**NOTICE OF AVAILABILITY OF A DRAFT ENVIRONMENTAL IMPACT REPORT (EIR)  
AND ENVIRONMENTAL ASSESSMENT (EA) FOR THE STATE ROUTE (SR) 37 FLOOD  
REDUCTION PROJECT (STATE CLEARINGHOUSE NO. 2021110045)**

**WHAT IS BEING PLANNED?**

The California Department of Transportation (Caltrans) proposes to reduce flooding from stormwater overtopping and adapt to the projected 2130 sea level rise on SR 37 from Post Mile (PM) R11.2 to 13.8, in Marin County, California. The Project would replace the Novato Creek Bridge and construct a causeway at an elevation of 35 feet in 2 phases. The causeway would extend from U.S. 101 to Atherton Avenue.

Caltrans, as the lead agency under the California Environmental Quality Act and the National Environmental Policy Act, announced that the Draft Environmental Impact Report and Environmental Assessment for the proposed State Route (SR) 37 Flood Reduction Project is available for public review and comment. The document is available through this [link](#).

The proposed Project would be constructed in two phases.

- Phase 1: Caltrans would replace the Novato Creek bridge with a longer structure at the elevation of 35 feet, install two temporary transition bridge structures tied into existing grades, improve two existing local access roads, replace culverts, and regrade an existing drainage channel. Construction is anticipated to commence in 2027.
- Phase 2: Caltrans would construct the rest of the causeway from the 101/37 intersection to Atherton Avenue Undercrossing to an elevation of 35 feet. Caltrans proposes to remove the existing Simonds Slough Bridge, reconstruct the on and offramps at Hanna Ranch Road, Marsh Drive, and Atherton Avenue, install Type 85 barriers, and replace two culverts. Construction is anticipated to commence in 2041, subject to funding availability.

Comments are welcome on the Draft EIR/EA during the 45-day public comment period from August 25 to October 8, 2023, via email to: [SR37FloodProject@dot.ca.gov](mailto:SR37FloodProject@dot.ca.gov), or postal mail to Skylar Nguyen, Caltrans District 4, P.O. Box 23660, MS: 8B, Oakland, CA 94623-0660.

Caltrans will host a hybrid public meeting on **Thursday, September 21 from 6 to 7:30pm**. Community members may participate in the meeting virtually via Webex (<http://bit.ly/3YZzIRP>) or in person at the Margaret Todd Senior Center, 1560 Hill Rd, Novato, CA 94947.

In this meeting, Caltrans will provide an overview of the Project and its purpose and need, the current build alternative, and the potential environmental impacts of the Project.

## Public notices

### Fire Prevention Week from October 8 to 14

"Cooking safety starts with YOU! Pay attention to fire prevention is the theme for Fire Prevention Week, this October 8 to 14, 2023. This year's focus on cooking safety works to educate the public about simple but important steps they can take to help reduce the risk of fire when cooking at home, keeping themselves and those around them safe.

First of all, how many smoke alarms do you have in your home?

The National Fire Protection Association has some great tips:

- Install alarms on **every** level of the home, especially the kitchen, and yes, the basement, too!

- Install smoke alarms in **every** sleeping room and outside each separate sleeping area.

- Smoke alarms should be interconnected. When one sounds, they all sound!

- A smoke alarm should be on the ceiling or high on a wall and at least 10 feet from the stove.

- People who are hard-of-hearing or deaf can use special alarms that have strobe lights and bed shakers.

October 8-14 is Fire Prevention Week and a great time to assess your supply of smoke alarms. It's a small price to pay for your safety. Look for weekly safety tips on our social media platforms. For more information, visit: <https://www.nfpa.org/>

### Volunteers sought for annual Solano County Coastal Cleanup Day events

Solano County and its cities have partnered, again, with Solano Resource Conservation District to serve as the countywide coordinator for the 39th California Coastal Cleanup Day.

Supporting agencies throughout Solano County are hosting more than 60 cleanup sites for this event that takes place on **Saturday, September 23 from 9am to 12pm**. More than 2,500 local Solano volunteers participate in the countywide Coastal Cleanup Day events every year by converging at creeks, parks, open spaces, city trails and trash hot spots to remove thousands of plastic cigarette filters and thousands of pounds of plastic bottles, single use food containers and wrappers, grocery bags, and more.

For a complete listing of Solano County partners and community cleanups, click [here](#).

## **BENICIA**

Join the city of Benicia and Benicia Litter Pickers for Coastal Cleanup Day. Meet at the Alvarez Ninth Street parking lot on Saturday, September 23rd from 9am to noon to receive supplies and choose your favorite beach, park, or neighborhood to collect litter.

Volunteers are also invited to participate throughout the month by cleaning up their neighborhoods, parks and other local areas. Trash from inland areas flow downstream to the coast, so cleaning up helps prevent marine debris.

## **City of Vallejo Housing Element**

The public review draft of the City of Vallejo Housing Element is being released up to October 24 in order for the public to review and provide comments, before it is sent to the California State Department of Housing and Community Development Department for its initial review.

review draft of the Housing Element, provide an outline for the review process itself, and to ensure that the public will have an opportunity to provide verbal comments on document. No action will be taken at any of these meetings.

Written comments on the public review draft of Housing Element Update must be submitted prior to the deadline of October 24, 2023, either via email to [Margaret.Kavanaugh-Lynch@cityofvallejo.net](mailto:Margaret.Kavanaugh-Lynch@cityofvallejo.net) or in person or by first class mail to:

### **Public Meeting Dates and Locations**

**Planning Commission Date:** September 18 at 7pm.

**Housing and Community Development Commission:** October 5 at 7pm.

**City Council:** October 24 at 7pm

**Each of these meetings are held at City Hall, 555 Santa Clara Street, Vallejo, California. Members of the Public will be able to participate in-person or remotely via Zoom.**

A Housing Element is a state required element of a City's General Plan. The Housing Element must be updated every eight years and includes goals, objectives, policies, and implementation programs that address the maintenance, preservation, improvement, and development of housing in city limits. In addition, the Housing Element Update identifies sites appropriate for the development of multifamily housing. The Housing Element Update also includes other amendments necessary to comply with recent changes in State law. Prior to the submittal of the Draft to the State Department of Housing and Community Development (HCD) for their review and comment, a Draft Housing Element has been prepared and now available for a 47 day public review and comment period. It is longer than the 30 day mandated public review period so that the community members will have the ability to share their comments at the City Council meeting on October 24, 2023.

## Events I attended this week

**Friday, September 8**, I spent the morning at Rancho Solano to help with the golf tournament event being held by Solano Community College Athlete Department to raise funds for the sports program. The morning weather was cool. It was fun to see old friends and enjoy being outside. Remember, our students still need our support. If you can, attend a game. Currently, women's soccer and volleyball are the sports being played.

**Saturday, September 9**, I had the pleasure of attending AN AFTERNOON OF POETRY held at the Fairfield Civic Center Library. The event was hosted by Fairfield Poet Laureate Suzanne Bruce. Ms. Bruce was able to feature California's Poet laureate, Lee Herrick. It was a pleasure to hear Mr. Herrick. He read many of his own pieces and a robust Q&A was held. The reading ended with Mr. Herrick reading his piece **My California**. Please look it up and read it. It is a very moving piece.

**Monday, September 11**, I attended the moving tribute of this day in Benicia. There is something very solemn when seeing all the flags with the pictures and information of many firefighters who died that day. A few of us talked about what we were doing that day 22 years ago. I think about our history and wonder did those folks who were alive when Pearl Harbor happen and 22 years later, reflect that the generation they see in school, church, grocery stores understand the significance of that day. As the last 22 years have flown by, we need to let this group of young adults know the significance of this day.

**Tuesday, September 12**, I attend the Fairfield City Council meeting. The city is still working on the General Plan. When you read Fairfield Forward 2050, that is the General Plan. If you can, watch the council meeting. There is a lot happening. <https://fairfield.novusagenda.com/agendapublic/CoverSheet.aspx?ItemID=5301&MeetingID=369>
