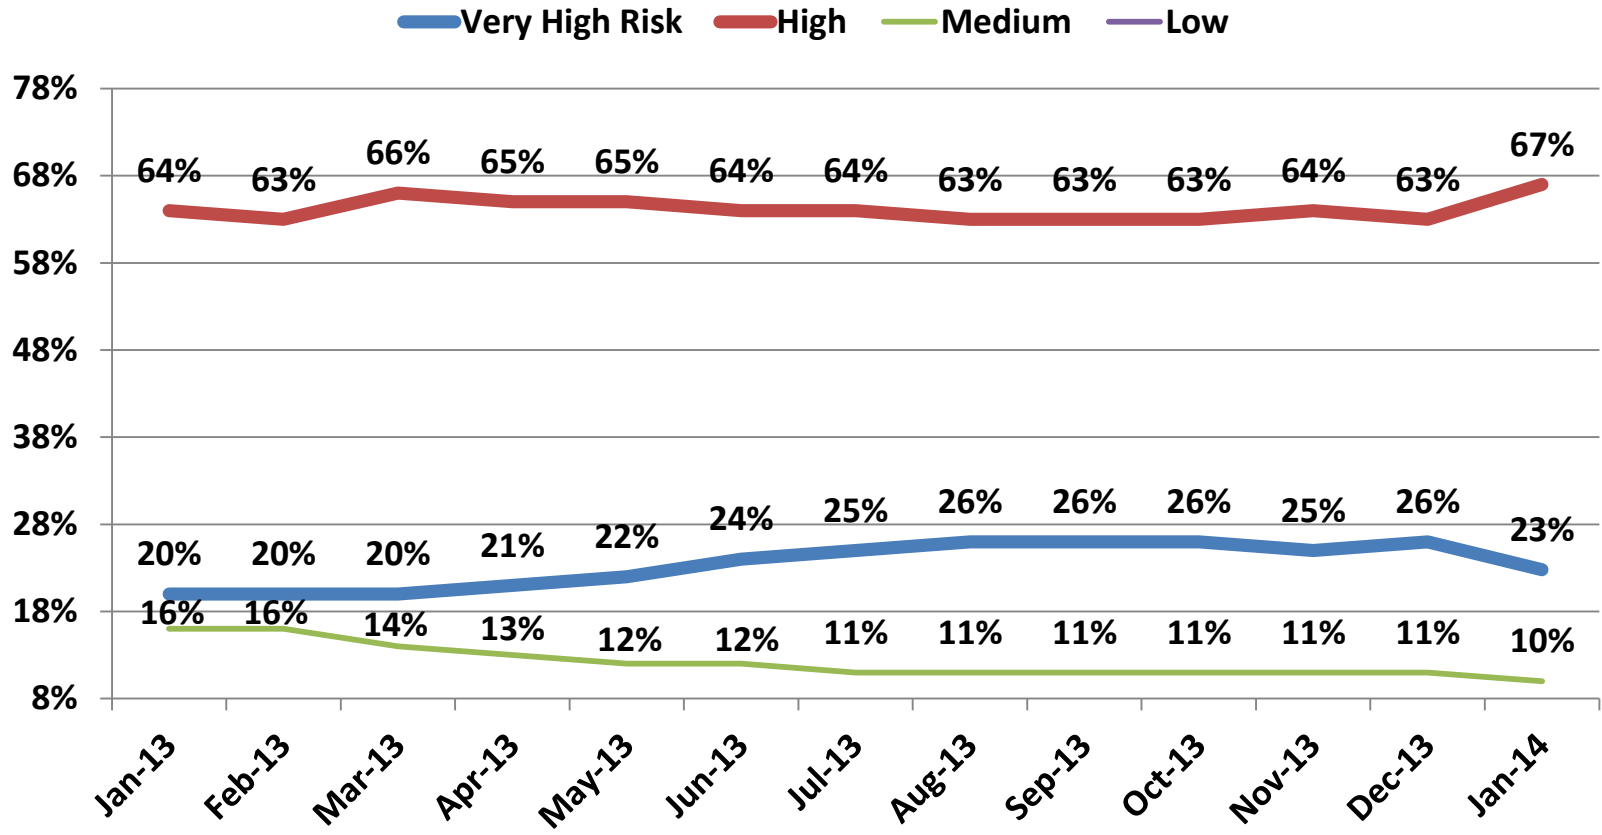

The percentage of split sentences has continued to increase, from 9% (Oct 2011-Sep 2012) to 18% (Oct 2012-Sep 2013). From Oct-Dec 2013, Solano County split sentences were 27%, nearly matching the statewide average of 28%. Although showing gradual increases, this is dramatically less than neighboring Contra Costa County (89%).

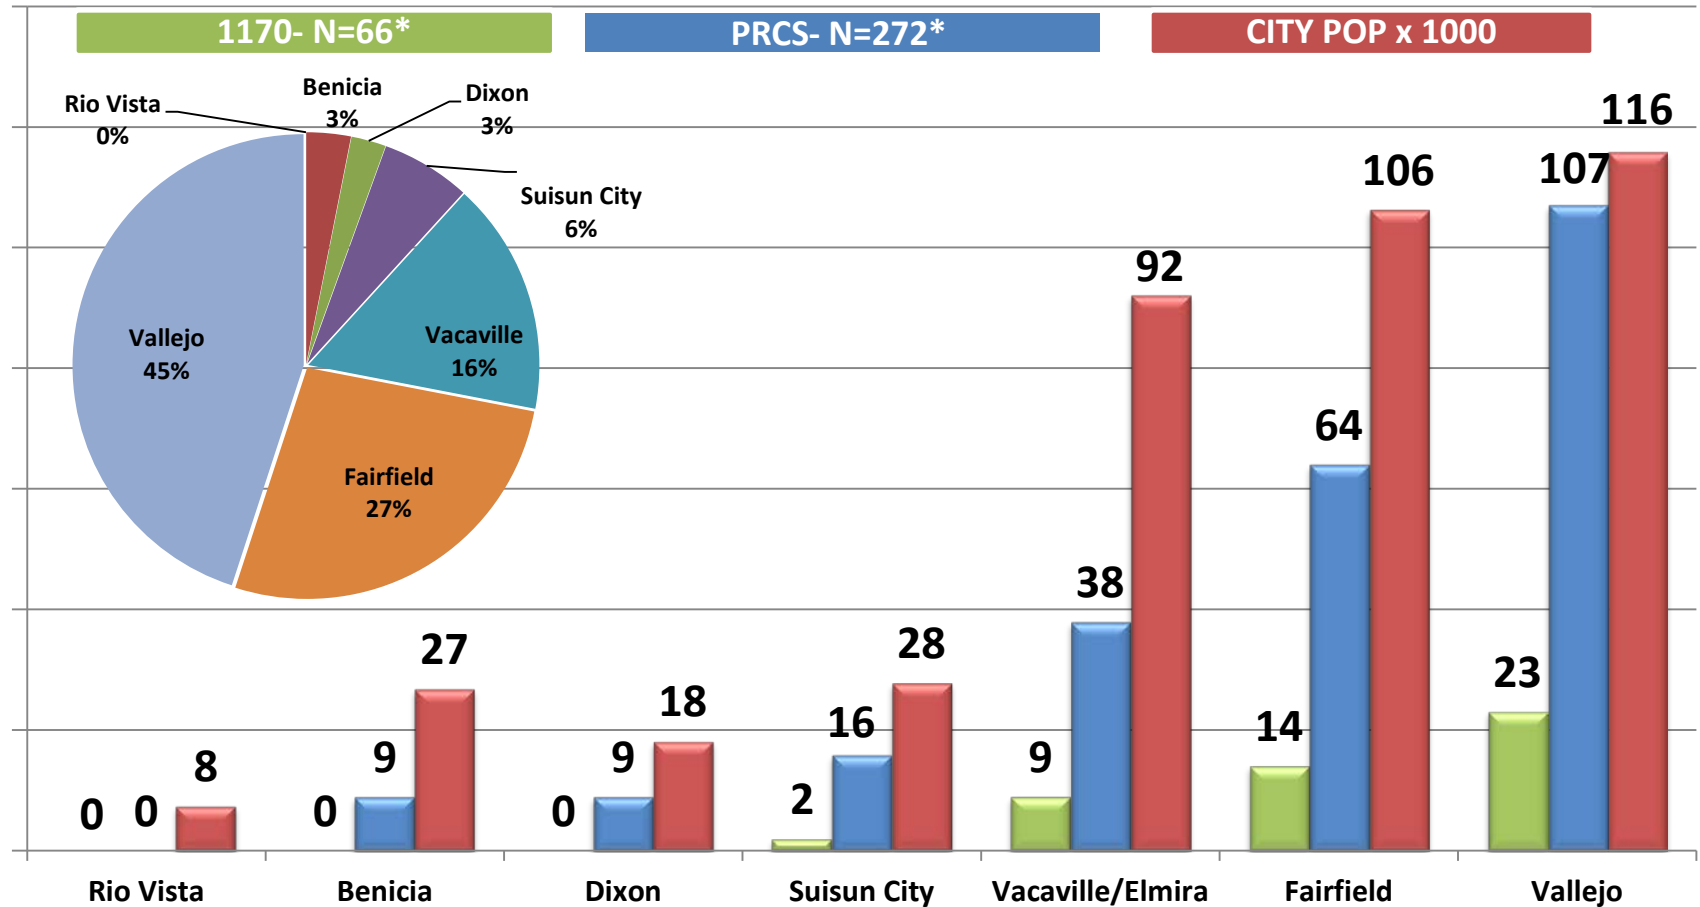

The PRCs assessed by the LS/CMI (to recidivate) has shown relatively minor variation when viewed since Jan 2013 (ratio of caseload).

City of Residence for Supervised AB109

The highest concentrations of AB109 (N=338) per population are Vallejo & Fairfield- 53 (16%) consider themselves transient or homeless; 21 in Vallejo, 26 in Fairfield, 3 in Suisun City, and 3 in Vacaville

1170's are younger, on average-
The age difference between 1170 and PRCS remains, with
large variances in the 26-30 and 41-50 age groups

In January, 89 clients were receiving case management at the Center's for Positive Change; 51 in Vallejo (41 to CM's; 6 SA Counselor; 4 MH Clinician) & 38 in Fairfield (31 to CM's; 3 to SA Counselor; 4 to Dual Diagnosis)
