Project Title: Vallejo Ferry Terminal Reconfiguration Project

Project Applicant: Water Emergency Transportation Authority (WETA)

Project Location (include county): 289 Mare Island Way, Vallejo, CA, Solano County

Project Description:

The proposed project would reconfigure the existing Vallejo Ferry Terminal on the the Mare Island Strait, within the footprint of the existing ferry terminal and basin area. The proposed terminal would remove and replace the existing gangway, passenger float, and piles with a new reconfigured four-section fixed pier and gangway, passenger float, and piles. The proposed project would facilitate a reduction in the need for regular dredging maintenance at the Vallejo Ferry Terminal.

This is to advise that the WETA Board of Directors has approved the above (Lead Agency or Responsible Agency)

described project on July 11, 2024 and has made the following determinations regarding the above described project.

- 1. The project will not have a significant effect on the environment.
2. An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA. A Negative Declaration was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures were made a condition of the approval of the project.
4. A mitigation reporting or monitoring plan was adopted for this project.
5. A statement of Overriding Considerations was adopted for this project.
6. Findings were made pursuant to the provisions of CEQA.

This is to certify that the final EIR with comments and responses and record of project approval, or the negative Declaration, is available to the General Public at:
