

Energy Upgrade California™ Home Upgrade

Advanced Home Upgrade Assessment Incentive

Get an extra \$300 now through December 2014

Make energy efficient improvements customized for your single-family (1 to 4 units) Bay Area home and you can be eligible for incentives up to \$4,500. Now, you can get an additional \$300 incentive from the Bay Area Regional Energy Network toward the cost of a home energy assessment.

The Savings Start with a Home Energy Assessment

A participating contractor will perform a home energy assessment to help you identify ways to save energy. You can be eligible for a \$300 rebate on the cost of the home energy assessment when you complete the recommended improvements.

Customized Savings

Your participating contractor will use special software to model your home and calculate your projected energy savings. The calculated energy reduction from your project determines how much you'll receive in rebates. You must reach a minimum 10% energy savings according to the modeled prediction to participate. You could be eligible for \$1,000–\$4,500 in incentives for projects that result in a 45% increase in energy efficiency.

Are you a Bay Area single-family homeowner?

You could be eligible within these counties:

Alameda	San Mateo
Contra Costa	Santa Clara
Marin	Solano
Napa	Sonoma
San Francisco	

Save This Much Energy	Get These Incentives
10%	\$1,000
15%	\$1,500
20%	\$2,000
25%	\$2,500
30%	\$3,000
35%	\$3,500
40%	\$4,000
45%	\$4,500
