VOTING OPTIONS FOR ALL VOTERS

In an effort to provide a safe voting environment, the Solano County Registrar of Voters has prepared several voting options for all voters. You have received a Vote by Mail ballot for the election in this packet.

Below is a description of the different options you have for voting to help provide a safe voting environment for all voters, our staff, and our community partners:

No Contact Voting:

As an option to in-person voting, all voters can vote from the safety of your home, using the enclosed ballot. Ballots can be returned to our office in one of three manners:

Ballot Drop-Off:

Starting 29-days before the election through Election Day - Drop-off times and locations are identified on the next page (drop box is inside an office building).

Curbside Drop-Off:

Starting 5-days before the election through Election Day - Curbside drop-off times and locations are identified on the next page (stay in your vehicle, hand ballot to poll workers).

Election Day Drop-Off:

Election Day (1-day) - Poll Place drop-off locations are available on Election Day- all locations are open 7a.m. to 8p.m.

All ballots must be received or post-marked by Election Day. All postage is paid by the Registrar of Voters Office for voters mailing ballots back to our office. Voters do not have to vote this ballot, and can still choose to vote in-person using one of the options listed below.

Limited Contact Voting:

At your assigned poll place, all voters can request to vote "curbside" from the comfort of your vehicle. Look for the blue cone outside of your polling place, and call the number listed on the cone. Poll workers will come out to your vehicle with your ballot and will securely deposit it for you.

This same curbside option is available if you want to drop off your Vote by Mail ballot. It may be preferable for you to remain in your vehicle and we support that option.

In-Person Voting:

Traditional polling places are still available. Your assigned location is included on the cover sheet with your official ballot. Some voters may experience additional wait times due to the need to provide social distancing within the voting location. Please be prepared: it may take longer than usual to vote at your polling place.

COVID-19 INFO:

Poll Workers and Staff:

All poll workers will be provided masks and shields, additionally the Registrar of Voters will provide gloves, hand sanitizer, and disinfecting wipes.

Voters:

Face coverings will be provided to any voter requesting/needing one. Hand sanitizer and disposable pens will be provided to all voters. Voters without face coverings may vote from the safety of their vehicles as described above.

The Registrar of Voters encourages all citizens to follow the mandated health requirements to help protect our staff and community partners. Without our staff and volunteers we cannot successfully execute an election! Please help us minimize the risk to those helping to administer your voting rights!

The following pages outline the specific addresses, dates and hours available for each of the options on this page.

WHAT OFFICES ARE ON THE BALLOT FOR THIS ELECTION?

In the November Statewide General Election, all voters receive the same ballot, no matter what political party you are registered with (or if you have no party preference). The address where you are registered to vote determines which local contests are on your ballot.

In the June Primary Election, all Californians were able to vote to decide which candidates for federal and state offices moved on to the November General Election. You will see two different types of primaries: **Nominated by Voters**, and **Local Nonpartisan**.

California Top-Two Primary Nominated by Voters

- U.S. Senator
- U.S. Representative
- Governor
- Lieutenant Governor
- Secretary of State
- Controller
- Treasurer
- Attorney General
- Insurance Commissioner
- Board of Equalization
- State Assembly
- State Superintendent of Public Instruction

Nonpartisan Candidates

- County Supervisor*
- School Boards*
- Special District Boards*
- Municipal Offices*

The top two candidates—the ones with the most votes—move to the General Election.

If a candidate for these local offices received at least 50% plus 1 vote in the Primary, they are elected and are not in the General Election.

If no candidate won by a majority, the two candidates with the most votes are on the ballot.

There is no write-in for these offices.

You can write-in a qualified candidate for these offices.

The candidates' party preference (or "None") **always** appears on the ballot.

The candidates' party preference **never** appears on the ballot.

Both candidates on the ballot may have the same party preference.

* Not all districts have an election.

On June 8, 2010, California voters approved the Top-Two Open Primary Act (Proposition 14).

**STATEMENT OF CANDIDATE FOR
UNITED STATES REPRESENTATIVE IN CONGRESS, DISTRICT 4**

MATT BROCK

AGE: 34

Occupation: Operations and Maintenance Supervisor, Water District

Education and Qualifications: I was born and raised in the district and now I want to represent you in Congress. I have 16 years' experience in the water industry and have direct experience with farmers, municipal and industrial customers, and environmental concerns.

I believe that our district has been greatly affected by recent decisions and policies in an extremely negative way. I am running for Congressional District 4 to stand up for the issues that really matter to the residents and businesses of Solano County.

I will work to stop the insane amount of spending that is leading to record inflation. I will advocate against tax increases on individuals and businesses. I will fully support our law enforcement and public safety to reign in the out-of-control crime. We must secure our borders to protect children and slow the introduction of dangerous drugs such as fentanyl, now the number one cause of death in the country. We must become energy independent again and focus on better utilization of all sources including fossil fuels, nuclear, and other renewables. Water projects need to be expedited to ensure we have this precious resource in to the future.

I have and will continue to support our freedoms, parental rights, and the Constitution.

I will serve with integrity and pride to ensure our district is a place we are all happy to call home now and into the future.

REPRESENTANTE DE ESTADOS UNIDOS EN EL CONGRESO, DISTRITO 4**

MATT BROCK

EDAD: 34

Ocupación: Supervisor de Operaciones y Mantenimiento, Distrito de Suministro de Agua

Educación y Competencia: Nací y crecí en el distrito y ahora quiero representarle en el Congreso. Poseo 16 años de experiencia en el sector hídrico y tengo experiencia directa con agricultores, clientes municipales e industriales y con los problemas medioambientales.

Creo que nuestro distrito se ha visto muy afectado por las recientes decisiones y políticas de forma extremadamente negativa. Me postulo para el Distrito 4 del Congreso para defender los asuntos que realmente les importan a los residentes y las empresas del Condado de Solano.

Trabajaré para detener el gasto desmesurado que está llevando a una inflación récord. Abogaré en contra de los aumentos de impuestos a los individuos y a las empresas. Apoyaré plenamente a nuestras fuerzas policiales y de seguridad pública para frenar la delincuencia fuera de control. Debemos asegurar nuestras fronteras para proteger a los niños y frenar la introducción de drogas peligrosas como el fentanilo, que ahora es la primera causa de muerte en el país. Debemos volver a ser independientes energéticamente y centrarnos en una mejor utilización de todos los recursos, incluidos los combustibles fósiles, la energía nuclear y otras energías renovables. Debemos agilizar los proyectos hídricos para garantizar la disponibilidad de este valioso recurso en el futuro.

He apoyado y seguiré apoyando nuestras libertades, los derechos de los padres y la Constitución.

Serviré con integridad y orgullo para asegurar que nuestro distrito sea un lugar al que todos estemos felices de llamar hogar ahora y en el futuro.

UNITED STATES REPRESENTATIVE IN CONGRESS, DISTRICT 4**

MIKE THOMPSON

Occupation: Member of Congress

Education and Qualifications: I was born, grew up, and still live in our district. It is my honor to represent our region in Congress.

I worked to enact an historic investment in our nation's infrastructure that will create jobs, rebuild local roads and bridges, lessen the threat of wildfires, expand broadband, and tackle climate change.

As chairman of the House Ways and Means Select Revenues Subcommittee, I wrote the most sweeping climate legislation ever to pass the House and the flagship climate policy of President Biden's agenda.

As families struggle with inflation, high gas prices and supply chain disruptions caused by COVID and the war in Ukraine, I helped pass legislation to reduce health care costs, address price gouging, and strengthen our semiconductor manufacturing industry.

To combat and recover from COVID, I worked to enact legislation to get folks vaccinated, kids back in school and help struggling working families and small businesses.

Since the tragic fires in our district, I passed legislation to provide relief for fire survivors, offset costs to local and state governments, and incentivize building of affordable housing.

The House passed my legislation to expand background checks and enacted legislation to keep communities safe from gun violence.

I'm working to preserve Social Security, Medicare, and veterans' benefits, pass comprehensive immigration reform and protect women's reproductive rights.

Together, we can ensure our district remains the best place to live, start a business, raise a family, and retire with dignity.

I would be honored to have your support.

**DECLARACIÓN DE CANDIDATO PARA
REPRESENTANTE DE ESTADOS UNIDOS EN EL CONGRESO, DISTRITO 4**

MIKE THOMPSON

Ocupación: Miembro del Congreso

Educación y Competencia: Nací, crecí y aún vivo en nuestro distrito. Es un honor para mí representar a nuestra región en el Congreso.

He trabajado para promulgar una inversión histórica en las infraestructuras de nuestro país que creará puestos de trabajo, reconstruirá carreteras y puentes locales, reducirá la amenaza de incendios forestales, ampliará la banda ancha y abordará el cambio climático.

Como presidente de la Subcomisión de Medios y Arbitrios Seleccionados de la Cámara de Representantes, redacté la legislación climática más amplia jamás aprobada por la Cámara y la política climática insignia de la agenda del Presidente Biden.

Mientras las familias luchan contra la inflación, los precios elevados de la gasolina y las interrupciones de la cadena de suministro causadas por el COVID y la guerra en Ucrania, ayudé a aprobar leyes para reducir los costos del cuidado de la salud, hacer frente a los precios abusivos y fortalecer nuestra industria de fabricación de semiconductores.

A fin de combatir y recuperarnos del COVID, trabajé para promulgar leyes que permitieran vacunar a las personas, permitir que los niños regresaran a la escuela y ayudar a las familias trabajadoras y a las pequeñas empresas con dificultades.

Desde los trágicos incendios ocurridos en nuestro distrito, aprobé leyes para socorrer a los supervivientes de los incendios, compensar los costos de los gobiernos locales y estatales e incentivar la construcción de viviendas asequibles.

La Cámara de Representantes aprobó mi legislación para ampliar las verificaciones de antecedentes y promulgó leyes para mantener a las comunidades a salvo de la violencia con armas de fuego.

Estoy trabajando para preservar el Seguro Social, Medicare y los beneficios de los veteranos, aprobar una reforma migratoria integral y proteger los derechos reproductivos de las mujeres.

Juntos podemos garantizar que nuestro distrito siga siendo el mejor lugar para vivir, iniciar un negocio, formar una familia y jubilarse con dignidad.

Sería un honor contar con su apoyo.

Occupation: Assemblymember, 11th District

Education and Qualifications: In April, I was proudly serving as Suisun City's Mayor when the voters of the 11th Assembly District gave me the honor of serving out the remaining term of Assemblymember Jim Frazier – and I'm proud to have his endorsement.

Now, I'm asking for your support to allow me to represent you in the newly drawn Assembly District 11.

As promised, I hit the ground running fighting for issues you care about.

Homelessness: Securing funding for transitional shelters with wraparound services.

Jobs: Attracting new businesses to our communities to create jobs.

Healthcare: Fighting to expand healthcare options and improve our commitment to mental health services.

**STATEMENT OF CANDIDATE FOR
MEMBER OF THE STATE ASSEMBLY, DISTRICT 11**

JENNY LEILANI CALLISON

AGE: 37

Occupation: Veteran, Legislative Consultant, Mother

Education and Qualifications: As a mother, United States Army Veteran, and native Californian - I am running to represent California State Assembly, District 11, to advocate on your behalf. I am passionate about improving the quality of life in our state to ensure a healthy and fulfilling future for the next generation.

For the previous ten years I worked for the California State Assembly, Veterans Affairs Committee. During that time I aided in drafting policy, analyzing potential legislation, and advocating for veterans, active duty military, and their families. As an Assemblymember, I will continue to build on that experience and those relationships to equip our veterans and the people of Assembly District 11 with the resources and tools needed to succeed.

I believe that the American Dream offers each generation the opportunity to do better than the next. I see my parents live that dream, and I live that dream thanks to them and their experiences. Today's generation is held back from that dream. There are too few housing options, and it is too expensive to start and run a business. My plan is to help small businesses succeed so they can create fulfilling employment for others, and to examine regulations that restrict the housing market.

With the right policy changes to make Californians lives easier, the American Dream can be yours.

I humbly ask for confidence and your vote.

CHUCK TIMM

Occupation: Fairfield City Councilmember

Education and Qualifications: Experience matters.

When Solano County is facing unprecedented challenges from factors outside of our control, experience matters.

When forced to tighten our belt during an economic downturn, while ensuring the uninterrupted flow of services, experience matters.

When balancing the need for additional housing with preserving our traditional charm and unique quality of life – and reducing traffic – experience matters.

And when tough decisions must be made – with many differing perspectives and distinct viewpoints considered – experience matters.

I've spent more than 40 years serving the people of Solano County; I've balanced municipal budgets of \$300,000,000+, and I've done it while earning the respect and support from across the political spectrum. That's why I'm supported by Senator Dodd, Sheriff Ferrara, Supervisor Spering, and a host of officials from both Republican and Democratic parties.

The unprecedented challenges we face allow for unique opportunities for our community, but identifying them takes a serious, independent-minded candidate who rejects partisan politics and divisive rhetoric in favor of doing what's best for all of us.

As your Solano County Supervisor, I pledge to put Solano first, work collaboratively to find common-sense solutions to upcoming challenges, and be 100% transparent.

I respectfully ask for – and hope to earn – your vote.

CHUCK TIMM

Ocupación: Concejal de la Ciudad de Fairfield

Educación y Competencia: La experiencia importa.

Cuando el Condado de Solano enfrenta desafíos sin precedentes por factores fuera de nuestro control, la experiencia importa.

Cuando nos vemos obligados a apretarnos el cinturón durante una recesión económica, garantizando al mismo tiempo el flujo ininterrumpido de servicios, la experiencia importa.

Cuando se trata de equilibrar la necesidad de nuevas viviendas con la preservación de nuestro encanto tradicional y nuestra calidad de vida única –y la reducción del tráfico– la experiencia importa.

Y cuando hay que tomar decisiones difíciles – con muchas perspectivas diferentes y puntos de vista diversos– la experiencia importa.

He pasado más de 40 años sirviendo a la gente del Condado de Solano; he equilibrado presupuestos municipales de más de \$300,000,000, y lo he hecho ganándome el respeto y el apoyo de todo el espectro político. Por eso me apoyan el Senador Dodd, el Alguacil Ferrara, el Supervisor Spering y una gran cantidad de funcionarios de los partidos Republicano y Demócrata.

Los desafíos sin precedentes a los que nos enfrentamos ofrecen oportunidades únicas para nuestra comunidad, pero para identificarlas se necesita un candidato serio e independiente que rechace la política partidista y la retórica divisoria en favor de lo que es mejor para todos.

Como su Supervisor del Condado de Solano, me comprometo a poner a Solano en primer lugar, trabajar en colaboración para encontrar soluciones de sentido común a los próximos desafíos, y ser 100% transparente.

MEASURE E

SOLANO COUNTY LOCALLY CONTROLLED FUNDING FOR ESSENTIAL SERVICES MEASURE:

To provide general County services, such as enhancing fire protection to reduce wildfire risk, preventing spread of wildfires from wildland areas to residential neighborhoods, improving 9-1-1 response times, adding rural and city firebreaks/reducing flammable vegetation, adding firefighters/paramedics, and improving early wildfire detection shall Solano County's ordinance enacting a 1/8% sales tax until ended by voters be adopted, requiring independent oversight, audits, and all revenue controlled locally?	YES
	NO

Impartial Analysis of Measure E

SOLANO COUNTY – TRANSACTION AND USE TAX ORDINANCE

The County of Solano has proposed a general transactions and use tax (sales tax) of one-eighth of one cent per dollar (0.125%).

State law authorizes the County to levy a general sales tax if the ordinance proposing the tax is approved by a two-thirds vote of all members of the Board of Supervisors and the tax is approved by a majority of the qualified voters of the entire county voting in the election. On August 9, 2022 the Solano County Board of Supervisors adopted the ordinance and approved submitting it to the voters with four Supervisors voting in favor and one Supervisor voting against. If a majority of the voters in the County who vote on this measure vote "Yes," the measure will pass and the sales tax will be levied.

The proposed tax is a general sales tax that is estimated to raise \$9,000,000.00 annually. All revenue generated from the tax would be deposited into the County's General Fund and would be available for general governmental purposes. This measure does not restrict the use of the tax revenue to any specific purpose.

The tax would be paid in addition to the current sales tax. Like the current sales tax, the proposed tax would be imposed on all retailers in the incorporated and unincorporated territory of the County for the selling of tangible personal property, subject to certain exemptions and exclusions identified in the measure.

If approved, the tax would take effect immediately on November 8, 2022 and become operative on April 1, 2023. The tax would be levied for an indefinite term and could be terminated by a majority of the voters of the County of Solano by means of a ballot measure to repeal the tax at a future general or special election.

Measure E requires approval by simple majority of the voters of the County voting on it.

A "Yes" vote is a vote to authorize the County to levy a general sales tax of one-eighth of one cent per dollar (0.125%) on purchases throughout the County with certain exemptions and exclusions.

A "No" vote is a vote to not authorize the County to levy the proposed tax.

ARGUMENT IN FAVOR OF MEASURE E

With an ever-present and growing risk of wildfire that threatens our residential and rural communities, Measure E will provide enhanced wildfire prevention and protection to all of Solano County's residents.

The effect of prolonged drought conditions and extreme weather has increased the occurrence of wildfire in Solano County. The fuel load is high, with dead trees and tinder dry conditions providing the perfect ingredients for a disastrous wildfire to start in our open space and bear down on our cities. This is what happened during the 2020 LNU Lightning Complex Fire that killed two Solano County residents, leveled 309 homes, destroyed thousands of livestock and family pets and forced the evacuations of Travis Air Force Base and portions of Fairfield and Vacaville.

A 2022 Solano County Civil Grand Jury report stated: "Solano County Is Not Prepared for Future Emergencies."

It is time to dedicate additional money and resources to address the challenges we face in Solano County. Wildfire does not respect county lines or city boundaries and revenues dedicated to wildfire prevention are shrinking.

Measure E will provide an estimated \$9,000,000 annually to support fire prevention and protection efforts across Solano County. It will provide additional fire response, including equipment and support programs, to improve 9-1-1 response times, thereby saving life and property.

Measure E will reduce the risk of wildfires threatening residential neighborhoods from rural areas by providing enhanced fire protection services to prevent the spread of fires into cities. Revenues will be used to create and maintain rural and city firebreaks and reduce dead trees and weeds in public open spaces.

We strongly urge you to vote YES on Measure E.

S// John M. Vasquez, Chair and District 4 Supervisor, Solano County Board of Supervisors

S// Jim Spering, District 3 Supervisor, Solano County Board of Supervisors

REBUTTAL TO ARGUMENT IN FAVOR OF MEASURE E

Vote NO on Measure E. More taxes don't mean better services or better decisions.

They're using scare tactics to just tax you more. You shouldn't pay for their uncontrolled overspending and mismanagement! They don't even tell you this is a GENERAL TAX and allows any three members of the elected Board of Supervisors to spend it for any purpose.

The County claims that "The fuel load is high, with dead trees and tinder dry conditions providing the perfect ingredients for a disastrous wildfire to start in our open space and bear down on our cities." So, what has the County done taking care of "dead trees and tinder dry conditions?"

Property values are continuing to increase and as adjustments are made the County will receive more tax revenue. This sales tax increase is unnecessary. People are continuing paying higher costs of housing, food, energy, utilities and automobile fuel. And let's not even mention the looming recession. This measure totally disregards our current struggles.

The measure boasts a so called "independent citizen oversight," but the measure contains no spending guarantees that an oversight committee could enforce or they wouldn't be friends of the Board.

Increasing existing taxes isn't the solution! County officials must do more to cut costs! Stop overspending, and definitely cut back on their waste. We demand better management of our money, not higher taxes!

.Vote NO on Measure E. You alone are the best "Oversight" on how your money is spent, not their Appointees!

S// Michael Nolan, President Solano County Taxpayers Association

S// Thomas N. Hudson, President, California Taxpayer Protection Committee

ARGUMENT AGAINST MEASURE E

How much more taxes are you willing to pay? When enough is enough?

Under our state constitution, “protection of public safety is the first responsibility of local government.” When budgeting, “local officials have an **obligation** to give priority to the provision of adequate public safety services.”

The County has neglected their responsibilities and now with this sales tax increase wants YOU to cover their negligence.

The Board of Supes wants to increase the sales tax to raise money for public safety services and probably your City has another local sales tax increase on the same ballot.

This is a General Fund tax that the County can spend on anything it desires. So you have to ask yourself, where is the \$9 million in additional taxes per year will be spend? The County claims that the money collected will be used for “ enhancing fire protection to reduce wildfire risk, preventing spread of wildfires , improving 9-1-1 response times, adding rural and city firebreaks/reducing flammable vegetation, adding firefighters/paramedics, and improving early wildfire detection. CAN YOU REALLY TRUST THEM?

This proposed General Fund tax is nothing more than an effort to circumvent the two-thirds vote requirement for special taxes. Measure E can be approved by only the simple majority vote (50%). This also circumvents state accountability laws designed to ensure that taxes imposed for specific purposes are spent as intended.

Sales tax revenues are falling because of the shift to on-line retailing. Increasing the sales tax now will hurt local merchants. There is no need to increase the sales tax!

Even the promise of “citizen oversight” is hollow. We know how “oversight committee appointees” work.

Are you tired of been taken for a chump? Don't be fooled. Vote NO on Measure E

S// Michael Nolan, President, Solano County Taxpayers Association

S// Thomas N. Hudson, President, California Taxpayer Protection Committee

REBUTTAL TO ARGUMENT AGAINST MEASURE E

Don't be misled by the argument posed by opponents of Measure E, as there is too much at stake – namely the life and safety of Solano County residents.

This Board recognizes that it is time for everyone to come together to address the imminent threat of wildfire to our rural and residential neighborhoods. Devastating wildfires do not respect county lines nor city boundaries.

Your first line of defense, rural fire districts, are in the untenable position of providing fire protection with dwindling funding. Revenues are not keeping pace with the rising cost of fighting fires. Some of our rural fire districts are already in a state of crisis due to shortfalls.

These are largely volunteer departments made up of our friends and neighbors. They deserve better. When it comes to protecting life and property, we all have a responsibility to ensure our first responders have the tools and ability to do their job.

Measure E benefits from sales tax generated by those travelling in and out of Solano County. Oversight and routine audits will come with approval of Measure E. Claims to the contrary are designed to distract you from the dire need for enhanced fire protection and prevention services that could prevent the spread of wildfires into our residential neighborhoods.

Now is the time for action. Vote YES on Measure E.

MEASURE Q

VACAVILLE UNIFIED SCHOOL DISTRICT BOND MEASURE:	
To improve the quality of education; provide science, technology, engineering, and mathematics labs/classrooms; construct, upgrade, and renovate classrooms, restrooms and school facilities; and repair/replace leaky roofs, shall Vacaville Unified School District’s measure be adopted authorizing \$229,500,000 of bonds at legal rates, generating on average \$13,745,000 annually while bonds are outstanding at a rate of approximately 4.5¢ per \$100 assessed value, with annual audits, independent oversight committees, NO money for teacher salaries, and all funds spent locally?	BONDS - YES
	BONDS - NO

**IMPARTIAL ANALYSIS OF MEASURE Q
VACAVILLE UNIFIED SCHOOL DISTRICT –
SCHOOL BOND MEASURE**

Measure **Q** would authorize the sale of general obligation bonds of the Vacaville Unified School District (“District”) in series in the aggregate amount of up to \$229,500,000. Measure **Q** will not amend any existing laws. The District’s governing board (“Board”) placed Measure **Q** on the ballot.

The California Constitution limits the use of proceeds from such bonds to construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of real property for school facilities.

Bond proceeds must be used to modernize, renovate, expand, acquire, construct/reconstruct, rehabilitate, replace, furnish and equip school facilities of the District as identified in the Bond Project List (reprinted completely in the sample ballot pamphlet). These bond funds cannot be used for teacher and administrator salaries or other school operating expenses.

The District cannot guarantee that the bonds will provide sufficient funds to allow completion of all the Bond Projects. Certain projects may require State matching funds for their completion.

Independent performance and financial audits must be conducted annually. By law, the District is required to have an independent citizens’ oversight committee to help ensure that bond funds are spent only for projects included in the Bond Project List.

If Measure **Q** is approved by the voters, the District may issue bonds either under the Government or Education Code. Bonds issued under the Government Code must mature within 40 years and may not have interest rates that exceed 12%. Bonds issued

under the Education Code must mature within 25 years and may not have interest rates that exceed 8%.

The bonds would be repaid through a property tax levied and collected by the County each year on all taxable property within the District in an amount sufficient to pay the interest and principal coming due prior to the next year’s tax levy. The District’s stated best estimate of the average annual tax rate that would need to be levied to fund the proposed bonds is \$45 per \$100,000 of assessed value of taxable property within the District. The District’s stated best estimate of the highest tax rate that would need to be levied to repay the proposed bonds is \$60 per \$100,000 of assessed value of taxable property within the District. The District estimates that the total debt service during the life of the bonds, including principal and interest, would be \$439,800,000.

The procedures required for the approval and issuance of the general obligation bonds, including the process of submitting Measure **Q** to the vote of the District’s electors, were satisfied.

Measure **Q** requires approval by 55 percent of the voters of the district voting on it.

A “Yes” vote is a vote to authorize the issuance of bonds totaling up to \$229,500,000 to fund specified school facilities projects secured by the levy of ad valorem taxes on property located within the District.

A “No” vote is a vote to not authorize the issuance of the bonds.

MEASURE Q

FULL TEXT

“To improve the quality of education; provide science, technology, engineering, and mathematics labs/classrooms; construct, upgrade, and renovate classrooms, restrooms and school facilities; and repair/replace leaky roofs, shall Vacaville Unified School District’s measure be adopted authorizing \$229,500,000 of bonds at legal rates, generating on average \$13,745,000 annually while bonds are outstanding at a rate of approximately 4.5¢ per \$100 assessed value, with annual audits, independent oversight committees, NO money for teacher salaries, and all funds spent locally?”

BOND AUTHORIZATION

By approval of this measure by at least 55% of the registered voters voting on the measure, the District will be authorized to issue and sell bonds of up to \$229,500,000 in aggregate principal amount at interest rates not to exceed legal limits and to provide financing for the specific types of school facilities projects listed in the Bond Project List included below, subject to all the accountability requirements specified below.

ACCOUNTABILITY REQUIREMENTS

The provisions in this section are specifically included in this measure in order that the voters and taxpayers in the District may be assured that their money will be spent wisely. Expenditures to address specific facilities needs of the District will be in compliance with the requirements of Article XIII A, Section 1(b)(3), of the State Constitution and the Strict Accountability in Local School Construction Bonds Act of 2000 (codified at Education Code Sections 15264 and following.)

Evaluation of Needs. The Governing Board of the District has identified detailed facilities needs of the District, and has determined which projects to finance from a local bond. The Governing Board hereby certifies that it has evaluated safety, class size reduction, enrollment growth, and information technology needs in developing the Bond Project List described below.

Independent Citizens’ Oversight Committee. Following approval of this measure, the Governing Board will establish an independent citizens’ oversight committee, under Education Code Sections 15278 and following, to ensure bond proceeds are expended only on the types of school facilities projects listed below. The committee will be established within 60 days of the date when the results of the election appear in the minutes of the Governing Board.

Performance Audits. The Governing Board will conduct annual, independent performance audits to ensure that the bond proceeds have been expended only on the school facilities projects listed below.

Financial Audits. The Governing Board will conduct annual, independent financial audits of the bond proceeds until all of those proceeds have been spent for the school facilities projects listed below.

Government Code Accountability Requirements. As required by Section 53410 of the Government Code, (1) the specific purpose of the bonds is set forth in this Full Text of the Measure, (2) the proceeds from the sale of the bonds will be used only for the purposes specified in this measure, and not for any other purpose, (3) the proceeds of the bonds, when and if issued, will be deposited into a building fund to be held by the Solano County Treasurer, as required by the Education Code, and (4) the Superintendent of the District shall cause an annual report to be filed with the Governing Board of the District not later than January 1 of each year, which report shall contain pertinent information regarding the amount of funds collected and expended, as well as the status of the projects listed in this measure, as required by Sections 53410 and 53411 of the Government Code.

NO TEACHER OR ADMINISTRATOR SALARIES

Proceeds from the sale of bonds authorized by this measure shall be used only for the purposes specified in Article XIII A, Section 1(b) (3), specifically the construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, and the acquisition or lease of school facilities, and not for any other purpose, including teacher and administrator salaries and other school operating expenses.

STATE MATCHING FUNDS

The following statement is included in this measure pursuant to Education Code Section 15122.5: Approval of this measure does not guarantee that the proposed projects that are the subject of bonds under this measure will be funded beyond the local revenues generated by this measure. The District’s proposal for the projects described below may assume the receipt of matching state funds, which, if available, could be subject to appropriation by the Legislature or approval of a statewide bond measure.

INFORMATION ABOUT ESTIMATES AND PROJECTIONS INCLUDED IN BALLOT

Voters are informed that any estimates or projections in the bond measure or ballot materials, including relating to estimated tax rates, the duration of issued bonds and related tax levies and collections are provided as informational only. Such amounts are estimates and are not maximum amounts or limitations on the terms of the bonds, the tax rate or duration of the tax supporting repayment of issued bonds. Such estimates depend on numerous variables which are subject to variation and change over the term of the District’s overall facilities and bond financing plan, including but not limited to the amount of bonds issued and outstanding at any one time, the interest rates applicable to issued bonds, market conditions at the time of sale of the bonds, when bonds mature, timing of project needs and changes in assessed valuations in the District. As such, while such estimates and approximations are provided based on information currently available to the District and its current expectations, such estimates and approximations are not limitations and are not binding upon the District. In addition, the abbreviated and condensed statement of the bond measure presented to voters which is subject to a word count limitation imposed by State law does not limit the scope and complete meaning of the measure provided in this Full Text of Bond Measure and related ballot materials.

- All work necessary and incidental to specific projects described above, including demolition of existing structures.

For any project involving rehabilitation or renovation of a building or the major portion of a building, the District shall be authorized to proceed with new construction instead, if the Board of Trustees determines that replacement and new construction is more economically practical than rehabilitation and renovation, considering the building's age, condition, expected remaining life, and other relevant factors. Each of the bond projects described in this Bond Project List include the costs of furnishing and equipping such facilities, and all costs which are incidental but directly related to the types of projects described above.

Examples of incidental costs include, but are not limited to: costs of design, engineering, architect and other professional services, facilities assessments, inspections, site preparation, utilities, landscaping, bond project construction management, administration and other planning and permitting, legal, accounting and similar costs; independent annual financial and performance audits; a customary construction contingency; demolition and disposal of existing structures; the costs of interim housing and storage during construction including relocation and construction costs incurred relating to interim facilities; rental or construction of storage facilities and other space on an interim basis for materials and other equipment and furnishings displaced during construction; costs of relocating facilities and equipment as needed in connection with the projects; interim classrooms and facilities for students, administrators, and school functions, including modular facilities; federal and state- mandated safety upgrades; addressing unforeseen conditions revealed by construction/modernization and other necessary improvements required to comply with existing building codes, including the Field Act; access requirements of the Americans with Disabilities Act; and costs of the election; bond issuance costs; and project administration during the duration of such projects, as permitted by law.

The District may alter the scope and nature of any of the specific projects that are described above as required by unforeseen conditions that may arise during the course of design and construction. In the event that a modernization or renovation project may result in higher costs than new construction, this bond measure authorizes land acquisition, relocation and construction and/or reconstruction, and all costs relating thereto, for said reasons or, alternatively, based on other considerations deemed in the best interest of the District by the Governing Board. In addition, authorized projects include paying and/or prepaying interim or previously obtained financing for the types of projects included on the project list, such as bond anticipation notes, and includes prepayment of lease payments to acquire title to facilities and/or equipment previously financed. Projects may also be undertaken on a joint use basis with other public entities.

Approval of this bond measure does not guarantee that the proposed projects will be funded beyond the local revenues generated by the measure. The District's capital needs currently exceed the amount of bonds the voters are being asked to authorize. The District plans to pursue funds from other sources to advance the identified projects to the extent possible. If matching funds from the State or any other source become available, they will be used for and applied to the Bond Project List.

The order in which particular projects are listed is not intended to suggest priority for funding or completion, and itemization of projects in the list above does not guarantee that all such projects will be undertaken. Project priorities will be determined by the Governing Board. The ability of the District to undertake and complete the listed projects is subject to numerous variables including the adequacy and availability of sufficient funding sources. The District is unable to anticipate all unforeseen circumstances which may prevent some of the projects listed above from being undertaken or completed.

TAX RATE STATEMENT

An election will be held in the Vacaville Unified School District (the "District") on November 8, 2022 to authorize the sale of up to \$229,500,000 in general obligation bonds. The following information is submitted in compliance with Sections 9400-9404 of the Elections Code of the State of California. Such information is based upon the best estimates and projections presently available from official sources, upon experience within the District, and other demonstrable factors.

Based upon the foregoing and projections of the District's assessed valuation, the following information is provided:

1. The best estimate of the average annual tax rate that would be required to fund this bond issue over the entire duration of the bond debt service, based on estimated assessed valuations available at the time of filing of this statement, is 4.5¢ per \$100 (\$45 per \$100,000). It is currently expected that the tax will be collected until fiscal year 2053- 54.
2. The best estimate of the highest tax rate that would be required to fund this bond issue, based on estimated assessed valuations available at the time of filing this statement, is 6¢ per \$100 (\$60 per \$100,000) of assessed valuation. This rate is projected to apply from fiscal years 2033-34 through 2051-52.
3. The best estimate of total debt service, including principal and interest, that would be required to be repaid if all the bonds are issued and sold will be approximately \$439,800,000.

These estimates are based on projections derived from information obtained from official sources and are based on the assessed value (not market value) of taxable property on the County's official tax rolls. In addition, taxpayers eligible for a property tax exemption, such as the homeowner's exemption, will be taxed at a lower effective tax rate than described above. Property owners should consult their own property tax bills and tax advisors to determine their property's assessed value and any applicable tax exemptions. The attention of all voters is directed to the fact that the foregoing information is based upon projections and estimates only, which amounts are not maximum amounts and durations and are not binding upon the District. The actual debt service, tax rates and the years in which they will apply may vary depending on the timing of bond sales, the par amount of bonds sold at each sale and actual increases in assessed valuations. The timing of the bond sales and the amount of bonds sold at any given time will be determined by the District based on the need for project funds and other considerations. Actual assessed valuations will depend upon the amount and value of taxable property within the District as determined by the County Assessor in the annual assessment and the equalization process.

Jane Shamieh, Superintendent
Vacaville Unified School District

ARGUMENT IN FAVOR OF MEASURE Q

Our schools are the most important assets in our community and should be our number one priority. From higher achieving students, to training for future jobs, to greater neighborhood safety, quality schools make a difference.

We have an opportunity to maintain the quality of Vacaville Unified School District schools WITHOUT increasing the original tax rate promised to voters in the District's 2001 election by voting YES on Measure Q.

Teachers and staff do a great job educating local children, however many of our classrooms and facilities are old, outdated, or inadequate. Although neighborhood schools have been well maintained over the years and we've completed major construction and renovation projects recently, our work is not done. We need equity among our facilities with safe, up-to-date classrooms, so every student has similar educational opportunities to better prepare for the workforce, higher education, or simply the next grade.

Measure Q would continue our school upgrades and improve the quality of education provided to local children.

Measure Q will improve Vacaville Unified School District schools by:

- Providing science, technology, engineering, and mathematics (STEM) labs and classrooms
- Upgrading/expanding Career Technical Education facilities and programs
- Replacing outdated heating, ventilation and air-conditioning systems
- Repairing/replacing leaky roofs, and
- Improving student access to computers and modern technology

Measure Q makes financial sense and protects taxpayers by:

- Extending the original tax rate property owners have been paying from the District's successful 2001 measure.
- Requiring spending be reviewed and annually audited by an independent citizens' oversight committee.
- Prohibiting funds be spent on teacher/administrator salaries.
- Requiring all bond funds must be spent locally and not taken by the State.

Measure Q renovates old and inadequate classrooms, betters the education of local children, and improves the quality of our community. That's something we can all support. Please join us and VOTE YES ON MEASURE Q!

REBUTTAL TO ARGUMENT IN FAVOR OF MEASURE Q

Look at your property tax bill for a list of the current school general obligation bonds that you are still paying with interest for the next 25 plus years.

Much of the work described in Measure Q is deferred maintenance of school properties for which the Education Code requires school districts to pay for from a deferred maintenance fund. Now the District tells us that the schools require replacing outdated heating, ventilation and air-conditioning systems; repairing/replacing leaky roofs, urgent repairs and critical student access to computers and modern technology

If the District had been a good steward, repairs and replacements would have been completed as needed rather than waiting for a new bond.

Since items listed in Measure Q are not specific to any school site, the Measure is bait that gives the District a BLANK CHECK to squander bond dollars on whatever they want.

Over fifty percent (50%) of your property taxes go to schools. As property values are increasing schools will be receiving more money!

NO MORE TAXES! -- Taxpayers must maintain and repair their homes and businesses, pay for high costs of food, energy, utilities and automobile fuel. And let's not even mention the looming recession.

Join overtaxed property owners-VOTE NO ON Measure Q!

ARGUMENT AGAINST MEASURE Q

Oppose this bond and VOTE NO ON MEASURE Q

A bond works like a government credit card -- paying off that credit card requires the government to raise your taxes. The increased taxes you will be forced to pay would be IN ADDITION TO ALL THE OTHER TAXES VACAVILLE RESIDENTS ALREADY PAY, including: Property Taxes; Existing Community College School Bond Taxes; Income Taxes; Sales Taxes; Utility Taxes; Gasoline Taxes. This is a TAX you will be paying until fiscal year 2053- 54. Aren't you taxed enough already?

What would this property tax increase likely mean for you?

Property Owners: will be forced to pay increased property taxes. Oh but don't worry it will only be \$45 per \$100,000 of the assessed value of your home. Just think the quality of education your children will get in modernized schools!

Many Renters: will suffer rent increases as landlords pass on the costs of higher taxes.

Customers: will see higher prices as businesses pass on the cost of higher taxes.

Eight years ago (2014) Vacaville residents passed Measure A and gave \$194 million to the School District. You are still paying and will be paying for many more years for this bond. Vacaville residents cannot afford another tax increase.

This measure boasts an "independent citizen bond oversight committee." A committee handpicked by the School District that has no teeth!

NO MORE TAXES -- tell education bureaucrats they need to live within their means (instead of relying upon over-burdened taxpayers to pay ever increasing taxes)! VOTE NO ON MEASURE Q

S// Michael Nolan, President, Solano County Taxpayers Association

S// Thomas N. Hudson, President, California Taxpayer Protection Committee

REBUTTAL TO ARGUMENT AGAINST MEASURE Q

Don't let the opponents mislead you. They don't have the facts, don't live in our community, and have submitted nearly identical arguments against other Solano County school districts. Most importantly, they've failed to understand one critical aspect of Measure Q – **it does not increase the tax rate from previously approved school measures**, but simply extends the term.

Measure Q is a carefully considered, affordable plan that will allow the District to continue providing a quality education and the best learning environment for Vacaville students.

Consider the facts, and vote YES on Q:

- Measure Q will upgrade, renovate, and modernize local classrooms and schools many of which are over 70 years old, build (STEM) labs and classrooms, and upgrade and expand Career Technical Education facilities.
- **Every penny from Measure Q must be spent in Vacaville Unified School District schools.** This isn't an opinion or talking point: it's a legal requirement. The project list in your voter pamphlet details the allowed use of all funds. **No funds can be taken away by the State.**
- Measure Q makes financial sense. Measure Q **will not increase the tax rate approved in 2001** but rather replace a soon-to-be expired bond program.
- Measure Q has strict accountability – An independent citizens' oversight committee of local residents must annually audit and review spending by law.

Many of Vacaville's most respected community members support Measure Q. Let's trust them and not listen to the incorrect statements from an outsider.

Our students deserve a quality education. Join us—vote YES on Q.
