SOLANO COUNTY 2018 STATE LEGISLATIVE PROGRAM

Here in Solano County we take seriously our role in local government to create a bright and promising future for everyone who lives, learns, works and plays here – free of discrimination – by establishing and maintaining the social, economic and physical environments that promote good health while protecting vulnerable populations - giving everyone the chance to succeed. Our residents share in this promise, and, by working together, we endeavor to establish communities where people are safer, families are stronger and local economies thrive. By acknowledging the significant contributions of diverse groups of people – both present and in the past – we welcome a future that is bright and promising, while embracing a set of values that gives everyone the chance to be the best versions of themselves they can possibly be. To that end, all persons within Solano County are free and equal, and shall not be discriminated against based on their gender, race, color, religion, ancestry, national origin, disability, medical condition, genetic information, marital status, sexual orientation, gender identity, primary language, citizenship, or immigration status.

PRIORITY ISSUES

The ability of Solano County to serve its residents and provide for a thriving and sustainable community requires support from all levels of government. The State of California's (State) actions continue to greatly impact the County's ability to provide vital services to the public. To fulfill the County's commitment to the community, additional State resources should be sought to support the County's mission to enrich the quality of life locally. To this end, the County Board of Supervisors supports the priorities and the legislative principles set forth below.

Priority issues are those that have a significant impact on County business and on which County staff, including the County's State legislative advocates, will concentrate their legislative efforts during the 2018 Legislative Session. The County's top priorities (Listed Alphabetically) include:

1. **Affordable Care Implementation** – Support healthcare policy implementation efforts that do not have an adverse financial impact to the County. Examples of impacts may include unfunded or under-funded mandates, or reallocation of existing County funding that result in an increased General Fund obligation. Support ongoing and new efforts related to increasing the number of insured persons and to providing and expanding primary care services and public health prevention services and activities.
2. **Children, Youth, and Families** - Support legislation and budget efforts that support children, youth, and families, including restoring and expanding quality child care and preschool opportunities, increasing funding for homeless youth, promoting safety for all children, and supporting mental and developmental health prevention and early intervention activities. Advocate for dedicated funding streams for child abuse and youth violence prevention efforts. Collaborate with state regional offices, schools and health care systems to expand resources for parents with special needs children.
3. **County Revenue Sources and Authority** - Oppose efforts to decrease, restrict, eliminate, seize, divert, supplant or otherwise restrict local autonomy, including local revenues. Oppose any efforts at the state level to eliminate, restrict, or redirect revenues currently dedicated to local government for state purposes to other agencies and/or districts. Advocate for timely, full state funding for state programs operated by the County, which include appropriate cost of living increases, as well as costs associated with increases in population and caseload growth.
4. **County Strategic Plan** - Support efforts that further the goals outlined in the County's Strategic Plan as follows: (a) improve the health and well-being of those who live and work here; (b) ensure responsible and sustainable land use; (c) maintain a safe community; and (d) invest in and for the future.
5. **Environmental and Open Space** – Encourage and seek legislation that protects the County's quality of life, its diverse natural resources, and preserves the essence and history of the County. Support funding and regulatory efforts to preserve open space and agricultural viability.

6. **Sacramento-San Joaquin Delta and Suisun Marsh** - Support legislative and administrative efforts to protect the Sacramento-San Joaquin Delta, including the Cache Slough area, and County's interests relative to land use, agricultural viability, economic development, police or emergency response mandates, environmental preservation, flood protection, levee stability, habitat conservation, recreation, water supply, water quality, and water rights. Support governance structures that give local government a strong and equal voice with other stakeholders in setting Delta policy, and in project development and implementation.
7. **State Realignment & Cost-Shifts** - Oppose proposals to restructure, realign, or otherwise shift the cost of state programs to local government, without commensurate compensation and a legislative ability for counties to draw down available federal funding. Support efforts to distribute public safety realignment funds using an equitable formula based on population. Support efforts to improve the stability of current County revenue sources. Oppose any realignment initiatives, which fail to fully fund services shifted to the County.
8. **Voting and Election Efficiencies** - Support efforts to modernize election administration to increase voter turnout, reduce the local cost of elections, reduce waiting time at polling places, increase convenience for voters, and improve voting opportunity for overseas and military voters.
