2) Update on continuity of Area Agency on Aging services

The California Department of Aging (CDA) has issued emergency contracts (beginning July 1, 2018 through December 31, 2018) with providers in Planning Service Area (PSA) 28 (Napa and Solano Counties) to ensure continuity of Area Agency on Aging services. On October 2, 2018, the CDA notified Solano County that NorthBay Health Care and NorthBay Health Advantage declined to enter an emergency contract to provide previously delivered and expanded services in Solano County. These services, requested for the period July 1 through December 31, 2018; are in the Family Caregiver Support (FCSP) IIIIE - Supplemental Services, Access Assistance, Support Services and Respite Care services funding categories.

Because the funds were declined, CDA notified Solano County that \$68,327 is available to be used (for the period September 2018 through December 2018) for provision of services in several areas, including FCSP Community Education, Support Groups and Counseling, Respite, Information Services, Supplemental Services, Access Assistance and Support Services. The CDA will amend its contract with Solano County to include the additional funding and Solano County staff are actively seeking solutions to distribute these newly identified available funds.
