June 30, 2023

On behalf of the Registrar of Voters Office, Tim and I would like to thank all our dedicated and hardworking adopt-a-poll locations, poll workers, inspectors, rovers, and students for your service Election. The work we perform at polling places is critical to our success in Solano County.

We have a great responsibility to work together to instill confidence in our voters that our processes are executed according to state and federal law, are fair for all eligible voters, ensure voting is accessible and confidential, and provide controls for security and auditing for post-election canvassing. Our office works closely with our community to ensure that our elections are transparent, and results are reproducible.

You will work as a team at polling places around the county on Election Day to achieve this goal, and this manual is a critical component to your training. We believe that the combination of this manual, your online training, and your in-person classes will help ensure you are successful in executing your duties as a poll worker. If there's anything we haven't addressed I welcome feedback, e-mails, and phone calls to help us improve the process.

Therefore, please review this prior to your in-person training session, complete your online courses, develop questions to ask during class, and mark up this manual appropriately to serve as reminders on election day. Most importantly, **bring this book with you to your in-person class and on Election Day.** It's a valuable resource loaded with step-by-step processes for opening a polling place, processing voters, and closing the polls at the end of the day.

We cannot do this job without your service, and I appreciate all of you for stepping up for this election. I hope you have a great Election Day.

Sincerely,

To access the Poll Worker Portal, go to the following website:

<https://solanoca.precinctcentral.com/TED/SecuritySetupMgmt/Security/Login.aspx>

At the login screen, enter your username (your email address) and password:

Online training is **mandatory**. You must complete all the required courses listed for your position. In-person classes will be limited in size, so please be sure to attend the session you signed up for. If unable to do so, the Inspector must notify the Elections Office at (707) 784-6675 as well as their Roving Inspector.

## Overview of Polling Place Team Members

A polling place team includes:

- ***Roving Inspector:*** Provides technical and administrative support to an assigned group of polling places on Election Day.
- ***Inspector:*** Manages the polling place and team of poll workers.
- ***eRoster Clerk(s):*** Checks in voters at the polling place and determines the type of ballot the voter receives.
- ***Ballot Clerk(s):*** Issues the correct paper precinct ballots to voters, by matching the ballot color stated on the Voter Roster Ticket to the ballot color on the ballot. Issues replacement ballots if a voter makes a mistake.
- ***Provisional Clerk(s):*** Issues the provisional paper precinct ballots to voters due to special circumstances. Uses the Touch Writer to issue correct precinct ballots for voters who are at the wrong polling location. Assists voters with using the Touch Writer. Secures the voted ballots and sends them to the Registrar of Voters for review to determine if the ballot counts.
- ***Greeter(s):*** Provides voters with the Voter Processing Form to speed up check-in. Assists voters utilizing curbside voting to drop off their ballot. Directs voters to the correct polling place, answers generic questions for voters, helps with managing lines of voters, and performs the duties of other positions such as Ballot Clerk or eRoster Clerk while co-workers are on breaks.
- ***Equipment Clerk(s):*** Sets up and operates the Ballot Scanner with the help of one (1) other clerk or the Inspector. Answers voter questions on equipment and ensures voters cast ballots successfully. Hands out “I Voted” stickers.

**If there is a shortage of workers, any poll worker might be reassigned to another position. A minimum of 4 poll workers are required for a polling place to function.**

## Overview of the Voting Process

Greeters will give voters a Voter Processing Form and provide a disposable pen to fill it out. If a voter has their Vote by Mail (VBM) ballot with them and wishes to drop it off rather than surrender it to vote on a poll place ballot, a Voter Processing Form is not given to the voter and the Greeter directs the voter to the yellow VBM Ballot Bag. Note that a ballot from another county can also be dropped off in the yellow VBM Ballot Bag.

All voters check in with the eRoster Clerk who uses the filled-out Voter Processing Form or asks the voter for their identifying information. After determining the voter's eligibility according to the eRoster, a ticket is printed for the voter to sign.

If a voter is listed in the eRoster and is eligible to vote at your polling place, the voter is given a Voter Roster Ticket to sign, and then directed to the Ballot Clerk to receive a ballot. The voter exchanges the signed ticket for a paper ballot.

If a voter wishes to cast their Vote by Mail through the scanner, they check-in with the eRoster Clerk, sign and return their ticket to the eRoster Clerk, who will direct them to the Ballot Scanner without spoiling and replacing their VBM ballot. The ticket will be placed in the blue eRoster Tickets bag.

If a voter is not listed in the eRoster and does not wish to register on the eRoster, the voter is given a pink provisional envelope to fill out and sent to the Provisional Clerk without a ticket to receive a printed provisional ballot. A voter who is not in the eRoster but wishes to register on the day will receive a lilac Conditional Voter Registration (CVR) Envelope and is sent to the Provisional Clerk to receive a printed provisional ballot.

CVR voters (whose voted ballots go into the lilac envelopes) and Provisional voters (whose voted ballots go into the pink envelopes) will return with their ballots in the correct envelope to the Provisional Clerk. The Provisional Clerk will direct them to place the envelopes in the pink Provisional Ballot Bag so that they can be counted at the Registrar of Voters office.

Voters who are in the eRoster but would like to update their address can write their new address on their Voter Roster Ticket and be provided a white change of address envelope. They will put their ballot inside the white change of address envelope along with their signed Voter Roster Ticket that reflects their change of address and place it into the Auxiliary Bin of the Official Ballot Box. Any white change of address envelopes that were put into the Auxiliary Bin compartment of the Ballot Box are added to the Red Tote after the polls close.

All voters receive their ballot in a secrecy sleeve. All voters are:

- Given clear instructions on how to mark the ballot
- Given clear instructions on what to do if a mistake is made while marking
- Told what to do with the marked ballot
- Asked if they need a translated facsimile ballot

A polling place may have different precinct ballots each with their own assigned color. The Ballot Clerk matches the precinct number and color on the signed Voter Roster ticket to the precinct and color of the ballot that they give the voter, ensuring each voter receives the correct precinct ballot.

The voter casts the ballot by depositing it in the scanner and is then given an “I Voted” sticker by the Equipment Clerk, who is always near the Ballot Scanner.

### **Vote by Mail Ballots**

Voters are not required to surrender their Vote by Mail (VBM) ballot in order to receive a poll place ballot. However, if a voter does surrender their ballot, it cannot be given back to the voter. If a voter has their VBM ballot and wishes to cast it through the Ballot Scanner, the voter **MUST** check in with the eRoster Clerk and sign their Voter Roster Ticket but will not receive a replacement ballot. Instead, once the voter has checked in and signed the Voter Roster Ticket, the voter will be directed to the Ballot Scanner to deposit their ballot.

Voters can also choose to return their VBM ballot in the VBM envelope at the polling place by depositing it in the **yellow Vote by Mail Ballot Bag**.

**REMEMBER: Voters can only have one ballot. If they wish to use their VBM ballot, they will NOT be issued a poll place ballot.**

Note that a ballot from another county can also be dropped off in the yellow VBM Ballot Bag. All Vote by Mail ballots are forwarded to the appropriate jurisdiction for counting.

### **Issuing Replacement Ballots**

When a voter makes a mistake on the ballot, they return to the Ballot Clerk or Provisional Clerk who issued the voter the ballot.

The Clerk will:

- Take the ballot and **verify that it is the same ballot being issued.**
- Write **SPOILED** across the face of the ballot to void the ballot.
- Place the spoiled ballot into the sealed **Red Bag**.
- Tear off a new ballot and give the voter the replacement ballot.

The maximum number of replacement ballots a voter can receive is two (2). Offer to help the voter prior to them reaching the maximum number and having to cast their final ballot as-is.

## **Assisting Voters with Marking Ballots**

Voters have a legal right to receive assistance at the polling place. Voters can bring 1-2 people to provide assistance as long as the person(s) is not their employer, union representative, or an agent or officer of the employer or union (although it is difficult to know). Voters may also ask a poll worker for assistance. The assistance provided may include reading the ballot aloud or marking the ballot as directed by the voter. Poll workers can also offer to set up the Touch Writer system for voters needing assistance, which can be used to provide the ballot in an audio format as well as other accessible modifications. Any voter can use the device to mark their ballot, which can then be printed and ran through the Ballot Scanner.

If a voter asks for assistance in marking the ballot:

- The Ballot Clerk or Provisional Clerk must issue an oath to the voter.
- Ask the voter to repeat the following oath:
  - “I (voter’s name) do affirm that I request assistance marking my ballot.”
- Write the voter’s name on the Assisted Voter List located on the back of the Ballot Statement in the Inspector Binder.

## **Translated Sample Ballots (Facsimile Ballots)**

All polling places will have translated facsimile or sample ballots available in English, Tagalog, and Spanish. The Ballot Clerk or Provisional Clerk will ask every voter if they need a translated facsimile ballot in one of the languages available. If they do, they will be given a translated facsimile ballot AND a regular precinct (or provisional) ballot. Translated Facsimile ballots are only used for language assistance when marking the official ballot. Instruct voters to dispose of the translated facsimile ballot with the secrecy sleeve in the provided container before leaving.

An image of the translated facsimile ballots are on the FYI board. Post the FYI board in an area easily visible to voters. Poll workers should be sure to wear the appropriate language flags indicating languages they can assist voters in.

## **Election Day Meal Break**

Poll Workers are encouraged to take several short breaks (about 5 minutes) throughout the day, as long as a minimum of 4 poll workers are available to serve voters, per California Election Code. All poll workers are entitled to a one (1) hour meal break. The Inspector coordinates meal breaks to ensure that all workers are available during the peak periods of voting.

## **Election Day Observers**

Anyone can observe any aspect of the election process. Often, they are working for advocacy groups or a political party and/or candidate. Observers are welcome to observe but must adhere to the posted illness prevention guidelines and the posted Observer guidelines, which are also summarized below:

### **Observers May**

- Observe procedures including opening and closing
- Look at and obtain information from the Street Index and/or Certified Voting List, which can be found online, printed from the eRoster, or by letting the Observer flip through the Voter Processing Forms
- Ask to see the translated facsimile ballots

### **Observers May Not**

- Speak with poll workers or voters to interfere with or delay the voting process
- Speak to voters within 100-feet of the entrance to polling places about how they may have voted, challenge them for electioneering or question their qualifications to vote
- Use cellphones inside the polling place and/or within 100-feet of the entrance to the polling place
- Occupy the area behind or between official election tables, voting booths, or the Ballot Scanner

### **Observers Cannot**

- Touch voting materials or equipment or sit at the official election table(s)
- Monopolize and/or remove the posted Street Indexes and/or Certified Voted List
- Interfere with the timely closing of a polling place

### **What to do if an observer violates the guidelines**

First, politely approach the individual(s) and advise them of the guidelines. If the situation continues, ask the observer(s) to leave the polling place. If you feel unsafe or in danger, call 911.

## Electioneering

### What is Electioneering?

- Any act of campaigning for or against a party, candidate, or measure that appears on the ballot.
- Speaking to voters about marking their ballot.
- Voters quietly discussing their choices in a voting booth within earshot of other voters.
- Displaying any sign, sticker, button, or clothing that supports or opposes a party, candidate, or measure.

Electioneering is not allowed within 100-feet of the entrance to the room in which ballots are cast.

Exception: News media or pollsters are allowed within 25-feet of the entrance if they are conducting exit interviews. Exit interviews are not considered electioneering because it occurs after the voter has voted.

### What to do if there is a violation of electioneering laws

- Make a polite approach and advise them of electioneering laws.
- If the situation continues, immediately call the Roving Inspector.
- Notify the Registrar of Voters at (707) 784-6675.

## Media

Members of the media may be present in the polling place but may not take pictures of voters or poll workers unless permission is granted. Media may request a comment or quote from poll workers. If you are not comfortable speaking with them, direct media inquiries to (707) 784-3366.

## Time in Voting Booths

Per the Election Code, voters are not allowed to be in the voting booth any longer than is necessary to mark their ballots, which should not exceed 10 minutes. If there are no voters waiting for a booth, please allow a voter more time. Voters are also allowed to bring their sample ballot into the voting booth with them to be used as a guide.

## Showing ID at the Polling Place

### **Do not ask voters to show ID unless prompted to do so by the eRoster.**

The requirement to show identification at the polling place is limited to a small group of voters and is only required in federal elections. The eRoster tablet will show “ID Required” for the voters who are required to do so.

- A voter may offer to show an ID to help the eRoster Clerk look up their name to determine the spelling. However, it is discouraged by our office, and is not required.

## **Emergency Procedures**

If there is an emergency need for police, fire, or ambulance, contact the appropriate agency using the county issued cell phone. Call 911 or use the direct emergency number for the police and fire that are on the page titled **Important Information page iv** in this manual and are loaded into the contacts of the Inspector's county-issued cell phone.

### **What to do if you must evacuate the polling place**

- If safe to do so, the Provisional Clerk will take the Pink Provisional Bag, the Equipment Clerk (or other assigned clerk) will take the Yellow Vote by Mail bag, the eRoster Clerk will take the Blue eRoster Ticket Bag, and the worker with the equipment keys (typically the Inspector) will remove the Red Tote from inside the Ballot Box, then immediately leave the polling place.
- All voters and poll workers immediately leave the polling place.
- Direct the poll workers to gather nearby at a safe location or follow the instruction of a polling location staff member or emergency personnel.
- Once everyone is safely out of the building, immediately notify the Registrar of Voters at (707) 784-3045 and your Roving Inspector.
- Voters arriving when the poll place is still evacuated should be directed to the next closest polling place to vote.

### **What to do if there is a power outage in the building**

- Notify the Registrar of Voters at (707) 784-3045.
- Your Ballot Scanner and Touch Writer have a battery back-up that allows the equipment to continue to operate for a limited time.
- The eRoster tablet is fully charged while plugged in. If there is a power outage, continue to process voters using the eRoster and plug the printer into the UPS or use emergency roster tickets. The battery on the tablet should last during a minor power outage. If the power outage lasts longer than the battery on the tablet, switch to using the back-up paper roster.

### **What to do if you cannot get into your polling place before 7:00 a.m.**

1. Contact your Roving Inspector.
2. Call the Registrar of Voters at (707) 784-3045.
3. Follow instructions on page 38 in Inspector section on setting up the poll place outside.

## **What to do if a voter wants to take pictures inside the polling place**

Inform the person that recording and photography are not permitted in the polling place, however state law allows a voter to take a photograph of their own ballot (a “ballot selfie”) and share it on social media. Discretion will still need to be exercised as to whether “ballot selfies” are causing a disruption requiring a response.

## **What to do if a vote by mail voter wishes to use a surrendered ballot as a voting guide**

Inform the voter that Election Code states a vote by mail voter must first surrender their ballot to vote at the polls.

Available options include:

- The voter can cast their vote by mail ballot in the Ballot Scanner.
- The voter can use their cell phone to take a picture of their vote by mail ballot before surrendering it.
- The voter can copy their voting choices on their vote by mail ballot onto a sample ballot before surrendering it.

## Master Supply List

### Red Supply Bag

- The Inspector is responsible for picking up the Red Bag(s) and bringing them to the polling place on Election Day.

### What to Do if You Cannot Access the Polling Place

- Call your polling place election morning contact (contact information can be found in your Inspector Binder).
- Call the Registrar of Voters at 707-784-3045, and your Roving Inspector.
- At 6:45 a.m., begin to set up outside the entrance to the polling place.
- Break the seal on the Primary Red bag and remove the contents. Re-seal the Red Bag and use it as a temporary ballot box.
- Give the back-up paper roster to one eRoster Clerk.

- Give a stack of provisional ballots to the Provisional Clerk (precinct specific).
- Additional supplies you may need are in the Emergency Kit.
- At 7:00 a.m. declare “The polls are now open.”
- The eRoster Clerk looks up the voter in the paper roster:
  - If the voter is listed in the paper roster at the correct address *and* has their Vote by Mail ballot to surrender, the voter signs the paper roster and is given a ballot in a secrecy sleeve with a pen by the Ballot Clerk. Once the ballot is marked, the voter places it in the Red Bag.
  - If the voter is not listed in the paper roster, their address is not current or they do not have their Vote by Mail ballot to surrender, the voter does not sign the paper roster.
    - Instead, the voter is given a provisional envelope and is sent to the Provisional Clerk.
    - The voter will sign the Provisional sign-in sheet and complete the provisional envelope before being given a provisional ballot in a secrecy sleeve.
    - Once the ballot is marked, the voter seals the ballot in the pink envelope and returns the envelope to the Provisional Clerk, who places it in the red bag.

## Processing a Regular Voter

- Look up the voter by using the first 3 letters of the voter's last and first Name, then touch the SEARCH button.
- Tap the voter's name to open their record.

The screenshot shows the Solano County eRoster application interface. At the top, it displays '2018 SOLANO TEST 08 - 6/5/18' and 'Last Imported: 5/7/18, 3:07 PM'. The header includes the Solano County logo and 'BENICIA FIRST BAPTIST CHURCH'. Statistics shown are 'Precinct Records: 8517', 'Countywide Records: 302159', 'Checkin Count: 3', and 'Configuration: Solano'. A search bar contains the letter 'c', and a 'SEARCH' button is visible. Below the search bar, it says 'SEARCH RESULTS - 24261 Records Found'. A 'Voter Information' box is highlighted, and a red banner indicates 'VBM Ballot Sent Benicia First Baptist Church Precinct: 21125'.

**If the voter does not have a Vote by Mail ballot to surrender, follow the onscreen prompts to allow the voter to vote. Due to recent law and technology changes, a voter does not have to surrender a vote by mail ballot to vote at a polling place!**

If the voter has their Vote by Mail ballot to surrender,

- Write SURR on the surrendered ballot
- Write SURR on their vote by mail envelope. Voters are not required to bring their envelope.
- Place the surrendered Vote by Mail ballot in the Vote by Mail envelope and put it in the sealed Red Bag.

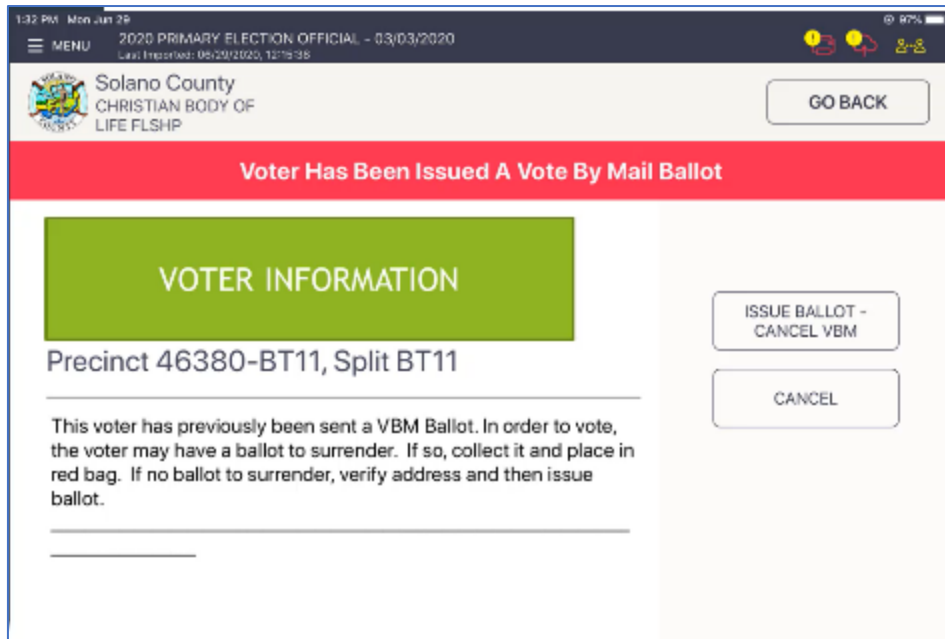

All active California Voters will be issued a Vote by Mail (VBM) ballot.

Voters DO NOT need to surrender their VBM ballot to receive a regular ballot.

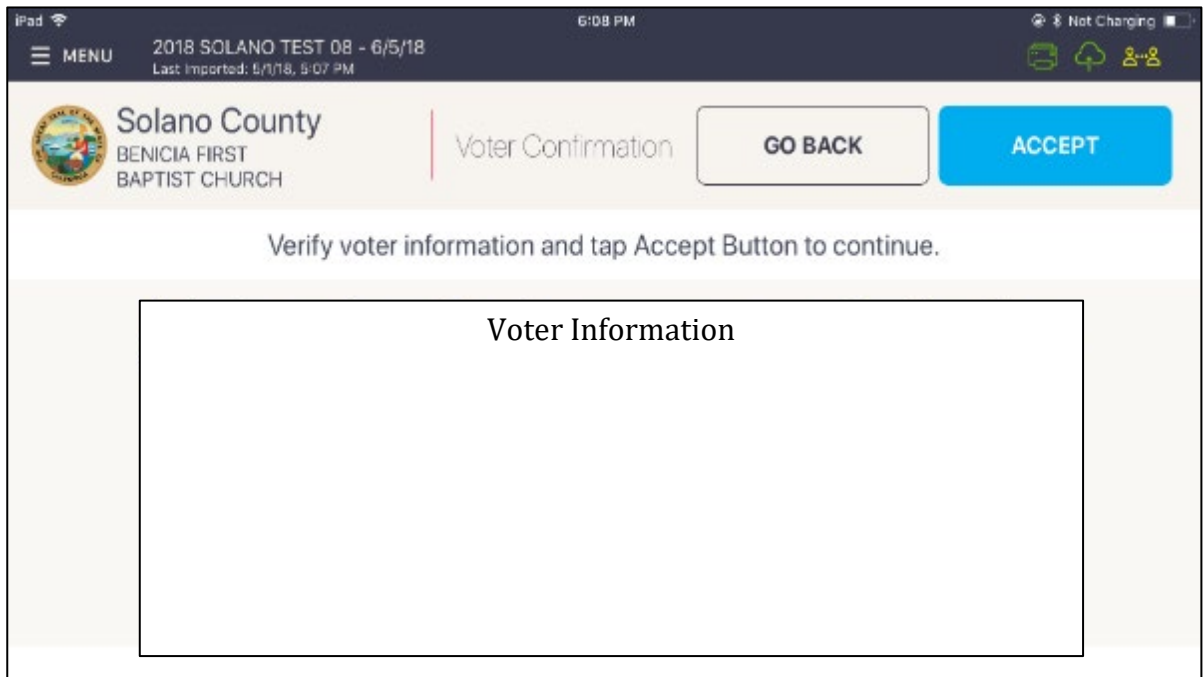

The eRoster will prompt you to cancel their VBM ballot and issue a regular ballot. If the voter has already voted and returned their VBM ballot, the eRoster will prompt you to process them provisionally.

If a voter wishes to cast their VBM ballot through the scanner, follow the steps below but do not send the voter to the Ballot Clerk. The voter will return the signed voter roster ticket to the eRoster Clerk, who will then direct the voter to the Ballot Scanner. The eRoster Clerk will place the Voter Roster Ticket inside the blue eRoster Tickets Bag.

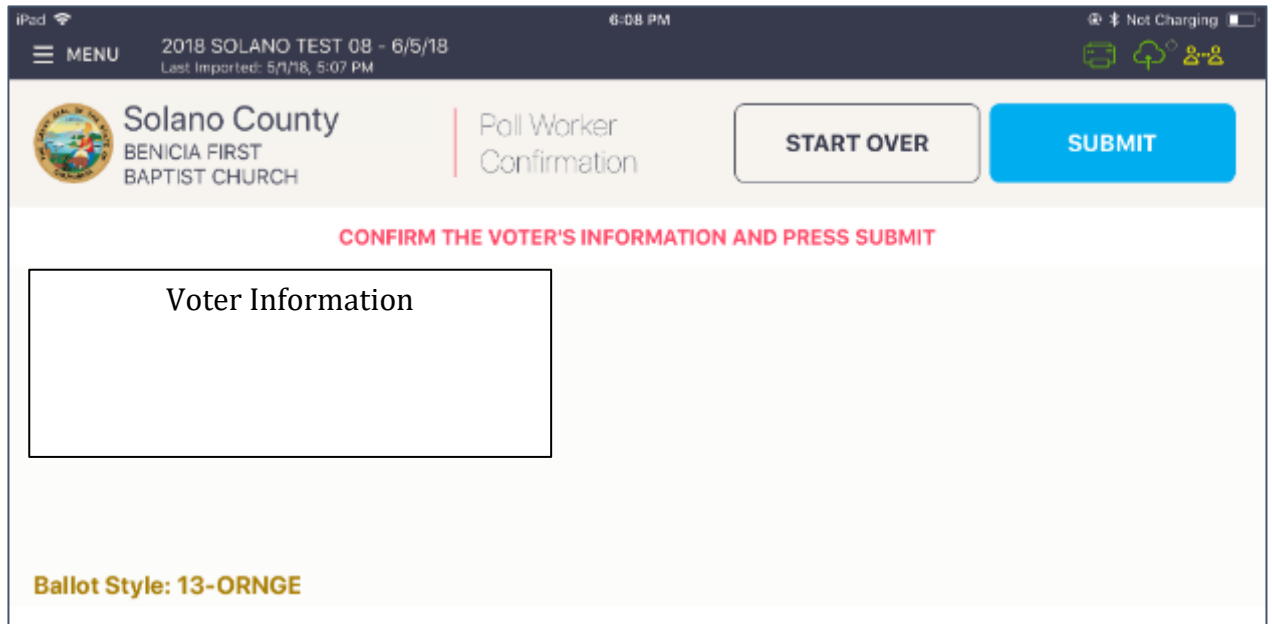

- Select “ISSUE BALLOT – CANCEL VBM” to process the Voter.

- Touch the blue ACCEPT button.

- Touch the blue SUBMIT button to process the voter and print the Voter Roster ticket.

- Have the voter sign the ticket and direct the voter to the Ballot Clerk matching the precinct

**What to do if a vote by mail voter wishes to cast their Vote by Mail (VBM) ballot instead of a poll ballot:**

**Dropping off a voted Vote by Mail Ballot**

Voters have the option of dropping their ballot in its yellow VBM envelope into the yellow Vote by Mail Bag that will be collected throughout the day. If needed, a replacement VBM envelope can be provided, on which voters will need to write their name and address legibly as well as signing beneath the flap. The voter does not need to check in with the eRoster Clerk.

**Scanning a voted Vote by Mail Ballot on the Ballot Scanner**

If a voter has their VBM ballot and wishes to cast it through the Ballot Scanner, **the voter must check in with the eRoster Clerk to sign their Voter Roster Ticket** but will not receive a replacement ballot. Instead, once they have checked in and signed the Voter Roster Ticket, they will be directed to the Ballot Scanner to deposit their ballot.

- Search for the voter
- If the voter is at the **correct precinct**, their **address matches**, AND they are marked as **VBM Ballot Sent** in the eRoster, select Process Voter – Cancel VBM
  - If the voter is at the wrong precinct or their ballot status is VBM Ballot Received, they must vote provisionally
- Tap ACCEPT then SUBMIT
- Voter Roster ticket prints

- The voter signs the ticket and returns it to the eRoster Clerk.
- The voter goes to the Equipment Clerk who will direct them to run their Vote by Mail ballot through the Ballot Scanner.
- The eRoster Clerk deposits the signed Voter Roster Ticket into the blue eRoster Tickets bag.

**Every active voter in California will receive their VBM ballot in the mail.  
They do NOT need to surrender it to vote a regular ballot.**

**However, if they have returned their ballot and their status says  
VBM Ballot Received, they must vote provisionally.**

## Voter Not Found in eRoster

A voter can register on the eRoster or by filling out the lilac CVR envelope. Please use your judgement during the day if one process is faster than another to avoid long lines – both methods are shown below.

### Registering the voter on the eRoster

- After searching for the voter unsuccessfully, click on the register button at the top of the screen.

The screenshot shows the Solano County Testing eRoster interface. At the top, it displays the title "Solano 2020 Presidential Primary - REV04 - 03/03/2020" and the location "CALVARY COMMUNITY CHURCH". A "REGISTER" button is highlighted with a blue arrow pointing to it from the left and another blue arrow pointing to it from the right. Below the search bar, there are search results for "CALVARY COMMUNITY CHURCH" with "ID Required" and "Precinct: 17045 Split: ORNGE". The interface also shows a "SEARCH" button and an "ADVANCED SEARCH" option.

- Complete the onscreen prompts with the voter – there are a total of 4 screens to complete:

- Use the orange key to unlock and open the Touch Writer.

- Open the storage compartment, remove the power brick and cord, replace the storage compartment cover, then close the lid.

- Plug the power cord into the power brick, then plug the power connector into the back of the Touch Writer, flat side up. Do not plug into AC power yet.

This seal will not be removed. If it does not match, notify the Inspector who will contact the Registrar of Voters Office at 707-784-3375.

- Plug the Touch Writer power cord into a wall outlet. A green light will illuminate on the power brick when AC power is present.

- Install the privacy panels to the table on each side of the Touch Writer.

- Plug the UPS on the caddy into AC power. The UPS is located on the bottom shelf of the caddy and the plug will be accessible on the back of the caddy.

**Do not plug the UPS into a power strip or extension cord. It must be plugged directly into the wall.**

Leave the UPS on the lower shelf of the equipment caddy.

- Confirm that the printer power cable is connected to the back of the UPS.
- **Turn on the UPS by pressing the rocker switch on the front left until it clicks. Even though lights are illuminated when it is plugged in, it must be turned on to operate correctly.** There will be no blinking lights on the front of the UPS if it is turned on.

**Back of UPS with printer power cord plugged in**

Leave the ballot printer on the shelf in the equipment caddy above the UPS.

- While waiting, loosen the Accessible Controller from its storage area. Remove the headphones from the touch writer supply bag and plug them into the Accessible Controller.

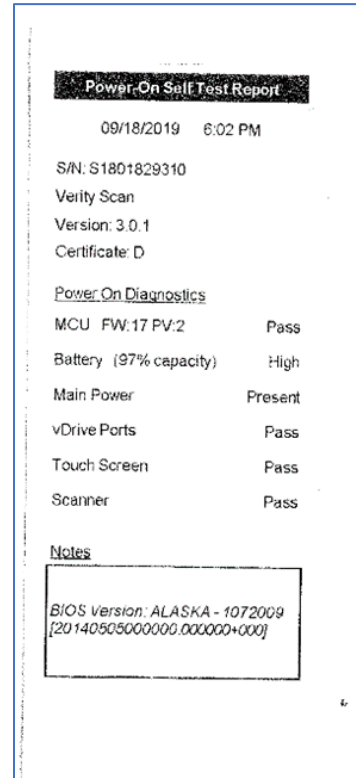

- Plug the blue connector of the bar code scanner into the USB port on the vDrive door of the Touch Writer. Place next to the Touch Writer on the Touch Writer table.

- A Power-On Self-Test report will display briefly on the screen and automatically print. Tear off the report, review it for any issues, then place the report into the Official Document Returns Envelope.

- The Setting Up Election screen will display.

Verify the date and time are correct. Call the Registrar of Voters Office at (707) 784-3375 if either is incorrect.

Select Print Zero Report from the menu.

Tear off the report, confirm the ballot count is zero, have all poll workers sign the printed zero report, then place it inside the Official Document Returns Envelope

Choose Open the Polls. Enter the Open Polls code **091223**. The Open Polls Report will print.

Remove the Open Polls report from the printer, confirm the ballot counter is zero, have all poll workers sign the report, and place it in the Official Document Returns Envelope.

- Place the sealed ballot in the pink provisional bag.
- Thank the voter and give the voter an “I Voted” sticker.

### How to Print a Provisional Ballot on the Touch Writer

- This process is for voters who need a provisional ballot from a precinct that is not assigned to the polling place.  
Reminder: If you have blank provisional ballots for the precinct they are assigned to and can provide them the correct precinct ballot from that stock, you do not need to print the ballot.
- On the Touch Writer, type in poll worker code **091223** to access ballot

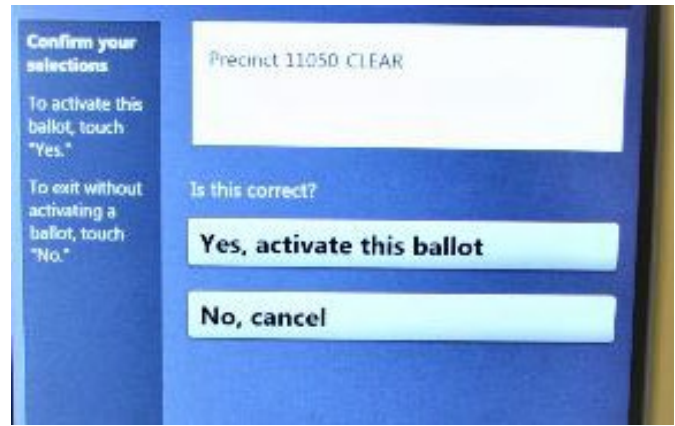

- Select “Activate ballot”

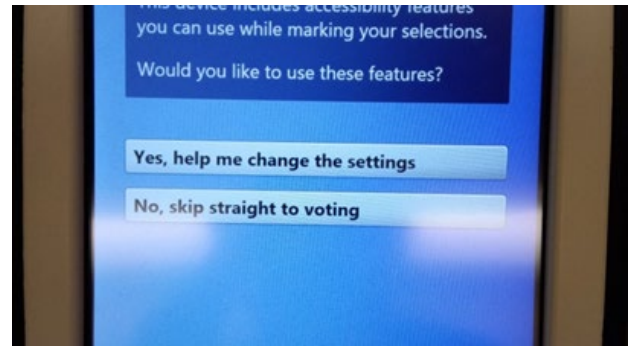

- Scan the bar code at the bottom of the Provisional Voter Ticket

- Confirm it is the correct precinct and select "Yes, activate this ballot"
- Once the ballot is activated, go through the steps to print it.

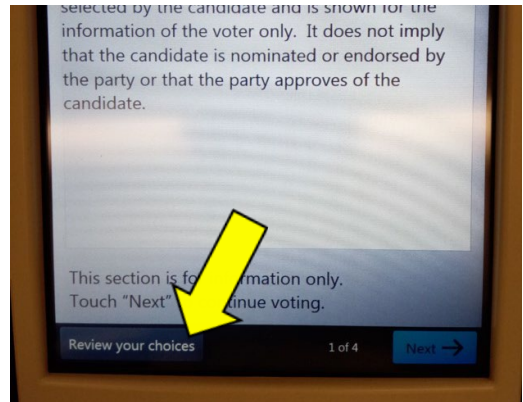

- First, select "To get started, touch here"
- Select "No, skip straight to voting"

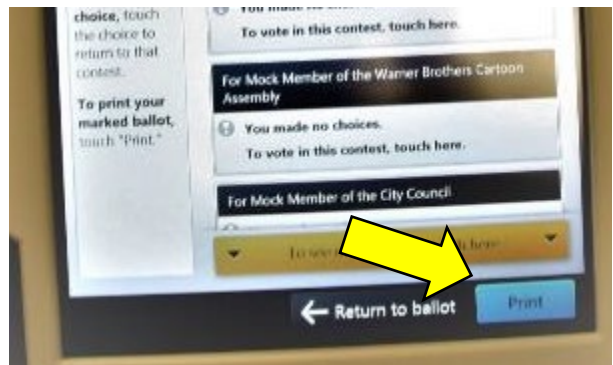

- Select "Begin Voting"

- Select “Review your choices” in the bottom left-hand corner of the screen.

- Select “Print” from the bottom right-hand of the screen

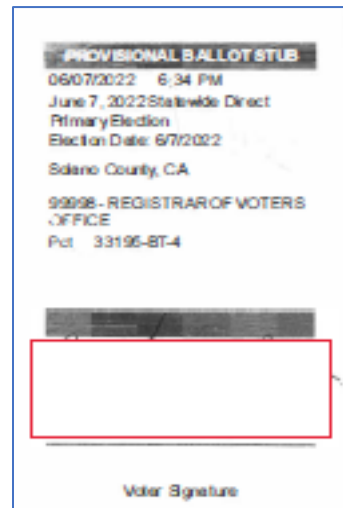

- The Touch Writer will warn you that you made no choices on the ballot. Click “Yes, print a blank record.”

- A message will let you know the ballot is printing—wait until it prints on both sides—and then when it is done.

- If the voter is a provisional voter, a Provisional Ballot Stub will print on the Touch Writer. Because the printed provisional ballot has no stub, give this printed stub to the voter.

- Make sure the precinct number at the top of the ballot matches the precinct number on the provisional ticket

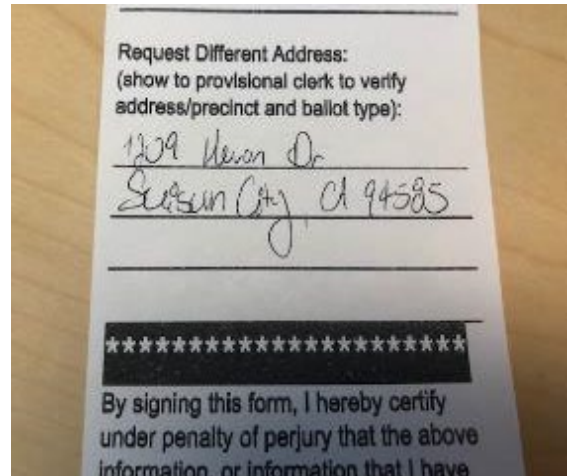

## Processing Change of Address Voters

This process is used for voters who are at the correct polling location but need to update their address. Here is an overview of the process:

- The voter will write their new address in the area provided on the Voter Roster Ticket and sign the ticket.
- The poll worker will print/provide the correct official ballot (not a provisional ballot) to the voter.
- The voter will vote the ballot and place the ballot and Voter Roster ticket inside the white Change of Address envelope, then seal the envelope.
- The voter will place the sealed envelope in the auxiliary bin of the scanner.
- After the polls close, the poll worker will place the white Change of Address envelope inside the Red Tote.

## Printing a Ballot for a Change of Address Voter

- A regular ballot is printed using the Touch Writer.
- Verify each ticket is labeled Voter Roster Ticket and is signed.
- Verify the ticket has a change of address written on it in the section provided for that purpose:

- Get the voter a ballot based on the address written on the ticket. Use the Street Roster Index to look up that address and to identify the correct precinct type for the voter:

700	741	Both	NEW BEDFORD CT	162	1405 KENTUCKY STREET
221	322	Both		223	650 PARKER ROAD
300	400	Both			STREET
711	781	Odd	NEW BEDFORD DR		
204	671	Both		249	140 LADERA DRIVE
0	0	Both		249	2000 GLEN COVE MARINA DR

Find the street name and confirm the house number is in range

- Note: the 5-digit number to the right of the street range is the precinct number:

- On the Touch Writer, type in the poll worker code **091223** to access ballot.

- Select "Activate ballot."

- Type in the correct precinct number to pull up the ballot.

- Confirm it is the correct precinct and select “Yes, activate this ballot.”

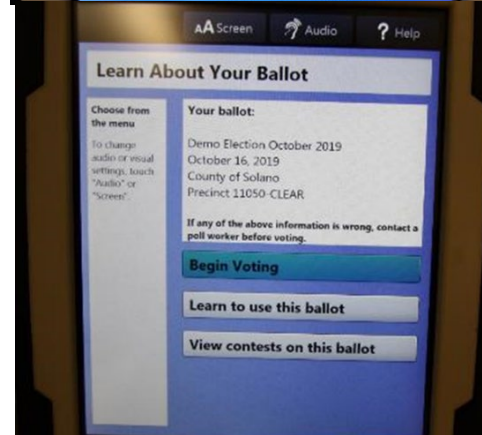

- Select “To get started, touch here.”

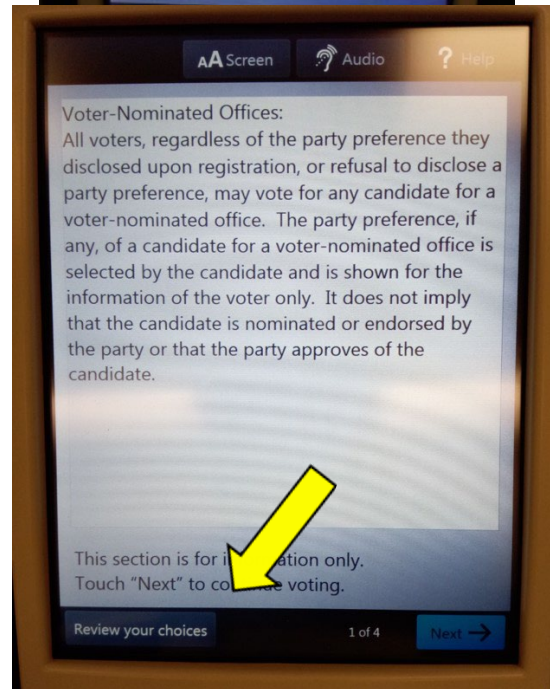

- Select “No, skip straight to voting.”

- Select “Begin Voting.”

- Do not make any selections. Select “Review your choices.”

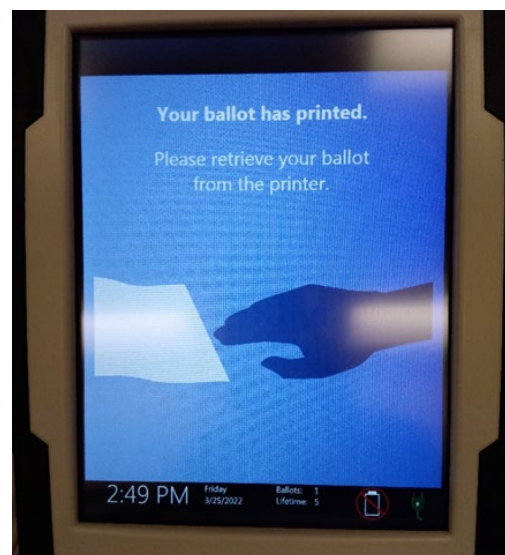

- Select “Print” from the bottom right-hand of the screen.

- The Touch Writer will warn you that “You made no choices” for each contest. Select “Yes, print a blank record.”

- A message will let you know the ballot is printing—wait until it prints on both sides—and when it is done.

- Make sure the precinct number at the top of the ballot matches the number you identified in the Street Roster Index.
- Place the ballot in a secrecy sleeve with a pen and a Change of Address Envelope to create the ballot packet.

Sample of a White Change of Address envelope

- Ask the voter if they would like a translated facsimile ballot.
- Hand the secrecy sleeve to voter and say:
  - “Here’s your ballot packet. We’ve provided a secrecy sleeve to keep your ballot private.”
  - “To mark your ballot, fill in the rectangle next to your choice.”
  - “If you make a mistake, please bring the ballot back to me.”
  - “When you are finished, please place your ballot and signed ticket in the Change of Address envelope and place that envelope in the Auxiliary Bin of the Ballot Box.”
- Thank the voter and direct them to the voting booths.

## Issuing Replacement Ballots

**If you need to issue a replacement provisional ballot, please make sure you are giving the voter a ballot that is from the correct precinct and color.**

When a voter makes a mistake on their Provisional ballot, he/she returns to the Provisional Clerk:

- Take the provisional ballot and verify that it is the same ballot type you are issuing. If the provisional ballot needs to be reprinted, select the correct precinct ballot and ensure it is marked Provisional.
- Write SPOILED across the face of the provisional ballot to void the ballot.
- Place the spoiled provisional ballot into the sealed Red Bag.
- Give the voter the replacement provisional ballot and the new ballot stub.

The maximum number of replacement ballots a voter can receive is two (2). Offer to help the voter prior to them reaching the maximum number.

## Closing the Polls

- At 8:00 p.m. the Inspector announces, “The polls are now closed.”
- Ensure all voters are processed and assure them they will get to vote.
- Wait for last voter to exit.
- Place unused Provisional Ballots and ballot stubs into the Red Bags.
- Do not break the seal on the Pink Provisional Ballots Bag.
- Total the signatures on your Provisional Log and enter total on the top of form.

# DISABILITY SENSITIVITY AT THE POLLS

## CALIFORNIA SECRETARY OF STATE

The rules of etiquette and good manners apply when working with every voter who enters a polling place. In addition, the following guidance may be helpful when working with people with disabilities.

### Meeting a Person With a Disability

- **Greet everyone with a smile, eye contact, and a spoken greeting.** Some people are uncomfortable with handshaking or physical contact. Be respectful of personal boundaries. Likewise, if someone offers you a handshake, feel free to accept it.
- **Speak directly to a person with a disability,** not just to others accompanying a person.
- **Offer assistance, but do not insist on providing it.** It is best to ask all voters if they need assistance or would like to use an accessible voting system, instead of assuming who may or may not have a disability. Always ask how you may best assist before acting, wait until the offer is accepted, and then listen or ask for instructions. For example, it may be unsafe to grab a walker, white cane, or other aid used by a person who is disabled.
- **Don't ask about or mention a person's disability** unless he or she talks about it or it is relevant to the conversation. Don't praise someone with a disability for having "overcome" the disability. All voters are equal. Don't patronize or talk down to someone with a disability.
- **Keep your communications simple.** Use plain language (i.e., "May I help you?" rather than "May I assist you?"). Keep sentences short, and rephrase or repeat your comments if the voter is not understanding you. Focus on one topic at a time and be sure to allow time for the person to respond. Also, pay attention to the person while you're speaking with them, as they may be using body language to communicate.

### Interacting With a Person Who Uses a Mobility Device (e.g., Wheelchair, Scooter, Cane, etc.)

- **Provide personal space.** Do not push, lean on, or hold onto a person's mobility device unless the person asks. Remember, the mobility device is part of his or her personal space.
- **Clear the path.** Make sure that the path of travel to the check-in tables and voting booths are clear before the polls open and remain clear throughout the day.
- **When giving direction to someone using a mobility device,** consider the distance, weather, and physical obstacles such as curbs and stairs the person will encounter. Know where the accessible pathways, restrooms, and water fountains are both in and outside of the building.

### Meeting Someone With a Disability That Affects Speech

- **Pay attention, be patient, and wait** for the person to complete a thought and do not try to finish it for them. Ask the person to repeat the thought if you do not understand what they are trying to say.
- **Understand a person may use assistive technology** such as an alphabet board or computer to communicate.

# DISABILITY SENSITIVITY AT THE POLLS

## CALIFORNIA SECRETARY OF STATE

---

### Meeting Someone Who Has a Visual Impairment

- **Greetings.** Identify yourself and introduce anyone else who may be with you. Also, don't leave the person without saying you are leaving.
- **Guiding.** If asked to be a sighted guide, place your arm against their hand, or close enough that they can easily find it. Never push or pull someone, always point out obstacles along the way, and discuss where you are going.
- **Guide and service animals.** Do not pet or distract a guide or service animal. The animal is responsible for the owner's safety and is working. People with visual impairments often use guide or service animals. However, be aware that people with other disabilities may use guide or service animals as well.

### Communicating With Someone Who Is Deaf or Uses an Assistive Hearing Device

- **Let the person take the lead** in establishing which communication method he or she prefers to use (e.g., assistive technology, writing on a piece of paper).
- **Talk directly to the person** even if a sign language interpreter is present. If the person lip reads, face him or her directly and speak at a moderate pace. For some people, it also may help to simplify sentences and use more body expressions.

### Use Appropriate Language

- Instead of disabled person, handicapped, or crippled, say **person with a disability**
- Instead of an able-bodied person, say **person without a disability**
- Instead of mentally retarded, retard, slow, or special, say **person with an intellectual or developmental disability**
- Instead of the blind, say **person who is blind or visually impaired**
- Instead of hearing-impaired, deaf, dumb, or mute, say **person who is hard of hearing or a person who is deaf**
- Instead of a victim of, suffers from, or afflicted with (a condition), say **person who has a disability, uses a wheelchair, is blind, or is deaf, etc.**
- Instead of epileptic, say **person with epilepsy**
- Instead of a Down's person or Mongoloid, say **person with Down Syndrome**
