Motion to Approve

The Zoning Administrator does hereby ADOPT the attached resolution and APPROVE Minor Use Permit MU-21-01, based on the enumerated findings and subject to the recommended conditions of approval.

BACKGROUND

Existing Development:

The existing structures on the parcel include a primary dwelling, secondary dwelling, swimming pool, and a well house. Also see Attachment g, Permit History.

Legal Lot Status:

Both parcels are legal building sites created by Minor Subdivision MS-18-02.

Aerial Image:

SETTING

Access: This site is accessed via encroachment from Green Valley Road, a public road.

Surrounding uses: Vacant land to the west, with residential uses to the north, south and east.

PROJECT DESCRIPTION

The existing events facility was originally permitted as an agricultural building by Building Permit B2015-0093, and converted to a special events facility allowing up to 6 events per year with up to 150 people by Building Permit B2016-0919 and Administrative Permit AD-16-06. This Minor Use permit will grant approval for the facility to be used for up to 12 events per year with the same 150-person maximum. Due to the parking lot being surfaced with gravel rather than paved, a limit of 4 events may be held between October 15 and April 15th of each year, with no restriction on the distribution of the events throughout the balance of the year.

No other changes to the site or land use are proposed.

ZONING & LAND USE CONSISTENCY FINDINGS

<u>General Standards</u>: The existing use and proposed revision meets all standards listed in Section 28.72.10 of the Solano County Code (also see attachment A).

<u>Specific Standards:</u> The proposed special events facility meets the requirements of Section 28.73.30(A) & (B)(6)of the Solano County Code (see attachment E) and Section 28.94 (attachment F).

As a part of this project, the applicant is requesting that the screening and 200-foot setback requirements for parking be waived by the Zoning Administrator.

RECOMMENDATION

Staff recommends that the Zoning Administrator **ADOPT** the mandatory and suggested findings detailed in attachment A and **APPROVE** Minor Use Permit MU-21-01 subject to the recommended conditions of approval.

SOLANO COUNTY ZONING ADMINISTRATOR RESOLUTION NO. XX-XX

WHEREAS, the Solano County Zoning Administrator has considered Minor Use Permit application MU-21-01 to permit the existing events facility permitted by AD-16-10 for up to 12 events per year, located at 4125 Green Valley Road, APN 0148-030-060. Parking will be located on the adjacent parcel at 4075 Green Valley Road, APN 0148-030-080 and;

WHEREAS, said Zoning Administrator has reviewed the report of the Department of Resource Management and heard testimony relative to the subject application at the duly noticed public hearing held on August 5, 2021, and;

WHEREAS, after due consideration, the Zoning Administrator has made the following findings in regard to said proposal:

1. That the establishment, maintenance or operation of the use or building is in conformity to the General Plan for the County with regard to traffic circulation, population densities and distribution, and other aspects of the General Plan considered by the Zoning Administrator to be pertinent.

This project is located within an area designated as the Middle Green Valley Specific Plan (MGV-SP) area by the Solano County General Plan Land Use Diagram. The proposed uses are conditionally permitted within the AG-P/ATO and CS/ATO zoning districts.

2. Adequate utilities, access roads, drainage and other necessary facilities have been or are being provided.

The site is provided with water by the City of Vallejo and the Solano Irrigation District and sewer service by an on-site sewage disposal system. Access is via encroachment off Green Valley Road.

3. The subject use will not, under the circumstances of this particular case, constitute a nuisance or be detrimental to the health, safety, peace, morals, comfort or general welfare of persons residing or working in or passing through the neighborhood of such proposed use or be detrimental or injurious to property and improvements in the neighborhood or to the general welfare of the County.

As conditioned, the proposed special events facility use will not constitute a nuisance to surrounding properties, nor will it be detrimental to the health, safety, or welfare of County residents.

4. The project qualifies for a Class I Categorical Exemption from the California Environmental Quality Act pursuant to CEQA Guidelines Section 15301, minor alteration of existing public or private structures.

BE IT THEREFORE RESOLVED , that the Zoning Administrator has approved Minor Use permit MU-21-01 subject to the recommended conditions of approval contained in attachment B.
* * * * * * * * * * * * * * * * * * * *
I hereby certify that the foregoing resolution was adopted at the regular meeting of the Solano County Zoning Administrator on August 5, 2021.
Allan M. Calder, Planning Manager Resource Management

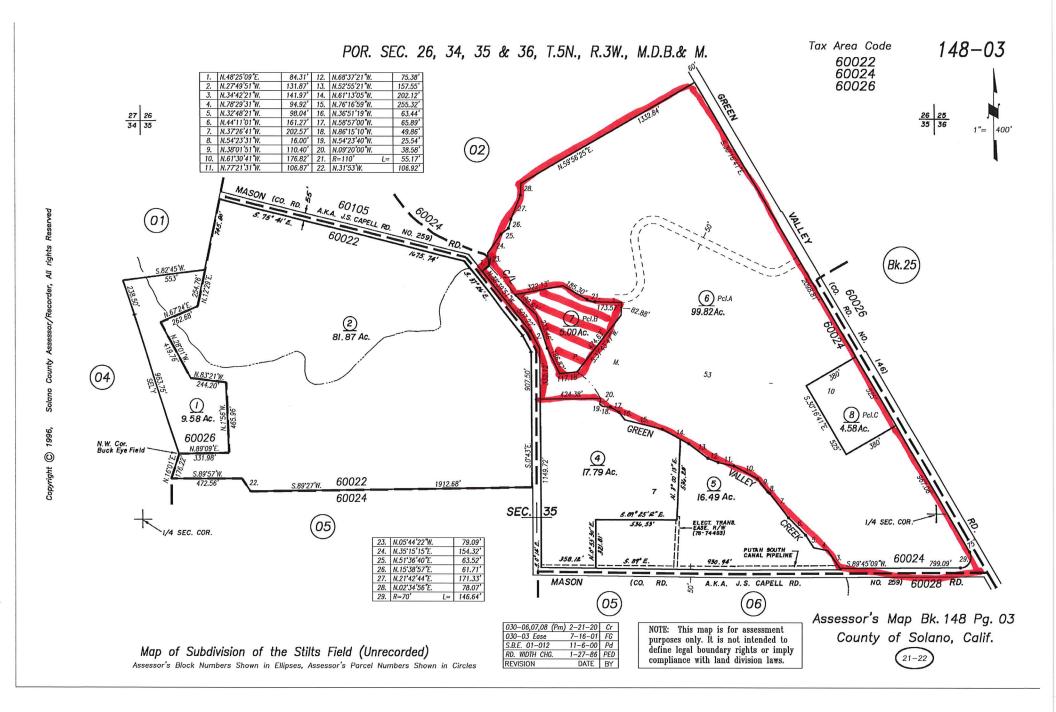

MU-21-01 CONDITIONS OF APPROVAL

General

- 1. The above use shall be established in accord with the application materials and development plans as submitted with MU-21-01 filed March 9, 2021 and as approved by the Solano County Zoning Administrator.
- 2. Prior to installation of any signage, the applicant will obtain a Sign Permit and install the signs in compliance with the approved plans and conditions of approval.
- 3. Prior to conducting the use approved by this permit, the applicant will obtain a Business License and maintain the license in good standing for as long as the special events facility business remains in operation.
- 4. This permit authorizes a total of 12 special events per calendar year with up to 150 total attendees including anyone involved in operation of the event who does not live on the parcel. A maximum of 4 of the 12 allowed events may be conducted between October 15 and April 15 of the following year.
- 5. During all events, 2 parking attendants will be provided, as well as shuttles from the parking area to the special events barn.
- 6. The permittee shall take such measures as may be necessary or as may be required by the County to prevent offensive noise, lighting, dust or other impacts, which constitute a hazard or nuisance to surrounding properties.
- 7. Any expansion or change in the use or new or expanded buildings may require a Minor Revision or Amendment to the existing Minor Use permit or a new permit if determined to be necessary by the Director of the Department of Resource Management.
- 8. The premises shall be maintained in a neat and orderly manner and kept free of accumulated debris and junk.

Permit Term

9. The Department of Resource Management shall verify ongoing compliance with the terms and conditions of this permit through a program of periodic renewals occurring at five (5) year intervals from the date of granting this permit. The cost associated with the periodic renewals shall be charged at that time.

Special events facility (other than winery or agricultural processing facility) – (Section 28.73.30(A) & (B)(6))

A. General Requirements.							
Public assembly uses shall comply with the following general standards:	YES	MAYBE	NO	N/A			
General Development Standards. No use of land or buildings shall be conducted except in compliance with the general development standards in Sections <u>28.70.10</u> and <u>28.70.20</u> .							
2. Access. Shall provide adequate truck loading area as required by the Zoning Administrator or Planning Commission, together with ingress and egress designed to avoid traffic hazard and congestion.	x						
3. Encroachment Permit Required. All connections to County roads shall meet the encroachment permit requirements of the Public Works – Engineering Division, which generally include, but shall not be limited to, paving of the connection within the County road right-of-way.		x					
4. Exterior Lighting. Public assembly uses shall provide lighting capable of providing adequate illumination for security and safety and directed away from adjacent properties and public rights-of-way to prevent offensive light or glare.		×					
5. Parking – Screening.							
a. Parking areas shall be enclosed and screened by a minimum six-foot-high, solid board fence or a minimum six-foot-high masonry wall which shall separate the parking lot from the adjoining residential uses or any R district; and shall provide traffic surfaces that are maintained in a dust-free manner.			×				
6. Roads. Shall be located on a public road or a private road if there is a recorded maintenance agreement executed by all lot owners served by the private road. All connections to County roads shall meet the encroachment permit requirements of the Director of Resource Management, which generally include, but shall not be limited to, paving of the connection within the County road right-of-way.		x					
7. <u>Setbacks</u> . The minimum setback from an adjacent street shall be the same as required for the main building. All public assembly uses where liquor is served shall be located at least 200 feet from any boundary of a residential district, unless a use permit is first secured.	х						
8. <u>Incidental Retail Uses</u> . Public assembly uses of land, buildings, or structures may include incidental retail uses customarily found at such establishments.				х			
9. Outdoor Storage. Outdoor storage incidental to the primary use of the parcel for public assembly purposes is permitted, provided the area devoted to outdoor storage is screened from public view.	x						
B. <u>Specific Requirements</u> . The specific public assembly uses listed below sh this section and the following specific standards:	all comply	with each	provision	n of subdivision (A) of			
6. Special Events Facility. Except as otherwise provided for in this chapter, a to the principal agricultural use of the property for commercial agricultural purpose in subdivision (B)(6)(a) of this section.							
a. Standards.							
(1) Access. Each parcel on which a special event facility is operated shall provide adequate connections to a public road, or a private road if there is a recorded maintenance agreement executed by all lot owners served by the private road.		×					

(2) Food Vendors. Permittee is responsible for ensuring the event organizer and food vendors utilized the organizer secure food permits with the Division of Environmental Health.	х			
3) Kitchen Facilities. Any kitchen at the facility used for the preparation, storage, handling, or service of food at events shall be permitted as a food facility by the Division of Environmental Health.	х			
4) Hours of Operation. All events shall start no sooner than 10:00 a.m. and end by 10:00 p.m. each day. Facility setup and cleanup shall be allowed between the hours of 8:00 a.m. to 11:00 p.m. All guests of an event shall be off the property by 10:30 p.m.		x		
(5) Operational Controls.				
i. Fugitive Dust. A special events facility located on a site with access from unpaved dirt roads and with unpaved on-site access roads and parking areas shall control fugitive dust with water trucks, sprinkler system or other practices acceptable to the applicable air quality management district, in sufficient quantities to prevent airborne dust.		×		
ii. Noise. Outdoor amplified sound shall not exceed 65 dB when measured at the property lines.		X		
iii. Light and Glare. Any proposed outdoor lighting used during events shall be downcast and shielded so that neither the lamp nor the reflector interior surface is visible from any off-site location.		x		
iv. Odor. A special event shall not cause objectionable odors on adjacent properties.	х			
(6) Parking. A special events facility must provide parking either on site or off sallowed within any road right-of-way for 1,000 feet in either direction of any access shall place signs along the interior access ways and at 300-foot intervals on the indicating this parking restriction. These signs shall be posted no earlier than the than the day following the event. Parking shall be provided as follows:	s point or ne applica	access loont's prope	cated on t rty along	the site. The applicant the road right-of-way
i. On-Site Parking. On-site parking shall be located in an open area with a slope of 10 percent or less, at a minimum ratio of one space per 2.5 attendees, on a lot free of combustible material.				Х
ii. Off-Site Parking. If off-site parking is utilized, then off-site parking must be located outside of a road right-of-way and within 1,000 walking feet of the event site or shuttles must be provided. Written consent shall be obtained from the owners of all off-site parking areas. A minimum of one parking attendant shall be present at each lot used for off-site parking to assist in parking vehicles. For each off-site parking lot containing 50 or more vehicles, one parking attendant per each 50 vehicles shall be provided. For temporary parking lots, signs and directional signs shall be posted no earlier than the day before the event and shall be removed no later than the day following the event. For events that will require off-site parking, monitors shall be provided to direct traffic at all points of ingress, egress, and forks in private access roads and to turn away vehicles when authorized parking capacity is reached. If off-site parking is proposed, it shall be considered with the review of the land use permit for the event site. 7) Sanitation. Permittee must provide approved sanitation facilities of			X	
adequate capacity that are accessible to attendees and event staff, including restrooms, refuse disposal receptacles, potable water and wastewater facilities. 8) Setbacks. A special events facility must be set back 100 feet from any	х			
property line and 200 feet from any residence on an adjoining parcel.	Х			
(9) No Removal of Agriculture. No existing agriculture shall be removed in order to accommodate a special events facility.	x			
(10) Use of Existing Structures. The use of existing permanent structures temporarily during events is limited to existing structures that are permitted for commercial and public assembly occupancy and are in compliance with Americans with Disabilities Act (ADA) where applicable. Any interior remodeling of an existing structure is limited to that needed to meet building occupancy and ADA requirements without expansion of the footprint.	х			

11) Construction of New Structures. Event activities may be allowed in new structures only where permitted elsewhere in this chapter. Any new structure proposed for a special events facility shall not be located on prime agricultural land.			x
11) Construction of New Structures. Event activities may be allowed in new structures only where permitted elsewhere in this chapter. Any new structure proposed for a special events facility shall not be located on prime agricultural land.	х		
12) Other Permits and Licenses. Must obtain any other required permits from federal, state or local agencies.	x		
13) Traffic Control. For any special event facility that will accommodate 500 people or more, the applicant shall prepare a diagram of proposed traffic routing and direction signs, along with an estimate of traffic volume expected for the facility. This shall be submitted with the land use permit application for the facility.			х

nine (9) feet in width by eighteen (18) feet in length unless
otherwise provided in subdivision (c)(1).
Where a two-car enclosed garage for dwellings is required by
Section 28-94 (Architectural Approval) of this Chapter, the minimum
interior parking area within the garage shall be eighteen (18) feet wide by eighteen (18) feet deep.

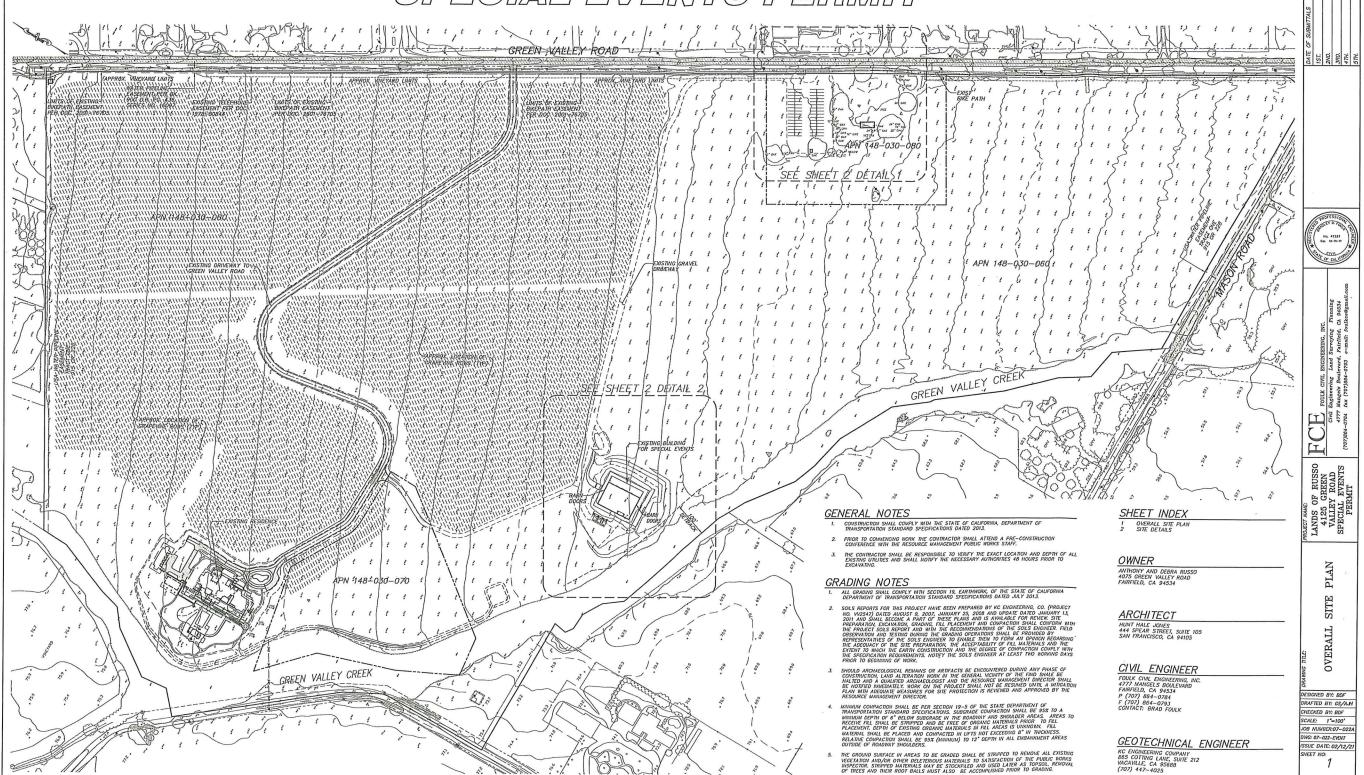

D. <u>Curb openings</u>				
The width, placement and construction of curb openings shall conform to the requirements of the Director of Transportation.				X
E. <u>Grading and drainage</u>				
The grading and drainage of all parking areas shall conform to the requirements of the Director of Transportation.		X		
F. <u>Surfacing and marking</u>				
The parking area shall be maintained in good condition at all times are manner approved by the Zoning Administrator or Planning Commission type and level of use so as to provide safe and convenient use in accompute guidelines:	on to be	consistent	t with th	е
a. Parking areas used the year around shall be surfaced with asphaltic concrete or its equivalent, except that low intensive uses may be surfaced with gravel or its equivalent unless precluded by access requirements for the disabled, pursuant to Building Code.		X		
b. Parking areas used periodically shall be surfaced with gravel or its equivalent, except where special circumstances as determined by the Zoning Administrator or Planning Commission warrant otherwise, and unless otherwise precluded by access requirements for the disabled, pursuant to Building Code.	x			
c. Notwithstanding the requirements in paragraphs a and b above, parking areas shall comply with the Building Codes applicable at the time of issuance of permits by the County.				
 Markings for parking spaces, entrances, exits and circulation directions shall be consistent with the type and level of use as determined by the Zoning Administrator or Planning Commission, and shall remain discernible at all times. 		X		
G. <u>Driveway widths</u>				
The minimum width of a driveway for two-way traffic shall be eighteen feet, unless a greater width is required by Fire Code.	Х			
The minimum width of any driveway shall be ten feet, unless a greater width is required by Fire Code.	Х			
Emergency vehicle access			_	
Notwithstanding the requirements in subdivisions (G)(1) and (G)(2) lanes for fire apparatus and other emergency vehicles and equipme following:				and
a. Have an unobstructed width of not less than 20 feet.	×			
b. Have an unobstructed vertical clearance of not less than 13.5 feet.	Х			
c. Meet all other requirements of the Building and Fire Codes applicable at the time of issuance of permits by the County.		X		

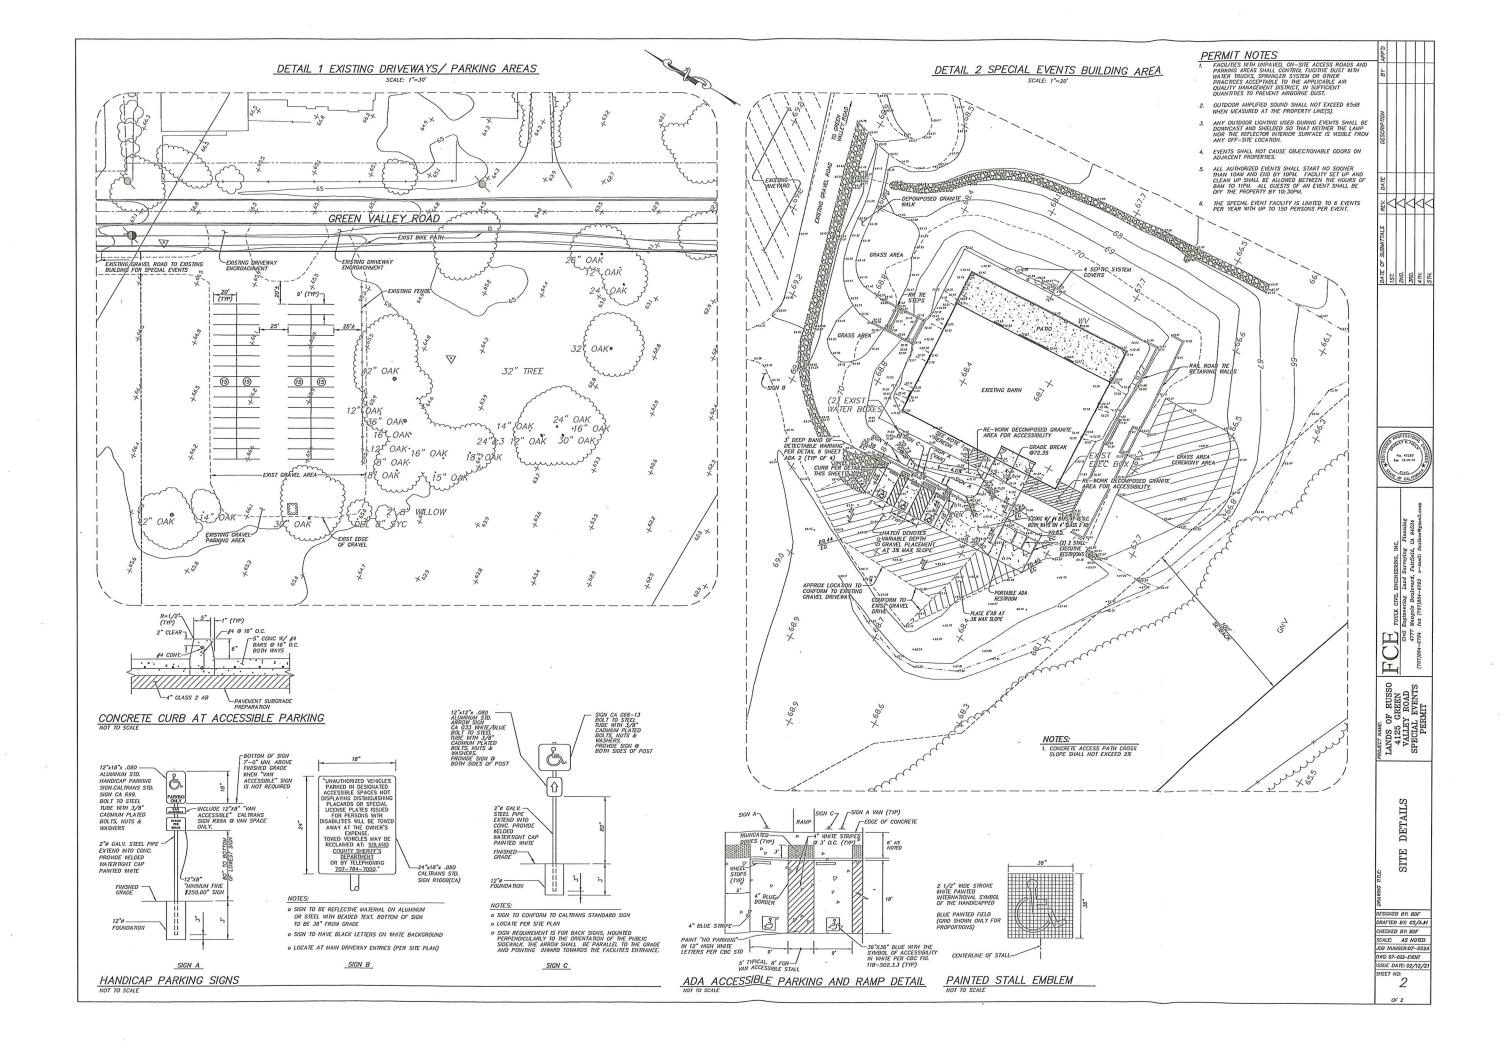

A minimum six-foot high, solid wall or fence shall be constructed pursuant to a design approved by the Zoning Administrator to separate parking and other commercial, industrial and nonresidential uses abutting residential districts or residences. Upon good cause shown by the applicant, the Zoning Administrator may waive the requirement for fencing. I. Lighting 1. The Zoning Administrator may require lighting. All lighting shall be designed to minimize conflicts with surrounding properties, and	X	X
The Zoning Administrator may require lighting. All lighting shall be	X	
	X	
shall be approved by the Zoning Administrator.		
Accessible parking for the disabled		
Parking spaces for the disabled shall be provided in accordance with the Building Codes applicable at the time of issuance of permits by the County and are to be included as part of the total number of parking spaces required by this Chapter. X
