Suisun Valley Strategic Plan Meeting
Implementing the Solano County General Plan

SUISUN VALLEY
3RD STRATEGIC PLAN
COMMUNITY WORKSHOP
October 26, 2009

You are invited to participate in the Third Community Workshop for the Suisun Valley Strategic Plan on Monday, October 26, 2009. The Draft Suisun Valley Strategic Plan will be presented at the Community Workshop. The Draft Strategic Plan is available online at:

www.solanocounty.com/depts/rm/planning/suisun_valley_strategic_plan.asp

The initial Community Workshop in January, 2009, provided an overview of the planning process for implementing the new General Plan and focused on developing the Suisun Valley Strategic Plan. Since the first community meeting, there have been three stakeholder working sessions where the following key components of the Strategic Plan were reviewed and studied:

- Agricultural tourist center locations, scope and allowed uses
- Rural roadway character and design
- Zoning and development standards
- Infrastructure Alternatives
- Development and improvement funding options
- Marketing and branding strategy

The Second Community Workshop In June 2009 provided an overview of the preferred alternatives for the various sections of the Strategic Plan. Comments and input received at the Community Workshop, along with recommendations prepared by American Farmland Trust, UC Davis' Solano County Agricultural Futures Project, and Suisun Valley Funds' Marketing Plan was used to refine the concepts for the Draft Suisun Valley Strategic Plan.

The Draft Suisun Valley Strategic Plan and related information regarding the Suisun Valley Strategic Plan planning process are posted on the Solano County Resource Management, Planning Services website at www.solanocounty.com. Additional information on the new General Plan and previous planning studies for the Suisun Valley are available on the General Plan website: www.solanocountygeneralplan.net
